

EMSC Day May 18, 2022

**CELEBRATE
EMSC DAY!**
MAY 18, 2022

National EMS for Children Day, celebrated on the Wednesday of EMS Week, places a spotlight on the delivery of *high-quality emergency medical care for children*, focusing on the unique needs of critically ill or injured pediatric patients and the challenges faced by EMS professionals in meeting those needs.

The EMS for Children program is working with EMS leaders nationwide to ensure that all children - no matter where they live, attend school, or travel, receive the best care possible in an emergency situation.
