Thanks for helping expedite the IRB approval. I just got the below email. Now I look forward to receiving the data. I have contacted Bob on how to go about doing that. Greatly appreciated.

Any news on your analysis yet?

Please see the attached determination notice indicating MDHHS IRB approval of your research project for a period of 1 year. A hard copy of this notice will be provided to the Responsible MDHHS Employee. This IRB approval is for the study protocol, IRB application, and the most recent version of study documents in the form submitted to the IRB. Please see the comment section of the determination notice for specific requirements or additional details (if any) related to this approval. Any changes to the protocol or approved study documents must be reviewed and approved by the MDHHS IRB prior to implementation unless those changes are necessary to eliminate apparent immediate hazards to study subjects.

Any severe adverse events or unexpected problems involving risks to research subjects must be reported to the MDHHS IRB as soon as possible (usually within 48 hours of discovery).

Prior to the time this IRB approval expires, a report on the status of this research should be submitted to the MDHHS IRB to facilitate continued MDHHS IRB approval, or study closure.

Don't hesitate to contact the MDHHS IRB with any questions or concerns.
