**Recruiting children ages 8 - 13 years who have a sibling with special health care needs/disabilities**

Sibshops are a celebration of the many contributions made by siblings of children with special needs/disabilities. They are a mix of new games, new friends, and discussion activities with other siblings. Siblings understand that being the brother or sister of a person with special needs/disabilities can be a good thing, a not-so-good thing, and for many, somewhere in between. Connecting with other siblings can be valuable because they share similar experiences.

If you would like your typically developing child to attend the Demonstration Sibshop, please contact Sandy LaPrad at the Family Center.

Email your name and contact information (including phone number) along with the name(s) and age(s) of your child with "Demonstration Sibshop" in the subject line to:
