

Recruiting Families of Children with Disabilities

Michigan Leadership Education in
Neurodevelopmental Disabilities

The Michigan Leadership Education in Neurodevelopmental and Related Disabilities (MI-LEND) is collaborating with the Family Center for Children and Youth with Special Health Care Needs (Family Center) to help train MI-LEND trainees to improve their ability to understand the unique needs of families who have children with disabilities.

Your family's knowledge and experiences will help prepare the professionals and physicians of tomorrow!

Requirements:

- Have a child/youth with a disability from 0-17 years old
- Trainees will meet with families virtually for 3 visits

For taking part, you will receive:

- A \$75.00 Gift Card for taking part in all virtual visits
- A confidential family quality of life assessment
- Information about resources to help your family
- Help creating a Care Map - a process that guides and supports the ability of families and care professionals to work together to achieve the best possible health outcomes
- One child will receive a \$10.00 Gift Card for participating

If you are interested in taking part in this valuable project, contact:

Lisa Huckleberry at huckleberryl@michigan.gov or call 517-335-0407 by **Monday, January 16, 2023**.

Please give your name, address, telephone number, email address and age of your child.
