

When do You Report Changes?

Changes in your household must be reported within 10 days of the change. Failure to report changes within 10 days may result in case closure or reduction of your benefits.

Exception: For Family Independence Program (FIP) only, you must report a child leaving your home within five days of the date you know he or she will be absent for 30 days or more.

How do You Report Changes?

Reporting change is now easier! You may report your change online through MI Bridges or by telephone. Reporting changes by telephone allows your specialist to gather the most information about the change from the best source for that information – you. If you have any doubt about whether to report a change, contact your MDHHS specialist. Your MDHHS specialist will tell you if different reporting rules apply to you such as, simplified reporters. You may also report changes in writing, in person, or with the DHS-2240, Change Report Form.
