RE: Consultation Summary Project Number 2446-EPSDT - American Academy of Pediatrics Periodicity Schedule Update 2024

Thank you for your comment(s) to the Health Services Administration relative to Project Number 2446-EPSDT. Your comment(s) has been considered in the preparation of the final publication, a copy of which is attached for your information.

Responses to specific comments are addressed below.

Comment: The commenter indicated support for expansion of the routine human immunodeficiency virus screening window. The commenter also requested the policy to include language to clarify that maintaining the confidentiality of the adolescent also includes the young adult.

Response: The policy will be updated to reflect the requested clarifying language.

Thank you for your inquiry. We trust that previous responses addressed the concerns and questions noted. If you wish to comment further, send your comments to Matthew Hambleton at hambletonm@michigan.gov.

Sincerely,

A handwritten signature in black ink that reads "Meghan E. Groen".
