NOTICE

TO POTENTIAL HOME HEATING CREDIT RECIPIENTS:

1) Whose heat is included in their rent; **and**
2) Who receive or have applied for Supplemental Nutrition Assistance Program (SNAP) benefits.

If you have received a Home Heating Credit in an amount greater than $20 **and your heat is included in your rent**, you *may* be eligible for an additional deduction from income resulting in more SNAP. Households who pay for their own heat already receive this deduction.

WHAT ARE HOME HEATING CREDITS?

Many low-income households can receive help for their heat costs. This help is funded through the Low Income Home Energy Assistance Program (LIHEAP). The Home Heating Credit is one type of LIHEAP payment. Both home owners and renters may be eligible.

All low-income households may apply for the Home Heating Credit. The Michigan Department of Treasury is responsible for determining eligibility and processing payments.

Application forms and instruction booklets for the Home Heating Credit will be available from the Michigan Department of Treasury, Michigan Department of Health and Human Services (MDHHS), tax preparers and public libraries throughout the state beginning in February of each year.

NOTIFY YOUR MDHHS IF:

Your heat is included in your rent, and
you have received or have applied for SNAP, and
you receive a Home Heating Credit in an amount greater than $20*.

***To be eligible for the deduction, your SNAP group must include someone who is age 60 or over, disabled or a disabled veteran.**

The Michigan Department of Health and Human Services (MDHHS) does not discriminate against any individual or group on the basis of race, national origin, color, sex, disability, religion, age, height, weight, familial status, partisan considerations, or genetic information. Sex-based discrimination includes, but is not limited to, discrimination based on sexual orientation, gender identity, gender expression, sex characteristics, and pregnancy.

This institution is an equal opportunity provider.
