Over the past few months, we have been asked for several different guidance documents from many LHD partners. While most of the documents are available on SharePoint, we have heard many are not able to access these resources. We decided it may be helpful to add these documents to the CSHCS database under the LHD Forms Download tab.

Screenshots below show how to access the documents and the list of the documents that have recently been added. I highlighted the myHealth Button/myHealth Portal User Manual as this document is NEW!

If there are other resources you would like to have available in this same location, please let us know.

Thank you,

Kristie Brandell
