Dear LHD Colleagues,

The Michigan Pediatric Epilepsy Project is partnering with MI Family to Family and the Family Center for Children and Youth with Special Health Care Needs to offer a virtual learning opportunity for parents of children with epilepsy (seizures) in Michigan. ***Please share this email and/or attached flyer with any eligible families.***

This medical advocacy training is offered virtually to provide parents with information, tools, and resources to better navigate the healthcare system for their child. It was created by parents to share their experience and knowledge with other parents of children with special health care needs and/or complex health care conditions.

This training is offered via Zoom. A computer or other device with an internet connection is needed (a camera is preferred, but not required). To be eligible to attend, participants must live in Michigan, be the parent (bio, adoptive, foster, kinship, etc.), or legal guardian of a child with epilepsy (seizures) and register at least two weeks prior to the training.

Date: **Saturday, March 16, 2024**

Time: **9:00 am to 3:30 pm** (with a break for lunch)
