A. JULY 1, 2022 QUARTERLY HCPCS CODE UPDATES

Listed below are HCPCS codes being adopted by MDHHS for dates of service on and after July 1, 2022, and the provider groups allowed to bill these codes. Any new procedure code not listed will not be covered at this time, except for reporting codes. Coding information is based on the most recent file from CMS. If additional code revisions are released by CMS, a subsequent bulletin will be published notifying providers of this change.

The symbol * will appear with those codes requiring PA.

HCPCS 2022 reporting codes (Category II codes and other select HCPCS codes) will be allowed for submission to Medicaid where appropriate. The codes are optional but can be used to complement Category I codes for clarification purposes. Reporting codes will not appear on the MDHHS fee schedule; however, a full list of current codes can be found at www.ama-assn.org/go/cpt.

For services not paid under OPPS, MDHHS will utilize a Medicare fee schedule with the MDHHS reduction factor applied.
