Dear Health Officer:

The Michigan Department of Community Health (MDCH) has added a separate Local Health Department (LHD) procedure code database to the MDCH website. The procedure codes are those identified for blood lead testing, hearing screening, and vision screening and are specifically reimbursed only to local health departments.

This procedure code database can be found on the new LHD webpage at:
www.michigan.gov/medicaidproviders >> Billing and Reimbursement >> Provider Specific Information >> Local Health Department.

In addition, a Frequently Asked Questions (FAQ) related to LHD Medicaid outreach activities will be added to this webpage in the near future.

Sincerely,

A handwritten signature in black ink that reads 'Paul Reinhart'.

Paul Reinhart, Director
Medical Services Administration
