Dear Addressee:

Your Children's Special Health Care Services (CSHCS) coverage ends soon. The last day of your coverage is the day before your 26th birthday. You are not eligible for CSHCS once you turn 26.

It is important to plan for this change. If you are still enrolled in your family's health insurance plan, that coverage may also end at age 26. Here are some things to consider:

- **Be sure to stay insured.** There are many ways to continue health insurance coverage depending on your situation. Available options may include:
  - Securing health insurance coverage through your employer
  - Purchasing a policy through the Health Insurance Marketplace
  - Applying for Medicaid (must meet financial eligibility to qualify)
  - Continuing coverage on your family plan as a disabled dependent, if applicable

  If you are at risk of losing your insurance, contact your local health department for help.
- **If you change your health insurance, make sure your health care provider accepts your new insurance.** Find out ahead of time if the fees at appointments will change with your new insurance.
- **Remember to carry important documents with you,** such as emergency medical cards, insurance cards, and your medication list.
- **Keep your appointments with your health care provider** and make a list of questions to ask your providers.

It is important to continue taking care of your health as an adult and to have health insurance coverage. If you would like help, contact [Local Health Department Name] at [number]. The Family Center for Children and Youth with Special Health Care Needs (Family Center) also provides support and information to families. To access the Family Center, call 1-800-359-3722 or email cshcsfc@michgan.gov.

Sincerely,

Children's Special Health Care Services
