

CSHCS ALERT #12-2023 - Caregiver Relief Grant Alert - Corrections made to county list

Tue 09/05/2023 8:06 AM

Dear Colleagues,

Good news, award letters for the Caregiver Relief Grant will begin being mailed on September 1, 2023. Only CSHCS clients that have been issued an award letter are eligible for the one-time payment. It should be noted that checks will be made out to the client, regardless of age. We have generated a list of clients in your county that are being mailed an award letter. A list for each county has been uploaded into DMP. The report can be found using the following criteria:

First Name – caregiver

Last Name – relief

DOB – 08/22/2023

Document Type – Local Health Department

Document Title – Educational Reports

NPI

Please let us know if you notice any discrepancy in the addresses that are listed on the report. We will do our best to update the address and mail out a new award letter. The letter will notify the client they were deemed eligible and that the payments will be issued approximately four weeks after the award letters are sent. The client/family will not need to do anything to receive the check. Again, only CSHCS clients that have been issued an award letter are eligible for the one-time payment. While we are aware there are many other families that could benefit from the grant, there is very limited funding available. This Alert is only informational for the LHDs. We wanted you to be aware in case your health department receives calls. I have attached a copy of the award letter for your convenience.

Please let me know if you have any questions.

Best!
