The FY2024 budget includes a base funding increase of 22% for Local Health Departments. This increase is in response to the anticipated caseload increase because of the CSHCS expansion to age 26. Attached are the updated funding allocations by health department.

As a result of this change, all LHD budgets will be opened for the current amendment. Funding will be available to LHDs in January 2024.

If you have additional questions regarding the base funding increase, please contact Terra Depew at depewt@michigan.gov.

Thank you!
