## WIC Breastfeeding Supporters of Color Network

Are you a WIC lactation staff person and identify as being from a community of color?

Please join us for our monthly meetings held on the 3rd  
Wednesday of each month.

Be a voice and help your clients thrive in their choice to provide  
human milk to their infants!

This is a great opportunity to support one another  
and share ways to care for breastfeeding and  
chestfeeding families of color!
