Registry and Medical Reserve Corps (MRC)

Engaging volunteers to strengthen public health, emergency response, and community resiliency.

MRC is a community based group of volunteers intended to supplement medical and emergency response systems.

The Registry is a secure, on-line system for credential verification and deployment opportunities.

Why Register?

During a disaster, thousands of people historically have wanted to volunteer their assistance.

Pre-registration helps provide hospitals, public health, and

emergency authorities access to qualified and credentialed personnel.

Who Can Volunteer?

Volunteers of all skill levels, experiences, and affiliations are encouraged to register.

Medical Services Personnel
Ancillary Support Staff
Non-Healthcare

Prior to joining the Registry as an MRC volunteer, you must already be affiliated with a local unit. To locate a unit near you, go to:
www.MedicalReserveCorps.gov

What to Expect

Your profession, interests, and experiences may be matched with a local, regional, or State request for activation.

Information, training, and educational opportunities

Personal and professional development

No obligation to respond
