**Michigan Department of Health and Human Services (MDHHS) WIC Division
September 2023**

The current edition of the Michigan WIC Client Resource List is posted on www.michigan.gov/wic under WIC Providers, Nutrition Education Resources and Publications, Michigan WIC Client Resource List, and provides active hyperlinks to Michigan WIC publications and online and partner resources.

WELCOME TO THE MICHIGAN WIC CLIENT RESOURCE LIST

Publications in this list are available from Michigan WIC or partner organizations. This list was developed as a tool to help local agency staff identify appropriate nutrition education publications for their clients. This list is not an order form and does not replace WIC E-forms as the source for ordering publications.

Reminders for Michigan WIC E-Forms Orders

- Only authorized local agency staff will have access to WIC E-forms.
- Be sure to print a copy of the current “Forms List” at the MILogin site to determine the status of each publication.

Status terminology to know:

- **Not Active** = The publication cannot be ordered at this time because:
 1. Current supply is 0, and reprint is in process/pending
OR
 2. Publication is currently not in use, pending replacement, revision, or deletion.
Note: Some supply may show but is not available for order.
- **Deleted** = The publication has been removed from use, will not be reprinted, and cannot be ordered.
Note: Local agencies can continue to use their supply of the publication unless direction to cease use has been issued by the State WIC office.
- Contact Hanna Thelen at 517-335-8631 for further information regarding publication status.
