What is Crime Victim Compensation?

This program may help pay out-of-pocket medical expenses, lost earnings, funeral bills, counseling or other expenses for people who have been harmed as the direct result of a crime. If you or someone you know is a victim of crime, certain expenses may qualify for Crime Victim Compensation coverage.

Crime Victim Compensation is the payer of last resort. This means that your private insurance or other public funds, if available, must be utilized first in order for you to be eligible for compensation.

Anyone can become a victim of crime. The physical, emotional and financial impact of trauma can last far beyond the crime itself. You are not alone.

Contact the Michigan Crime Victim Compensation program to learn more and to request an application.

Can I get help?

Yes! If you are:

- A person who was physically, emotionally, psychologically or mentally injured as the direct result of a crime in Michigan.
- A sexual assault victim.
- A person who was injured while trying to help a crime victim.
- An eligible person with out-of-pocket expenses as the direct result of a crime*.
- A Michigan resident injured in another state that doesn't pay compensation for a nonresident.

*Visit Michigan.gov/CrimeVictim to learn more about eligibility requirements.
