To protect against fraudulent or ineligible responses, **we ask that this information is not posted on social media or any other public facing websites. It would be best to share this language directly with families you think may be interested.**

Dear CSHCS Coordinators,

As follow up to our LHD CSHCS Monthly Meeting, the Title V Needs Assessment Team provided the attached materials to support recruitment of families for Parent Listening Sessions. As a reminder, the Title V Needs Assessment Team is kicking off data collection for the needs assessment that is required under the Title V Maternal and Child Health Block Grant. They are prioritizing hearing directly from families with children with special health care needs and have asked for your support in recruiting families from across the state to participate in listening sessions. Families will receive a \$25 incentive for their participation, the sessions will be virtual, and they will be an hour in length. The Title V Needs Assessment team has asked that you share the opportunity with individual parents who you think may be interested, and that you *do not* post the opportunity on social media or public facing websites in order to protect against ineligible responses. If you have any questions, please reach out to Grace Powers at [gpowers@mphi.org](mailto:gpowers@mphi.org). Thank you for helping to get the word out!
