INTRODUCTION

This handbook is designed to help Michigan Department of Health and Human Services (MDHHS) foster parents, relative caregivers, placement agency foster care (PAFC) providers, child caring institutions and others who receive approved paid placements. This handbook will explain:

- The process for the approval of a service authorization.
- How and when to validate payment for each billing period.
- The different types of payments that may be available.
- What to do or whom to call if errors occur or if there are questions about a payment.

The payments referred to in this handbook are the MDHHS payments made on behalf of children whose care is funded by state ward board and care dollars, federal title IV-E funds, the child care fund, and general fund dollars. As of October 1, 2019, all child care fund payments are issued from the Michigan Statewide Automated Child Welfare Information System (MiSACWIS).

TYPES OF PAYMENTS

FAMILY FOSTER CARE PAYMENTS

Family foster care payment rates are determined from the United States Department of Agriculture (USDA) standard cost of raising a child report. These rates are reviewed annually and adjusted according to changes in cost-of-living standards. The payment rates include routine expenses such as food, replacement and maintenance of clothing, spending money, and the cost of personal items such as diapers, deodorant, and shampoo.

PLACEMENT SERVICES AND PAYMENTS

It is the primary case manager's responsibility to record the placement of the child in MiSACWIS. This may include an MDHHS or a PAFC case manager. Recording the placement in MiSACWIS will create a placement service authorization that includes the family foster care rate and the appropriate fund source, determined by MDHHS policy, and will be routed for necessary approvals. Once approved, this authorization will generate payments for the placement service rate.

ADMINISTRATIVE RATE PAYMENTS

PAFCs and child caring institutions may receive an administrative rate based on the type of care provided and the programs offered. In MiSACWIS, the administrative rate paid to PAFCs and child caring institutions will be paid separately from the foster care maintenance rate, meaning the provider will receive two electronic funds transfer (EFT) deposits or checks/warrants.

For independent living youth who are supervised by PAFCs, the administrative rate paid to the PAFC will continue to be paid separately from the youth's independent living payment. The youth's payment will continue to be payable only to the youth and can be mailed to the youth,

the PAFC, or the MDHHS office based on the mail-to code the primary case manager chooses in the service authorization.

DETERMINATION OF CARE (DOC) SUPPLEMENT FOR FAMILY FOSTER CARE

A determination of care (DOC) supplement may be justified when additional care or expense is required of the foster parents or relative providers who are eligible for a foster care payment or based on the needs of the child. The appropriate DOC forms are available in the MDHHS; Forms Library and the [MDHHS Foster Care Forms](#) public website; these forms must be completed and uploaded into MiSACWIS for every child in a paid foster home or relative placement. DOC forms are to be completed with the active involvement of the foster parent/relative provider. The completion of the form is required and not contingent on a request being received from the provider. If the foster parent/relative provider is completing the additional tasks identified to meet the child's needs, they are eligible for the DOC rate.

If the foster parent/relative provider and case manager disagree on the DOC level being requested, **the foster parent/relative provider's request must be submitted**. If the case manager disagrees with the assessment, they may add comments listing their reasoning to the DOC form. The foster parent/relative provider approves the level requested by signing the DOC. If the originally requested level I-III is not approved, the foster parent/relative provider may appeal the decision through the administrative review process.

A DOC assessment must be completed in MiSACWIS at the initial case opening **and** at least every six months thereafter, if the child's needs or care level changes or if the child moves. This applies to all foster care/relative providers eligible for payment, regardless of the fund source. In all case situations, the foster care case manager is to involve the foster care/relative provider in completion of the form and the foster care/relative provider must sign the assessment form. Each signed DOC assessment must be uploaded in MiSACWIS. The foster parent/relative provider must also be provided with a copy of the DOC assessment once it has been signed by MDHHS. The DOC assessment contains the information regarding the foster parent/relative placement's right to an appeal if they do not agree with the DOC decision.

All completed/approved DOC forms must be provided to the foster parent/relative provider. Portions of the form, including the foster parent/relative provider's administrative review process, have been added into the DOC assessment forms. If the foster parent/relative provider requests an administrative review for a level I-III, either in writing or verbally, the process must be initiated. The foster parent/relative provider also has the option to submit a request to appeal the DOC determination by sending an email to:

MDHHS-FosterCarePayments@michigan.gov.

NOTE: A DOC level IV request that has been denied by either the local office or Business Service Center (BSC) director is not eligible for an administrative review.

For PAFC-supervised family foster care cases, the agency must initiate the request for the administrative review on behalf of the foster parent or relative provider. The foster parent/relative provider has the right to an administrative review. The request must be submitted even if the PAFC provider agrees with the MDHHS decision.

Any time the needs of the child or the foster parent activities change, a review of the DOC should be initiated. If the scoring of the DOC increases, the effective date of the escalation or de-escalation of the DOC (prior to the renewal date) is the date the change in circumstance occurred.

Examples of reasons for DOC supplements include:

- Physical disabilities requiring foster parents to provide measurably greater supervision and care.
- Psychological or psychiatric needs requiring extraordinary time and attention.

Note: Determination of care supplements are time-limited and require MDHHS approval at the supervisor level or above, both initially and at each review.

SEMI-ANNUAL CLOTHING ALLOWANCE AND HOLIDAY ALLOWANCE

The semi-annual clothing allowance is sent automatically to providers for children who are in paid foster home or relative provider placements on February 28 and August 31. The holiday allowance is sent automatically for children who are in state-paid placements such as family foster care or child caring institutions on November 30. These allowances are distributed with the next payroll **after** these dates.

CASE SERVICES AND PAYMENTS

A case service is a request for payment for such things as an initial clothing allowance, tutoring, graduation expenses, limited mental health services, medical and dental services not covered by Medicaid, and transportation expenses. Each category of case service payments has its own requirements regarding age, documentation, legal status of the youth, and necessary approvals.

A child placement service authorization must be in place for the same time period for a case service payment to be made. The assigned primary case manager processes these payment requests, generally at the beginning of the case service when prior approval, if needed, is obtained. Questions regarding a request for case service payments should be discussed with the child's case manager prior to incurring the expense. Upon approval, the payments are included with the next regularly scheduled payroll. If you are not sure of the funding source or from where you will receive payments for a child in your care, ask the child's primary case manager.

PAYMENT PROCESSING

SERVICE PAYMENT AUTHORIZATION

It is the primary case manager's responsibility to record the placement of the child in MISACWIS. This may include an MDHHS or a PAFC case manager. Initial payments should be

received within 30 days of placement of the child; however, the length of time for receiving an initial payment may take longer due to the payment approval process after a child is placed in care. Depending on each child's circumstances, needs, and placement type, various approvals are required. At minimum, this will include the MDHHS case manager and supervisor, but could extend to the county director, or MDHHS's central office. If attempts are made to validate payments and they are not available for validation, the child's case manager should be contacted. Payments may also be delayed due to state holidays or postal delays.

PLACEMENT DATES

It is important that you keep accurate records of the child's placement. Write down the child's actual placement begin date and the placement end date.

PAYMENT VALIDATION

There are two ways to validate payment requests in MiSACWIS. Payment requests can be validated either through the MiFoster interactive voice response (IVR) system or from within the MiSACWIS application.

VALIDATING THROUGH MiFOSTER INTERACTIVE VOICE RESPONSE (IVR)

The following providers will validate their payment requests through the MiFoster IVR via a touchtone phone:

- MDHHS licensed foster parents who are supervised by MDHHS, regardless of fund source.
- Unlicensed relatives supervised by MDHHS.
- Non-contracted providers regardless if they have a contract.
- PAFC foster parents who are supervised by MDHHS.
- Out-of-state providers (all provider types).

For you to receive payment for placement, you must validate the days in care for each child under your care during the billing period. All payment billing periods for placement are eligible for payment every 14 days. Case service placements, such as an Adult Foster Care (AFC), do not need to be validated prior to payment. Reference Exhibit A, Children's Foster Care Payment Schedule, for the billing period dates.

Note: Youth in independent living do not need to validate their payments. Reference Exhibit B, Independent Living Payment Schedule, for the billing period dates.

The MiFoster IVR telephone number is 1-855-MiFoster or 855-643-6783.

To validate the days in care through the MiFoster IVR, providers will need two pieces of information:

- Their Bridges Provider Identification (ID).
- A unique MiFoster IVR personal identification number (PIN).

New providers will receive correspondence when they are enrolled in Bridges that includes their provider ID. A Provider PIN Letter including the provider's unique PIN will be mailed separately to the provider. See Exhibit C for an example of the PIN letter.

The IVR is a simple process for verifying payments. Providers will be able to validate one child at a time; they will also be given at least three opportunities to correct any information entered into the IVR, such as the phone-in PIN. Providers can always call back if they do not have time to validate the days in care for all the children placed in their care.

As a part of the validation process, providers must certify that they have provided the days in care for the children listed on the MiFoster IVR. The certification statement reads:

This is to certify that I or the agency I represent have provided the above care. I understand that payment will be made and that if I have made false statements, submitted false billings, or left out necessary information on purpose, I may be prosecuted for fraud under applicable federal or state laws.

The MiFoster IVR is available for payment validation 24-hours a day on business days, Monday beginning at 8:00 a.m. through Friday at 5:00 p.m.

VALIDATING FROM WITHIN THE MISACWIS APPLICATION

Contracted PAFC and child caring institutions will complete their verification of child payment requests within the MiSACWIS application. The MiSACWIS application will generate a payment roster for each organization, and a separate payment roster for any child care fund payments. Once MDHHS has approved the payment service authorization, the agency's payment roster will be available for verification by the roster verifier in accordance with the payroll schedule. This will continue without interruptions, barring any changes to a child's eligibility, every two weeks until the payment service authorization has ended. PAFC and child caring institution staff will also have access to their agency's payment history, which allows for tracking of all payments and the ability to troubleshoot any problems.

For further training on verifying a roster, please complete the [Roster Verifier computer-based training](#).

As part of the validation process, providers must certify that they have provided the days in care for the children listed in MiSACWIS. The certification statement reads:

This is to certify that I or the agency I represent have provided the above care. I understand that payment will be made and that if I have made false statements, submitted false billings, or left out necessary information on purpose, I may be prosecuted for fraud under applicable Federal or State laws.

The MiSACWIS application will be available for payment validation on business days, Monday through Friday, 8:00 a.m. to 5:00 p.m. Reference Exhibit A, Children's Foster Care Payment Schedule, for the payment validation dates. The MiSACWIS payroll runs after 5:00 p.m. on the last business day of every week.

Note: PAFCs will continue to pay their foster homes outside of MiSACWIS.

HOW TO COUNT THE DAYS IN CARE

The MiSACWIS system will calculate payments based on the service authorization begin date and each billing period thereafter based on the payment schedule. As mentioned previously, the service authorization begin and end dates are set based on the placement record in MiSACWIS.

It is particularly important to be aware of the placement end dates when validating payments for the billing period. You will be paid for the first day the child is placed in your care. When the case manager ends the placement, the payment ends effective the day the child left your care. You will not be paid for the last day the child is in your care as payment is authorized for the day placed in a home or facility and not the day out.

If a date is included in the MiFoster IVR or on a payment roster for a child who was not in your care on that date, you should not validate the billing period. Instead, you should immediately contact the child's primary case manager. If you validate claim periods for a period a child was not in your care, recoupment will be necessary.

The following are examples of how to count days of care:

Example One

The 14-day billing period is October 1, 2023, to October 14, 2023: Sandy Hill has been in your care for several prior billing periods. She has been in your care the entire 14-day billing period. For this billing period, you are eligible for 14 days of payment.

Example Two

The 14-day billing period is October 1, 2023, to October 14, 2023: Patty Peppermint has been in your care for several prior billing periods. During this billing period, she left your care on October 12. For the billing period, you are eligible for 12 days of payment.

Example Three

The 14-day billing period is October 1, 2023, to October 14, 2023: Tom Thumb entered your care on October 13, and he left on October 15. For the billing period, you are eligible for two days of payment. The night of the 15th would be included in the next billing period for a total of three days of payment.

Note: Do not count the actual day the youth left your care as a day of care.

APPROVED DAYS OF ABSENCE

An approved absence is any planned temporary break, such as attending summer camp or a home visit. MDHHS policy may allow you to receive payment, as long as the placement is maintained, the child is returned to your care, and prior MDHHS approval is received. If the child is absent from your care more than five days, additional prior approvals are required per MDHHS policy. This may delay payment processing and validation. You must have prior approval from the child's primary case manager **before** the leave begins.

