Recruiting adult siblings of individuals with  
disabilities to participate on an Adult Sibling Panel

We are recruiting 4-7 adult siblings who have a brother or sister with special health care needs/disabilities to share their experiences with families and professionals who want to learn from them.

One of the best ways to learn about sibling issues is to listen to the "real experts." During this moderated discussion, panelists will be asked to share concerns and opportunities they experienced having a sibling with special health care needs.

If you would like to be on the Adult Sibling Panel, please contact Sandy LaPrad at the Family Center.
