

# CONNECT

## What is CONNECT?

The CONNECT project networks students with disabilities who are active on campuses, student groups for people with disabilities, disability services offices, and disability community resources. CONNECT assists colleges and universities across the state of Michigan to be more effective in providing support and opportunities for students with disabilities.

## Monthly E-zine

The CONNECT E-zine is a monthly email that includes scholarship, leadership, internship and networking information. The E-zine also includes updates from college students with disabilities across the state.

## Retreats

All participants of CONNECT are invited to attend an annual networking event call the CONNECT Retreat. At this event students explore leadership skills and how to network on a statewide level.

## What can CONNECT do?

CONNECT can assist with you with:

- Communicating with other student groups throughout Michigan
- Providing support to students with disabilities so they can be more effective in their community
- Strengthening activities and accomplishments of disability student organizations
- Creating a transition plan for disability student organizations
- Distributing information on the latest national and local scholarship, employment, and leadership opportunities to students with disabilities

## How can I get involved with CONNECT?

Call: 1-800-760-4600 ext. 326