Example Four

The 14-day billing period is October 1, 2023, to October 14, 2023: Sam Stone was in your care on the first day of the billing period, he went on an approved home visit for three days and returned to your care. For the billing period, you are eligible for 14 days of payment.

TEMPORARY BREAK/BED HOLD PAYMENTS

Placement with a foster home or institutional care provider is on a continuous basis. **Shelter care placements are considered emergency temporary placements, and not subject to bed hold requests.**

Unapproved days of absence are also known as trancies, absent without legal permission (AWOLP), or escape. These are situations when a child leaves a placement **without permission and remains absent overnight**. You must report unapproved absences to the child's case manager immediately.

Other types of temporary break situations include detention, jail, medical hospitalization admission, or psychiatric hospitalization admission.

Many times, after leaving a placement a child will be returned to the same placement. This could occur within the same billing period. However, the payment authorization is stopped effective the day the child left your care. If you are to receive payment for the temporary break, the MDHHS Federal Compliance Division will complete a manual payment request for the temporary break dates upon receiving the completed [MDHHS-5406 Bed Hold Payment Request](#) from the primary case manager, which does not require MiFoster IVR verification. The MDHHS Federal Compliance Division will complete the payment for the unapproved leave dates. For MiFoster IVR users, there is no payment validation needed for these payments.

Example Five

The 14-day billing period is October 1, 2023, to October 14, 2023: Sam Stone was in your care on the first day of the billing period. On October 3, 2023, he left your home on an unapproved leave home for three days and returned to your care on October 6, 2023. On the payment roster or MiFoster IVR, there will be two payment billing periods October 1, 2023 to October 2, 2023, and October 6, 2023 to October 14, 2023.

Note: If the child returns to your care, the case manager will create a new placement record. The service authorization and the DOC, if applicable, must be reapproved to restart payments.

Example Six

The 14-day billing period is October 1, 2023, to October 14, 2023: Jill Walker was in your care on the first day of the billing period, she left the placement without approval October 6, 2023. For the billing period, you are eligible for five days of payment.

RECEIVING PAYMENTS

At the end of the billing period, you will be able to validate payments through the MiFoster IVR or in MiSACWIS on the payment roster. After payment validation, payment requests will be sent to the state's accounting system for payment processing.

Normally, a check will be received approximately one week after the Friday payroll. The electronic fund transfer (EFT) payment will also be deposited to your account in approximately one week. Reference Exhibit A, Children's Foster Care Payment Schedule, for the tentative delivery/deposit dates.

Note: Federal and state holidays or postal delays can slow the payment process.

REGISTERING WITH SIGMA VENDOR SELF SERVICE (VSS)

All providers must be registered in the Statewide Integrated Government Management Applications (SIGMA) Vendor Self Service (VSS) prior to receiving a payment from MiSACWIS. Providers who are enrolled in Bridges or licensed through the Department of Child Welfare Licensing (DCWL) cannot receive a payment from MiSACWIS until the VSS account has been activated. Upon creation of the VSS account, please ensure that you retain your SIGMA Vendor Code and Address ID as it may need to be provided to your case manager or the MDHHS Bureau of Grants and Purchasing (BGP). Payments verified in MiSACWIS for providers who do not have a SIGMA Vendor Code and Address ID will experience a delay in payment until this information is received by MiSACWIS; therefore, it is crucial that all providers are registered in VSS as soon as possible. For more information or to signup, go to [SIGMA VSS](#).

ELECTRONIC FUNDS TRANSFER (EFT)

Electronic funds transfer is available for direct deposit of State of Michigan payments to your bank account.

It is important to keep your address information current in VSS. Youth who are receiving independent living payments are not eligible for EFT payments.

For more information or to signup, go to [SIGMA VSS](#).

HELPFUL TIPS

- Do not try to validate the dates of care until after the entire 14-day billing period has ended.
- Remember the placement payment rule: Always count the first day of placement but not the day the placement ends; that is, the day the child leaves your care.
- Approved leaves must have prior approval from MDHHS and your PAFC case manager, if applicable, before the leave begins. The primary case manager will be responsible for updating this information in the MiSACWIS system, if necessary.
- You must report unapproved absences to the child's case manager as soon as possible. If you are eligible for a payment, the payment and approvals are processed at a higher level than your child's case manager.

OTHER GOVERNMENT BENEFITS

Receipt of foster care maintenance payments may impact other government benefits that the child and/or relative provider is able to receive. Please see the table below for direction on how to handle existing benefits.

Benefit Type	Effects to Benefits/Action Needed
Family Independence Program (FIP)	<p>The relative provider cannot receive FIP in conjunction with foster care maintenance payments.</p> <p>The relative should contact their case manager and Assistance Payments (AP) specialist to ensure this benefit is closed prior to receipt of foster care maintenance payments.</p>
Food Assistance Program (FAP)	<p>The foster child can be included or excluded from the FAP group. If the child is included in the FAP group, the foster care maintenance payments would be included in the FAP budget.</p> <p>The relative provider should contact their AP specialist immediately following receipt of their first foster care maintenance payment.</p>
Child Day Care (CDC)	<p>Foster care maintenance payments are exempt per CDC policy and will not count against CDC benefits.</p> <p>No action by the relative provider is needed.</p>
Child Support	<p>The relative provider cannot receive child support payments in conjunction with foster care maintenance payments. This change will occur automatically once foster care maintenance payments begin being issued.</p> <p>No initial action by the relative provider is needed; the relative provider should contact their case manager if child support payments continue following the receipt of their first foster care maintenance payment.</p>
Supplemental Security Income (SSI) / Retirement, Survivor, Disability Insurance (RSDI)	<p>MDHHS will automatically apply to become the payee of the SSI/RSDI benefit for a youth who comes under the care and supervision of the department. In these circumstances, the relative provider will receive foster care maintenance payments when eligible and may inquire with the department about how to obtain access to the SSI/RSDI funds for the child for eligible expenses.</p> <p>*If a relative provider would like to forgo foster care maintenance payments to receive the SSI/RSDI benefit, they must have a conversation with their primary foster care case manager to determine the steps needed to become the youth's payee with the Social Security Administration (SSA).</p> <p>*Youth who are 18 or older placed in independent living should apply to become their own payee for SSI and/or RSDI. The SSI/RSDI funds will be available to the youth directly through the Social Security Administration (SSA), bypassing MDHHS. Receiving Social Security benefits does not prevent youth from also receiving the independent living stipend.</p>
Other	<p>The relative provider should inquire with their case manager if there are other benefits being received to determine what action should be taken.</p>

Relative providers must work with their case manager and assistance payments specialist to ensure that existing benefits are closed or modified within the appropriate timeframe as a result of becoming eligible for, and beginning to receive, foster care maintenance payments.

NOTE: A relative provider may be responsible for the repayment of any overpayments that result from inappropriate receipt of other government benefits that cannot be received at the same time as foster care maintenance payments.

YOUTH ELIGIBLE FOR GOVERNMENT BENEFITS

MDHHS will apply to become the payee for children who are in foster care and eligible for Retiree, Survivor and Disability Insurance (RSDI) and/or Supplemental Security Income (SSI).

In exceptional circumstances, relative providers can request approval to remain or become the payee of the child's government benefits instead of receiving foster care payments. They may also reverse that decision and receive foster care payments at any time. MDHHS must collaborate with the Social Security Administration to effectuate these changes which may cause delays in receipt of payments.

If a relative chooses to become the payee for available government benefits, they must complete the [MDHHS-5841, Waiver of Foster Care Payments in Lieu of Government Benefits](#). This provides detailed information about payments and benefits available through foster care payments, including information about payments not available to providers who choose to receive government benefits. This information must be explained to the relative to ensure that they are making an informed decision prior to signing.

If a relative receiving government benefits instead chooses to receive foster care payments, they must complete the [MDHHS-5841-A, Waiver of Government Benefits in Lieu of Foster Care Payments](#). Foster care payments will not begin to the relative until MDHHS has become the payee for government benefits.

NOTE: Completion of these forms does not transfer the benefits to the payee; the relative and/or MDHHS must still apply to become the payee for benefits through the SSA. The relative should NOT apply to be the payee for government benefits for the child until the MDHHS-5841 is approved and they are instructed to do so.

Unrelated foster parents **do not** have this option and are only eligible for foster care payments.

Youth who are 18 years of age or older and living in an independent placement, including youth in the Young Adult Voluntary Foster Care (YAVFC) program, should apply to become their own payee for SSI and/or RSDI benefits. If they cannot be their own payee, they should identify another person or agency to assume this role. The SSI/RSDI funds will be available to the youth directly through the Social Security Administration (SSA), bypassing MDHHS. In addition, youth will also receive the independent living stipend. This dual support will help youth transition successfully into adulthood, with case managers assisting them in navigating the SSA system, applying to become their own payee, working with the SSA, and budgeting their funds.

RECORD KEEPING

It is suggested that you keep copies of all children's foster care State of Michigan remittance advice documents/check stubs. Exhibit D contains copies of a remittance advice document for providers who receive a check/warrant. Exhibit E contains a screen print of the payment information obtained in VSS for providers who receive their payments via EFT.

The remittance information will help you maintain your records. If you need assistance understanding your remittance information, contact the child's case manager with any questions or problems related to a payment. If after contacting your child's case manager, you continue to have questions, contact the Federal Compliance Division at MDHHS-FosterCarePayments@Michigan.gov.

PAYMENT ISSUES

OVERPAYMENTS

It is the responsibility of the assigned case manager to ensure that the child's placement dates and payment service authorization dates are correct. It is important that you verify payments for the correct number of days of placement for each child. The payment system is designed to avoid making overpayments. The MDHHS may issue collection letters for any overpayments. In the event you receive a collection letter please make your check payable to State of Michigan – MDHHS and mail to the following address:

Overpayment Collections Unit
PO Box 30437
Lansing, MI 48909

If an overpayment has occurred and you have not received a collection letter from MDHHS please contact the Overpayment Dispute Resolution Unit at 1-800-419-3328 and provide the period of the overpayment, client information, and possible amount.

If you have payment questions, please contact the Federal Compliance Division at MDHHS-FosterCarePayments@Michigan.gov.

ADJUSTING FOR AN UNDERPAYMENT

Occasionally an underpayment occurs. A common reason for an underpayment occurs when a case manager authorizes the standard daily rate and conditions later indicate that a DOC is appropriate. After completion of the DOC documentation with the foster parent and obtaining required approvals, the case manager can make a retroactive payment adjustment.

You will not need to validate the payment roster or call the MiFoster IVR a second time for the same billing period. In this situation, you have already verified you provided care for the child during the billing period. The payment adjustment for the underpayment will be included in a future EFT or check.

REPLACING A LOST OR DESTROYED CHECK

If a check becomes lost, destroyed, stolen, or undelivered, there are certain steps that must be followed.

If it was received and lost, call the child's case manager to verify that a payment was made and the status of the check. The case manager cannot start the process to replace the check until four days have passed since the check was mailed.

If you believe your check was stolen, you must report the theft to the police.

If the check was destroyed, save the remains of the check. It must be attached to the affidavit referenced below.

Checks that are reported as lost, destroyed, not received, or stolen may be replaced/rewritten after recovery is made on the original warrant. Recovery means that the value of the warrant has been credited back to the account it was written from, or if a forged warrant has cleared Treasury, the person who cashed the forged warrant has reimbursed the state.

An Affidavit Claiming Lost, Destroyed, Not Received or Stolen State Treasurer's Warrant or an Affidavit Claiming Forged Endorsement is required to replace a warrant. In most cases, the affidavit must be notarized. These forms are available at the local MDHHS office. There are several procedures involved in a check replacement. If a check is lost or destroyed, contact the child's case manager to initiate the replacement process.

To avoid lost, destroyed or stolen warrants, foster parents are strongly encouraged to register for EFT payments directly into a designated checking account. For more information or to signup, go to [SIGMA VSS](#).

PAYMENT QUESTIONS OR PROBLEMS

There are two resources available to you as an MDHHS provider. These include the child's case manager, the Federal Compliance Division if you are a contracted provider, or MDHHS-FosterCarePayments@michigan.gov if you are a foster parent.

Call the child's case manager when you:

- Notice an error on a payment roster or on the MiFoster IVR.
- Do not know whether you should validate a payment for the child using a payment roster or the MiFoster IVR.
- Want to determine whether a check was issued or when it was mailed.
- Need to know whether the payment authorization has been approved in the system.
- Need to report a lost, destroyed, stolen, or undelivered check.

Email MDHHS-FosterCarePayments@michigan.gov when you:

- Forgot your MiFoster IVR PIN.
- Have non-child-specific payment questions.

- Want to determine whether a check was issued or when it was mailed.

If you are a contracted provider and you need assistance, please contact Federal Compliance Division. If you are a foster parent or a youth, please send an email to MDHHS-FosterCarePayments@michigan.gov.

FREQUENTLY ASKED QUESTIONS AND ANSWERS

What is a billing period?

A billing period is a 14-day period of time; there are 26 billing periods in a year. All children's foster care billing periods begin on a Monday and end two weeks later on a Sunday. Check the Children's Foster Care Payment Schedule (Exhibit A) at the end of this document for the begin and end dates of the billing periods.

How often will I receive payment?

When you verify a payment roster or a payment through the MiFoster IVR, payment will usually be deposited in your bank account via EFT or mailed to you within one week. For more information, please refer to the Payment Schedules in Exhibit A and Exhibit B.

During a billing period, another child is placed into my care. When will they appear on my payment roster or the MiFoster IVR? When will I be able to validate the day in care for this child?

The days of care will follow the same billing cycle and process as mentioned above; you should be able to validate the days in care the Monday after the billing cycle ends. However, as previously mentioned, since the service authorization requires, at a minimum, the MDHHS supervisor's approval, and if there is a delay in approving the service authorization, there may also be a delay in payment processing. If there is a significant delay, you should contact the child's case manager.

As a reminder, payments may be delayed due to federal and state holidays or postal delays.

Several weeks ago, we had a child placed with us, but we still have not been able to validate the days in care for the child. What should we do?

Contact the child's case manager to inquire about the payment service authorization.

What should I do if I identify errors when I call the MiFoster IVR?

You should not verify or approve a payment for a child listed on the MiFoster IVR if the days in care are incorrect. You must contact the child's case manager. If you have more than one child listed on the MiFoster IVR, you are still able to validate the days in care for the other children as long as the information is correct.

What should I do if I identify errors on the payment roster?

You should not verify or approve the payment on the roster; you can remove and delete the payment from the roster and then contact the primary case manager. The child's placement may need to be corrected in MiSACWIS.

What should I do if the check/warrant is lost or destroyed?

If a check is not received, lost, destroyed, or stolen, there are specific steps that you must take to replace the check. You should contact the child's case manager.

Should I keep copies of the State of Michigan Remittance Advice documents?

If you receive a check, keep all the payment information you receive in a secure area for future reference should there be any questions about a payment. It is very important for you to review every remittance advice/check stub you receive and report errors to the child's case manager immediately (Reference Exhibit D).

Your EFT payment history is available in [SIGMA VSS](#).

What should I do if I receive an overpayment or experience an underpayment?

Contact the child's case manager.

Do I need to ask the child's case manager to receive the semi-annual clothing allowances, holiday allowances, or case services payments?

Semi-annual clothing allowances and the holiday allowance are automatically sent based on payment authorizations in effect for the billing period in which these payments are made. If you do not receive these payments as expected, contact the child's case manager. You will need to discuss case services payments with the child's case manager.

FOSTER PARENT PHONE-IN PIN

Dear FLOWERS BRENDA

The number listed below is your foster parent phone-in pin. You will use this number, along with your Bridges Provider ID, when calling into the phone-in process to validate all foster care children placed in your household for an identified pay period.

Phone-In Pin #: 12346578

The foster care phone-in number to call to validate your payments is 1-855-MiFoster. We recommend that you keep your phone-in pin secure and not share it with anyone. If you feel your phone-in pin has been compromised or if you have questions, please contact your caseworker.

Thank you.

Michigan Department of Health and Human Services (MDHHS) will not discriminate against any individual or group because of race, religion, age, national origin, color, height, weight, marital status, sex, sexual orientation, gender identity or expression, political beliefs or disability. If you need help with reading, writing, hearing, etc., under the Americans with Disabilities Act, you are invited to make your needs known to an MDHHS office in your area.

Rev. 12/24

The Michigan Department of Health and Human Services (MDHHS) does not discriminate against any individual or group on the basis of race, national origin, color, sex, disability, religion, age, height, weight, familial status, partisan considerations, or genetic information. Sex-based discrimination includes, but is not limited to, discrimination based on sexual orientation, gender identify, gender expression, sex characteristics, and pregnancy.
