**MCSP NEWSBLAST: Michigan State Specific Metafile**

August 12, 2022

To obtain the Michigan Specific Metafile facilities must use the NAACCR Edits Clearinghouse, which can be found at Standards for Cancer Registries, Standard Data Edits, Volume IV - NAACCR. Facilities must have a NAACCR user account to obtain the edits metafile. If you do not have a NAACCR user account, The instructions on how to obtain the MI State-specific metafile and/or the MI XML User Dictionary are provided below.

1. Log in to your NAACCR user account , click 👤 Login
2. If you do not have a NAACCR user account, click 🔒 Register
3. To obtain the MI State Specific Metafile, go to: XML clearinghouse
4. To obtain the MI XML User Dictionary, go to: XML User Dictionary - NAACCR
5. Subscribe to Registries to receive email notifications for MCSP upload of updated state specific metafile.

Note 1: Click on hyperlink Subscribe to Registries to receive email notifications when MCSP has uploaded an updated MI state-specific metafile. In the Select Registry Name box, start typing Mi or click in the box and use the scroll bar to

locate registry name – Michigan Cancer Surveillance Program. Click on registry name (Michigan Cancer Surveillance Program) and press Enter. In Email Address box, enter your email address and click Subscribe.

Note 2: If your registry is in the Detroit area (Wayne, Oakland, Macomb counties) and you to submit cancer case reports to the Metropolitan Detroit Cancer Surveillance System (MDCSS), please contact your MDCSS Coordinator, Jeanne Whitlock at 313-578-4219 or whitlock@karmanos.org

If you have any questions regarding cancer MI state specific metafile, XML data dictionary or file upload to MCSP via the MI Web Plus application, please Stacey Coltrain at ColtrainS@michigan.gov
