<sup>1</sup>Combination hepB vaccines are not used for birth dose hepB; Use single antigen hepB vaccine only

<sup>2</sup>Medicare Part B covers influenza, pneumonia, and hepatitis B vaccines. [https://www.medicare.gov/coverage?coverage\\_search=medicare+part+b+vaccine+coverage](https://www.medicare.gov/coverage?coverage_search=medicare+part+b+vaccine+coverage)

<sup>3</sup>Medicare Part D plans generally cover ACIP routinely recommended vaccines **that are not covered in Part B**. Medicare Part D covers all commercially available vaccines needed to prevent illness:
