**Subject:** Discontinuation of Similac for Spit-up

Dear Vendor,

The Michigan WIC Program received confirmation from Abbott this week that Abbott will be discontinuing all sizes of **Similac for Spit Up**, including the 12.5 oz can of powder formula. Abbott reports that this is part of ongoing efforts to manage their portfolio of products.

Take note that Michigan WIC will continue to authorize temporary alternative contract formula options, including Abbott competitor formulas, through at least November 30, 2022, and alternative sizes/forms of Similac products through at least December 31, 2022. Abbott and Michigan WIC will continue to evaluate state-specific formula accessibility to determine if additional extensions are warranted in accordance with our infant formula contract and USDA formula waivers.

As always, please contact us at 517-335-8937 or [mdhhs-wicvendor@michigan.gov](mailto:mdhhs-wicvendor@michigan.gov) with any questions or concerns.
