

State of Michigan  
 Schedule of Annual Reporting Requirements (table)  
 For the Medicaid State Plan Rate Year Ended September 30, 2019

**Definition of Uncompensated Care:** The definition of uncompensated care was based on guidance published by CMS in the 73 Fed. Reg. 77904 dated December 19, 2008, the 79 Fed. Reg. 71679 dated December 3, 2014, and the 82 Fed. Reg. 16114 dated April 3, 2017. The calculated uncompensated care costs (UCC) represent the net uncompensated costs of providing inpatient and outpatient hospital services to Medicaid eligible individuals and individuals with no source of third party coverage for the inpatient and outpatient hospital services received. The UCC for these patient groups was calculated using Medicare cost reporting methods, and utilized the most recent CMS 2552 cost report, Medicaid paid claims summaries, and hospital-provided data. Total uncompensated care costs represents the net uncompensated care costs of providing inpatient and outpatient hospital services to patients that fall into one of the following Medicaid in-state and out-of-state payment categories: Fee-for-Service Medicaid primary, Fee-for-Service cross-overs, Managed Care Medicaid primary, Managed Care Medicaid cross-overs, and uninsured individuals with no source of third party coverage for the inpatient and outpatient hospital services received. The cost of services for each of these payment categories was calculated using the appropriate per diem or cost-to-charge ratios from each hospital's most recent CMS 2552 cost report. These costs were then reduced by the total payments received for the services provided, including any supplemental Medicaid payments and Section 1011 payments where applicable.

State of Michigan  
Schedule of Annual Reporting Requirements (table)  
For the Medicaid State Plan Rate Year Ended September 30, 2019

**Definition of Uncompensated Care:** The definition of uncompensated care was based on guidance published by CMS in the 73 Fed. Reg. 77904 dated December 19, 2008, the 79 Fed. Reg. 71679 dated December 3, 2014, and the 82 Fed. Reg. 16114 dated April 3, 2017. The calculated uncompensated care costs (UCC) represent the net uncompensated costs of providing inpatient and outpatient hospital services to Medicaid eligible individuals and individuals with no source of third party coverage for the inpatient and outpatient hospital services received. The UCC for these patient groups was calculated using Medicare cost reporting methods, and utilized the most recent CMS 2552 cost report, Medicaid paid claims summaries, and hospital-provided data. Total uncompensated care costs represents the net uncompensated care costs of providing inpatient and outpatient hospital services to patients that fall into one of the following Medicaid in-state and out-of-state payment categories: Fee-for-Service Medicaid primary, Fee-for-Service cross-overs, Managed Care Medicaid primary, Managed Care Medicaid cross-overs, and uninsured individuals with no source of third party coverage for the inpatient and outpatient hospital services received. The cost of services for each of these payment categories was calculated using the appropriate per diems or cost-to-charge ratios from each hospital's most recent CMS 2552 cost report. These costs were then reduced by the total payments received for the services provided, including any supplemental Medicaid payments and Section 1011 payments where applicable.
