Please note: Only the areas highlighted in yellow have been changed for this MI Choice Section 1915(b) waiver amendment. Comments regarding other sections of the document will not be addressed at this time.

## **Facesheet: 1. Request Information (1 of 2)**

- **A.** The **State** of **Michigan** requests a waiver/amendment under the authority of section 1915(b) of the Act. The Medicaid agency will directly operate the waiver.
- **B.** Name of Waiver Program(s): Please list each program name the waiver authorizes.

Short title (nickname)	Long title	Type of Program	
MI Choice	MI Choice	PAHP;	

**Waiver Application Title** (optional - this title will be used to locate this waiver in the finder): **MI Choice Amendment NEMT** 

C. Type of Request. This is an:

**✓** Amendment request for an existing waiver.

The amendment modifies (Sect/Part):

Section A: Part I D.Geographic Areas-1. General and Additional Information, F.Services-8. Other;

Section D: Part I - Services, and Section D:Part I-F. Appendix D.2S Services in Waiver Cost

Requested Approval Period: (For waivers requesting three, four, or five year approval periods, the waiver must serve
individuals who are dually eligible for Medicaid and Medicare.)
○ 1 year ○ 2 years ○ 3 years ○ 4 years ● 5 years

Draft ID:MI.028.00.02

**D.** Effective Dates: This amendment is requested for a period of 5 years. (For beginning date for an initial or renewal request, please choose first day of a calendar quarter, if possible, or if not, the first day of a month. For an amendment, please identify the implementation date as the beginning date, and end of the waiver period as the end date)

Approved Effective Date of Base Waiver being Amended: 10/01/13

Proposed Effective Date:	(mm/dd/yy)
10/01/16	

#### Facesheet: 2. State Contact(s) (2 of 2)

**E. State Contact:** The state contact person for this waiver is below:

Name:	Jacqueline Coleman	Phone:	If the State

**Section A: Program Description** 

Part I: Program Overview

Tribal consultation.

For initial and renewal waiver requests, please describe the efforts the State has made to ensure Federally recognized tribes in the State are aware of and have had the opportunity to comment on this waiver proposal.

The Michigan Department of Health and Human Services (MDHHS) initially met in person with Michigan's 12 federally recognized Tribes and one urban Native American center at the Tribal Health Directors' quarterly meeting mid October 2011. The Tribes were informed that MDHHS would be holding stakeholder meetings for the MI Choice renewal beginning in November 2011. Official communication was sent late October formally inviting all stakeholders to participate in six scheduled meetings from November 2011 through February 2012 and providing information that a MI Choice e-mail address was concurrently established for all stakeholders to send comments and questions about the upcoming MI Choice renewal.

MDHHS notified the Tribes in July 2012 that the §1915(c) MI Choice renewal application and the concurrent §1915(b) application would be sent to stakeholders via Michigan's public comment process and posted on the MDHHS website as an opportunity for the Tribes and all other parties interested to review the MI Choice applications and formally submit comments. MDHHS notified the Tribes again in May 2013 that the MI Choice renewal was extended to allow time for MDHHS to move from a Fee-For-Service model to a capitated managed care model and would be sent to stakeholders for a second review via Michigan's public comment process.

MDHHS notified the Tribes in July 2014 of the department's intent to submit an amendment for the MI Choice waiver to increase slots and submit a transition plan to comply with federal requirements on home and community-based settings. The Tribes were included in communication to MI Choice stakeholders in August 2014 of the department's intent to submit a MI Choice amendment. This communication provided a link to MDHHS' website where the home and community-based settings transition plan and amendment could be viewed for public comment.

Program History required for renewal waivers only.

## **Section A: Program Description**

## **Part I: Program Overview**

## A. Statutory Authority (1 of 3)

1.	Waiver Authority. The State's waiver program is authorized under section 1915(b) of the Act, which permits the
	Secretary to waive provisions of section 1902 for certain purposes. Specifically, the State is relying upon authority
	provided in the following subsection(s) of the section 1915(b) of the Act (if more than one program authorized by this
	waiver, please list applicable programs below each relevant authority):

	, h - 1 m - 1 m - 1 m - 1 h - 1 m - 2 m - 1 m -
a.	<b>☑</b> 1915(b)(1) - The State requires enrollees to obtain medical care through a primary care case management
	(PCCM) system or specialty physician services arrangements. This includes mandatory capitated programs.
	Specify Program Instance(s) applicable to this authority
	MI Choice
b.	1915(b)(2) - A locality will act as a central broker (agent, facilitator, negotiator) in assisting eligible
	individuals in choosing among PCCMs or competing MCOs/PIHPs/PAHPs in order to provide enrollees with more information about the range of health care options open to them.  Specify Program Instance(s) applicable to this authority  MI Choice
c.	1915(b)(3) - The State will share cost savings resulting from the use of more cost-effective medical care
	with enrollees by providing them with additional services. The savings must be expended for the benefit of the Medicaid beneficiary enrolled in the waiver. Note: this can only be requested in conjunction with section 1915(b)(1) or (b)(4) authority.  Specify Program Instance(s) applicable to this authority
	MI Choice

d. 1915(b)(4) - The State requires enrollees to obtain services only from specified providers who undertake to provide such services and meet reimbursement, quality, and utilization standards which are consistent with access, quality, and efficient and economic provision of covered care and services. The State assures it will comply with 42 CFR 431.55(f).

-- Specify Program Instance(s) applicable to this authority

MI Choice

The 1915(b)(4) waiver applies to the following programs

<ul> <li>MCO</li> <li>PIHP</li> <li>✓ PAHP</li> <li>PCCM (Note: please check this item if this waiver is for a PCCM program that limits who is eligible to be a primary care case manager. That is, a program that requires PCCMs to meet certain</li> </ul>
<ul> <li>quality/utilization criteria beyond the minimum requirements required to be a fee-for-service Medicaid contracting provider.)</li> <li>FFS Selective Contracting program</li> </ul>
Please describe:
Section A: Program Description Part I: Program Overview
A. Statutory Authority (2 of 3)
<ul> <li>2. Sections Waived. Relying upon the authority of the above section(s), the State requests a waiver of the following sections of 1902 of the Act (if this waiver authorizes multiple programs, please list program(s) separately under each applicable statute):</li> <li>a. Section 1902(a)(1) - StatewidenessThis section of the Act requires a Medicaid State plan to be in effect in all political subdivisions of the State. This waiver program is not available throughout the State Specify Program Instance(s) applicable to this statute</li> </ul>
<ul> <li>MI Choice</li> <li>b. Section 1902(a)(10)(B) - Comparability of ServicesThis section of the Act requires all services for</li> </ul>
categorically needy individuals to be equal in amount, duration, and scope. This waiver program includes additional benefits such as case management and health education that will not be available to other Medicaid beneficiaries not enrolled in the waiver program.  Specify Program Instance(s) applicable to this statute  MI Choice
<ul> <li>c. Section 1902(a)(23) - Freedom of ChoiceThis Section of the Act requires Medicaid State plans to permit all individuals eligible for Medicaid to obtain medical assistance from any qualified provider in the State. Under this program, free choice of providers is restricted. That is, beneficiaries enrolled in this program must receive certain services through an MCO, PIHP, PAHP, or PCCM.</li> <li> Specify Program Instance(s) applicable to this statute</li> <li>MI Choice</li> </ul>
d. Section 1902(a)(4) - To permit the State to mandate beneficiaries into a single PIHP or PAHP, and restrict
disenrollment from them. (If state seeks waivers of additional managed care provisions, please list here). Beneficiaries must enroll into a single PAHP in regions that only have one PAHP available, including: Region 1A, Region 2, Region 5, Region 6, Region 9 and Region 11.  Specify Program Instance(s) applicable to this statute    MI Choice
e. Other Statutes and Relevant Regulations Waived - Please list any additional section(s) of the Act the
State requests to waive, and include an explanation of the request.

Section A: Program Description
Part I: Program Overview
B. Delivery Systems (3 of 3)
<b>Additional Information.</b> Please enter any additional information not included in previous pages: MDHHS currently contracts with 20 waiver agencies throughout the state to operate and administer the MI Choice waiver. Each waiver agency is responsible for subcontracting with provider agencies to provide MI Choice services to participants who qualify for these services. This 1915(b) waiver runs concurrently with the MI Choice 1915(c) waiver, control number 0233.R04.00.
Section A: Program Description
Part I: Program Overview
C. Choice of MCOs, PIHPs, PAHPs, and PCCMs (1 of 3)
1. Assurances.  ✓ The State assures CMS that it complies with section 1932(a)(3) of the Act and 42 CFR 438.52, which require that a State that mandates Medicaid beneficiaries to enroll in an MCO, PIHP, PAHP, or PCCM must give those beneficiaries a choice of at least two entities.  ✓ The State seeks a waiver of section 1932(a)(3) of the Act, which requires States to offer a choice of more than one PIHP or PAHP per 42 CFR 438.52. Please describe how the State will ensure this lack of choice of PIHP or PAHP is not detrimental to beneficiaries' ability to access services.  In the regions with only one PAHP, participants will still have a choice in service providers, including supports coordinators. Participants enrolled with the single PAHP in the service area will be allowed to change supports coordinators upon request. MDHHS will continue to ensure the PAHP has an adequate provider network to assure this choice.  2. Details. The State will provide enrollees with the following choices (please replicate for each program in waiver):  Program: "MI Choice."  Two or more MCOs  Two or more PiHPs.  A PCCM or one or more MCOs  Two or more PHPs.  Volter:  please describe  In regions that have two PAHPs, participants choose to enroll with their preferred PAHP.
Section A: Program Description
Part I: Program Overview
C. Choice of MCOs, PIHPs, PAHPs, and PCCMs (2 of 3)
3. Rural Exception.  The State seeks an exception for rural area residents under section 1932(a)(3)(B) of the Act and 42 CFR 438.52  (b), and assures CMS that it will meet the requirements in that regulation, including choice of physicians or case managers, and ability to go out of network in specified circumstances. The State will use the rural exception in the following areas ( "rural area" must be defined as any area other than an "urban area" as defined in 42 CFR 412.62 (f)(1)(ii)):

	^
4 1015(1)(1) C. 1 (2) (3)	<u> </u>
4. 1915(b)(4) Selective Contracting.

Part I: Program Overview
F. Services (1 of 5)
List all services to be offered under the Waiver in Appendices D2.S. and D2.A of Section D, Cost-Effectiveness.
1. Assurances.
The State assures CMS that services under the Waiver Program will comply with the following federal requirements:
<ul> <li>Services will be available in the same amount, duration, and scope as they are under the State Plan per 42 CFR 438.210(a)(2).</li> </ul>
<ul> <li>Access to emergency services will be assured per section 1932(b)(2) of the Act and 42 CFR 438.114.</li> <li>Access to family planning services will be assured per section 1905(a)(4) of the Act and 42 CFR 431.51(b)</li> <li>The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of more of the</li> </ul>
regulatory requirements listed above for PIHP or PAHP programs. Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any, (See note below for limitations

☑ The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of 42 CFR 438.210(a)(2), 438.114, and 431.51 (Coverage of Services, Emergency Services, and Family Planning) as applicable. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

This is a proposal for a 1915(b)(4) FFS Selective Contracting Program only and the managed care regulations do not apply. The State assures CMS that services will be available in the same amount, duration, and scope as they are under the State Plan.

✓ The state assures CMS that it complies with Title I of the Medicare Modernization Act of 2003, in so far as these requirements are applicable to this waiver.

Note: Section 1915(b) of the Act authorizes the Secretary to waive most requirements of section 1902 of the Act for the purposes listed in sections 1915(b)(1)-(4) of the Act. However, within section 1915(b) there are prohibitions on waiving the following subsections of section 1902 of the Act for any type of waiver program:

- Section 1902(s) -- adjustments in payment for inpatient hospital services furnished to infants under age 1, and to children under age 6 who receive inpatient hospital services at a Disproportionate Share Hospital (DSH) facility.
- Sections 1902(a)(15) and 1902(bb) prospective payment system for FQHC/RHC

on requirements that may be waived).

- Section 1902(a)(10)(A) as it applies to 1905(a)(2)(C) comparability of FQHC benefits among Medicaid beneficiaries
- Section 1902(a)(4)(C) -- freedom of choice of family planning providers
- Sections 1915(b)(1) and (4) also stipulate that section 1915(b) waivers may not waive freedom of choice of emergency services providers.

Part II: Access
A. Timely Access Standards (1 of 7)
Each State must ensure that all services covered under the State plan are available and accessible to enrollees of the 1915(b) Waiver Program. Section 1915(b) of the Act prohibits restrictions on beneficiaries' access to emergency services and family planning services.
1. Assurances for MCO, PIHP, or PAHP programs
<ul> <li>✓ The State assures CMS that it complies with section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206         Availability of Services; in so far as these requirements are applicable.              ☐ The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.     </li> </ul>
Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:
The CMS Regional Office has reviewed and approved the MCO, PIHP, or PAHP contracts for compliance with the provisions of section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206 Availability of Services. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.
If the 1915(b) Waiver Program does not include a PCCM component, please continue with Part II.B. Capacity Standards.

C. Coordination and Continuity of Care Standards (2 of 5)

# ${\bf 2.}\ \ Details\ on\ MCO/PIHP/PAHP\ enrollees\ with\ special\ health\ care\ needs.$

The following items are required.

a.	✓	The plan is a PIHP/PAHP, and the State has determined that based on the plan's scope of services, and how the State has organized the delivery system, that the <b>PIHP/PAHP need not meet the requirements</b> for additional services for enrollees with special health care needs in 42 CFR 438.208.
		Please provide justification for this determination:
b.		Enrollees with special health care needs are not included.  Identification. The State has a mechanism to identify persons with special health care needs to MCOs, PIHPs, and PAHPs, as those persons are defined by the State.
		Please describe:
		$\Diamond$
c.		Assessment. Each MCO/PIHP/PAHP will implement mechanisms, using appropriate health care
		professionals, to assess each enrollee identified by the State to identify any ongoing special conditions that require a course of treatment or regular care monitoring. Please describe:
		Please describe the enrollment limits and how each is determined:
		$\Diamond$
d.		Treatment Plans. For enrollees with special health care needs who need a course of treatment or regular
		care monitoring, the State requires the MCO/PIHP/PAHP to produce a treatment plan.If so, the treatment plan meets the following requirements:
		1. Developed by enrollees' primary care provider with enrollee participation, and in consultation
		with any specialists' care for the enrollee.
		<b>2.</b> Approved by the MCO/PIHP/PAHP in a timely manner (if approval required by plan).
		3.   In accord with any applicable State quality assurance and utilization review standards.
		Please describe:
e.		Direct access to specialists. If treatment plan or regular care monitoring is in place, the MCO/PIHP/PAHF
		has a mechanism in place to allow enrollees to directly access specialists as appropriate for enrollee's condition and identified needs.
		Please describe:

c. Selection and Retention of Providers: This section provides the State the opportunity to describe any requirements, policies or procedures it has in place to allow for the review and documentation of qualifications and other relevant information pertaining to a provider who seeks a contract with the State or PCCM administrator as a PCCM. This section is required if the State has applied for a 1915(b)(4) waiver that will be applicable to the PCCM program.  Please check any processes or procedures listed below that the State uses in the process of selecting and
retaining PCCMs. The State (please check all that apply):
1. Has a documented process for selection and retention of PCCMs (please submit a copy of that documentation).
2. Has an initial credentialing process for PCCMs that is based on a written application and site
visits as appropriate, as well as primary source verification of licensure, disciplinary status, and eligibility for payment under Medicaid.  3. Has a recredentialing process for PCCMs that is accomplished within the time frame set by
the State and through a process that updates information obtained through the following (check all that apply):
<ul> <li>A.</li></ul>
apply):
■ The utilization management system.
<ul><li>The complaint and appeals system.</li><li>Enrollee surveys.</li></ul>
• Other.
Please describe:
<b>4.</b> Uses formal selection and retention criteria that do not discriminate against particular providers such as those who serve high risk populations or specialize in conditions that require
costly treatment.
5. Has an initial and recredentialing process for PCCMs other than individual practitioners (e.g., rural health clinics, federally qualified health centers) to ensure that they are and remain in
compliance with any Federal or State requirements (e.g., licensure).
<b>6.</b> Notifies licensing and/or disciplinary bodies or other appropriate authorities when suspensions or terminations of PCCMs take place because of quality deficiencies.
7. Other

percent or more of the population.

Please list languages materials will be translated into. (If the State does not require written materials to be translated, please explain):

The State does not specify the languages into which materials should be translated but does contractually require the PAHPs to make materials available in any language required to comply

with the Limited English Proficiency Policy Guideline (Executive Order 13166 of August 11, 2002, Federal Register Vol. 65, August 16, 2002.)
If the State does not translate or require the translation of marketing materials, please explain:
The State defines prevalent non-English languages as: (check any that apply):  a.   The languages spoken by significant number of potential enrollees and enrollees.
Please explain how the State defines "significant.":
<ul> <li>b.</li></ul>
Please explain:
2. Please describe how oral translation services are available to all potential enrollees and enrollees, regardless of language spoken.
The waiver agencies assure accommodation for people with Limited English Proficiency (LEP) and other linguistic needs, as well as for individuals with hearing impairments and alternative needs for communication. The MDHHS site review process assures compliance with this requirement.  3.  The State will have a mechanism in place to help enrollees and potential enrollees understand the managed care program.
Please describe:  The waiver agencies have a participant handbook created by MDHHS that explains the program, rights and responsibilities, etc. This will go to everyone assessed and is available to anyone asking about the program.

# 1. Assurances

C. Enrollment and Disenrollment (1 of 6)

- ✓ The State assures CMS that it complies with section 1932(a)(4) of the Act and 42 CFR 438.56 Disenrollment; in so far as these regulations are applicable.
- ✓ The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs. (Please check this item if the State has requested a waiver of the choice of plan requirements in section A.I.C.)

Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:

The state seeks a waiver of section 1932(a)(3) of the Act, which requires states to offer a choice of more than one PIHP or PAHP per 42 CFR 438.52. The state will ensure this lack of choice of PAHP is not detrimental to beneficiaries' ability to access services. In the regions that have only one PAHP, beneficiaries will continue to receive services from the same waiver agency (PAHP) they had previously been accessing MI Choice services from.

✓ The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of section 1932(a)(4) of the Act and 42 CFR 438.56 Disenrollment requirements. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

<b>✓</b>	State staff conducts the enrollment process.
	The State contracts with an independent contractor(s) (i.e., enrollment broker) to conduct the
	enrollment process and related activities.  The State assures CMS the enrollment broker contract meets the independence and freedom
	from conflict of interest requirements in section 1903(b) of the Act and 42 CFR 438.810.
	Broker name:
	Please list the functions that the contractor will perform:
	choice counseling
	enrollment
	other

Please describe:
State allows MCO/PIHP/PAHP or PCCM to enroll beneficiaries.
Please describe the process:
^
Section A: Program Description
Part IV: Program Operations
C. Enrollment and Disenrollment (4 of 6)
2. Details (Continued)
<b>c. Enrollment</b> . The State has indicated which populations are mandatorily enrolled and which may enroll on a voluntary basis in Section A.I.E.
This is a <b>new</b> program.
Please describe the <b>implementation schedule</b> (e.g. implemented statewide all at once; phased in by area; phased in by population, etc.):
This program will be implemented statewide all at once. Previously, the waiver agencies were Organized Health Care Delivery Systems in a fee for service environment. Waiver agencies will convert to Prepaid Ambulatory Health Plans (PAHP). Participants currently enrolled with a waiver agency will remain enrolled with that waiver agency as it switches to a PAHP. Normally an applicant will contact a PAHP and request to be evaluated for the MI Choice program. The PAHP will conduct MI Choice Intake Guidelines and either contact the LOCD vendor to set up an in-person evaluation or place the applicant on the waiting list. During the in-person evaluation, the LOCD vendor will assess the applicant and verify eligibility. The LOCD vendor will contact the Michigan Department of Health and Human Services (MDHHS) to verify or determine the applicant's Medicaid eligibility. Supports coordinators from the waiver agency will conduct the iHC assessment. When all eligibility requirements are confirmed, MDHHS enrolls the applicant in the program.  This is an existing program that will be expanded during the renewal period.  Please describe: Please describe the implementation schedule (e.g. new population implemented)
statewide all at once; phased in by area; phased in by population, etc.):
$\Diamond$
If a potential enrollee <b>does not select</b> an MCO/PIHP/PAHP or PCCM within the given time frame, the potential enrollee will be <b>auto-assigned</b> or default assigned to a plan.
i.
☐ Potential enrollees will have ☐ ☐ ☐ day(s) / ☐ month(s) to choose a plan.  ii. ☐ There is an auto-assignment process or algorithm.
In the description please indicate the factors considered and whether or not the auto-assignment process assigns persons with special health care needs to an MCO/PIHP/PAHP/PCCM who is their current provider or who is capable of serving their particular needs:

Page 32 of 74

Print application selector for 1915(b)Waiver: Draft MI.028.00.02 - Oct 01, 2016 Page 33 of 74
The State automatically enrolls beneficiaries.
on a mandatory basis into a single MCO, PIHP, or PAHP in a rural area (please also check item
A.I.C.3).  on a mandatory basis into a single PIHP or PAHP for which it has requested a waiver of the
requirement of choice of plans (please also check item A.I.C.1).  on a voluntary basis into a single MCO, PIHP, or PAHP. The State must first offer the beneficiary a
choice. If the beneficiary does not choose, the State may enroll the beneficiary as long as the beneficiary can opt out at any time without cause.
Please specify geographic areas where this occurs:
The State provides <b>guaranteed eligibility</b> of months (maximum of 6 months permitted) for MCO/PCCM enrollees under the State plan.
The State allows otherwise mandated beneficiaries to request <b>exemption</b> from enrollment in an MCO/PIHP/PAHP/PCCM.
Please describe the circumstances under which a beneficiary would be eligible for exemption from
enrollment. In addition, please describe the exemption process:
^
The State of the S
☐ The State <b>automatically re-enrolls</b> a beneficiary with the same PCCM or MCO/PIHP/PAHP if there is a loss of Medicaid eligibility of 2 months or less.
Section A: Program Description
Part IV: Program Operations
C. Enrollment and Disenrollment (5 of 6)
2. Details (Continued)
d. Disenrollment
▼ The State allows enrollees to disenroll from/transfer between MCOs/PIHPs/PAHPs and PCCMs.
Regardless of whether plan or State makes the determination, determination must be made no later than the first day of the second month following the month in which the enrollee or plan files the request. If determination is not made within this time frame, the request is deemed approved.  i.   Enrollee submits request to State.
ii. Enrollee submits request to MCO/PIHP/PAHP/PCCM. The entity may approve the request, or
refer it to the State. The entity may not disapprove the request.  iii. Enrollee must seek redress through MCO/PIHP/PAHP/PCCM grievance procedure before
determination will be made on disenrollment request.  The State <b>does not permit disenrollment</b> from a single PIHP/PAHP (authority under 1902 (a)(4)
authority must be requested), or from an MCO, PIHP, or PAHP in a rural area.  The State has a <b>lock-in</b> period (i.e. requires continuous enrollment with MCO/PIHP/PAHP/PCCM) of

CFR 438.56(c).

months (up to 12 months permitted). If so, the State assures it meets the requirements of 42

The S	tate does not have a <b>lock-in</b> , and enrollees in MCOs/PIHPs/PAHPs and PCCMs are allowed to
later t	nate or change their enrollment without cause at any time. The disenrollment/transfer is effective no han the first day of the second month following the request.
✓ The S	tate permits MCOs/PIHPs/PAHPs and PCCMs to request disenrollment of enrollees.
i	MCO/PIHP/PAHP and PCCM can request reassignment of an enrollee.
	Please describe the reasons for which enrollees can request reassignment
ii	The waiver agency may request a transfer based on participant preference or request.  The State reviews and approves all MCO/PIHP/PAHP/PCCM-initiated requests for enrollee
	transfers or disenrollments.
iii	If the reassignment is approved, the State notifies the enrollee in a direct and timely manner of
	the desire of the MCO/PIHP/PAHP/PCCM to remove the enrollee from its membership or from the PCCM's caseload.
iv	The enrollee remains an enrollee of the MCO/PIHP/PAHP/PCCM until another
	MCO/PIHP/PAHP/PCCM is chosen or assigned.

## C. Enrollment and Disenrollment (6 of 6)

**Additional Information.** Please enter any additional information not included in previous pages:

Steps in Determining Nursing Facility Level of Care (NFLOC)

- 1. A applicant calls one of his/her local waiver agencies asking about MI Choice.
- 2. Waiver agency uses the Telephone Intake Guidelines (TIG) tool to determine the appropriateness of a face-to-face encounter.
- 3. For applicants who appear eligible for MI Choice from the TIG & request enrollment in MI Choice, a waiver agency schedules a face-to-face meeting with the applicant within 7 days of completion of the TIG or place the applicant on its waiting list.
- 4. Persons placed on the waiting list are provided adequate notice and information regarding the Medicaid Fair Hearings
- 5. A supports coordinator (a registered nurse or social worker) employed by the waiver agency visits the applicant and conducts the NFLOC determination. This process occurs at the meeting scheduled in step 3 or when the applicant reaches the top of the waiting list.
- 6. Applicants who meet NFLOC criteria follow this process:
- a. Supports coordinator provides information regarding options for receiving Long Term Care.
- b. Supports coordinator provides a Freedom of Choice form that indicates the applicant meets NFLOC criteria & asks the applicant to specify their preferred option for receiving Long Term Care. The Freedom of Choice form is explained to the applicant & signed by the supports coordinator & the applicant or applicant's representative.
- c. If they choose MI Choice, the supports coordinator may begin the MI Choice enrollment process.
- d. If they do not choose MI Choice, the supports coordinator provides contact information for their preferred option, & may assist the applicants with the process of contacting the provider.
- 7. Applicants who do not meet nursing facility level of care criteria follow this process:
- a. If the supports coordinator feels the persons will meet exception criteria based on frailty, the supports coordinator may contact the MDHHS designee and request an exception.
- i. If the designee determines the applicant meets exception criteria, step 6 is followed.
- ii. If the designee determines the applicant does not meet exception criteria, continue to the next step.
- b. Supports coordinator provides the applicant with adequate notice that includes information on how to request a Medicaid Fair Hearing, & how to request an immediate review.
- c. Supports coordinator provides the applicant with information regarding options for receiving services in the community.
- d. Supports coordinator provides a Freedom of Choice form that indicates the applicant does not meet NFLOC criteria. The

Freedom of Choice form is explained to the applicant and signed by the supports coordinator and the applicant or applicant's representative.

- e. Supports coordinator may provide contact information for other programs for which the applicant may qualify and may assist the applicant with contacting these programs.
- 8. Waiver agency enters the completed NFLOC determination into the MDHHS online database.

#### Steps to Enrolling in MI Choice

- 1. Once the NFLOC determination is made, confirms the applicant meets NFLOC criteria, & the Freedom of Choice form is completed, the supports coordinator may begin the assessment process.
- a. MDHHS requires MI Choice initial assessments to be completed by a team of supports coordinators comprised of both a registered nurse & a social worker.
- b. Prior to scheduling the assessment, the waiver agency will notify the applicant of the option to have a supports broker & other informal supports present during the assessment.
- c. The assessment may occur immediately after the NFLOC determination or be scheduled for a later date, according to participant preference.
- 2. During the assessment, the supports coordinators ascertain whether the applicant has been approved for Medicaid, or whether the applicant needs to apply for Medicaid.
- a. Applicants with approved Medicaid move to the next step.
- b. All other applicants will be asked information to assess potential eligibility for Medicaid. When applicable, & authorized by the applicant, the supports coordinators may assist the applicant with completing a Medicaid application, gathering verification documents, and submitting the application to DHS. This process is not usually completed in a single visit.
- 3. From data gathered during the assessment process, the supports coordinators may begin developing a person-centered plan with the applicant. This process will assist with identifying the need for at least one MI Choice service in addition to supports coordination. This process may occur at a subsequent meeting & does not have to occur on the same day as the assessment.
- 4. Applicant will approve or disapprove services included on the plan of care. The supports coordinator will assist the applicant with identifying MI Choice services and service providers, frequency, duration, other interventions, goals, and desired outcomes to include on the person-centered plan.
- 5. Waiver agency will notify the Michigan Department of Human Services (DHS) of the applicant's desire to enroll in MI Choice and provide the desired MI Choice start date, & when applicable, provide the completed Medicaid application.
- 6. DHS eligibility specialists determine Medicaid financial and medical eligibility.
- 7. DHS enrolls each applicant in the MI Choice program upon verification of eligibility & notifies the applicant and the waiver agency of the approved MI Choice start date.
- 8. DHS provides Adverse Action notices to applicants according to established policy along with a Request for an Administrative Hearing form.
- 9. Waiver agency may begin services once the person-centered plan is developed, but MDHHS will not generate a capitation payment until DHS processes the MI Choice enrollment.

Michigan agrees to comply with the special terms and conditions (STCs) attached to this waiver to ensure compliance with the statutory and regulatory requirements around enrollment.

## **Part IV: Program Operations**

## D. Enrollee Rights (1 of 2)

#### 1. Assurances

<b>~</b>	The State assures CMS that it complies with section 1932(a)(5)(B)(ii) of the Act and 42 CFR 438 Subpart C
	Enrollee Rights and Protections.  The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory
	requirements listed for PIHP or PAHP programs.
	Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:
	^

the PAHP

<b>✓</b>	Requests for review can be made in the PCCM and/or PAHP grievance system (e.g. grievance, appeals):
	Please describe:
	Waiver agencies have processes approved by the state. The process starts with a PAHP supervisory review of the situation in question. The next step is to bring the situation and supervisor's decision to the Executive Director. The final step is to bring the situation to the Board of Directors. This process cannot replace the Medicaid Fair Hearing process and can occur simultaneously. Has a committee or staff who review and resolve requests for review.
	Please describe if the State has any specific committee or staff composition or if this is a fiscal agent, enrollment broker, or PCCM administrator function:
	Specifies a time frame from the date of action for the enrollee to file a request for review.
	Please specify the time frame for each type of request for review:
	Has time frames for resolving requests for review.
	Specify the time period set for each type of request for review:
	Establishes and maintains an expedited review process.
	Please explain the reasons for the process and specify the time frame set by the State for this process:
	Permits enrollees to appear before State PCCM/PAHP personnel responsible for resolving the request for review. Notifies the enrollee in writing of the decision and any further opportunities for additional review, as well as the procedures available to challenge the decision. Other.
	Please explain:

## **Section A: Program Description**

## Part IV: Program Operations

## F. Program Integrity (1 of 3)

#### 1. Assurances

- The State assures CMS that it complies with section 1932(d)(1) of the Act and 42 CFR 438.610 Prohibited Affiliations with Individuals Barred by Federal Agencies. The State assures that it prohibits an MCO, PCCM, PIHP, or PAHP from knowingly having a relationship listed below with:
  - 1. An individual who is debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in nonprocurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549, or
  - 2. An individual who is an affiliate, as defined in the Federal Acquisition Regulation, of a person described above.

The prohibited relationships are:

- 1. A director, officer, or partner of the MCO, PCCM, PIHP, or PAHP;
- 2. A person with beneficial ownership of five percent or more of the MCO's, PCCM's, PIHP's, or PAHP's equity;
- **3.** A person with an employment, consulting or other arrangement with the MCO, PCCM, PIHP, or PAHP for the provision of items and services that are significant and material to the MCO's, PCCM's, PIHP's, or PAHP's obligations under its contract with the State.
- The State assures that it complies with section 1902(p)(2) and 42 CFR 431.55, which require section 1915(b) waiver programs to exclude entities that:

Clould be excluded under section 1128(b)(8) of the Act as being controlled by a sanctioned individual:

Has a substantial contractual relationship (direct or indirect) with an individual convicted of certain crimes described in section 1128(b)(8)(B) of the Act;

Employs or contracts directly or indirectly with an individual or entity that is paecluded from furnishing health care, utilization review, medical social services, or administrative services pursuant to section 1128 or 1128A of the Act, or chould be exclude under 1128(b)(8) as being controlled by a sanctioned individual.

## **Section A: Program Description**

### **Part IV: Program Operations**

### F. Program Integrity (2 of 3)

#### 2. Assurances For MCO or PIHP programs

The State assures CMS that it complies with section 1932(d)(1) of the Act and 42 CFR 438.608 Program
Integrity Requirements, in so far as these regulations are applicable.
State payments to an MCO or PIHP are based on data submitted by the MCO or PIHP. If so, the State assures
CMS that it is in compliance with 42 CFR 438.604 Data that must be Certified, and 42 CFR 438.606 Source, Content, Timing of Certification.
The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory
requirements listed for PIHP or PAHP programs.
Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:
<b>∨</b>
The CMS Regional Office has reviewed and approved the MCO or PIHP contracts for compliance with the
provisions of section 1932(d)(1) of the Act and 42 CFR 438.604 Data that must be Certified; 438.606 Source, Content, Timing of Certification; and 438.608 Program Integrity Requirements. If this is an initial waiver,

the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

### Part II: Details of Monitoring Activities

**Details of Monitoring Activities by Authorized Programs** 

For each program authorized by this waiver, please provide the details of its monitoring activities by editing each program listed below.

Programs Authorized by this Waiver:

Program	Type of Program
MI Choice	РАНР;

Note: If no programs appear in this list, please define the programs authorized by this waiver on the

**Section B: Monitoring Plan** 

## Part II: Details of Monitoring Activities

**Program Instance: MI Choice** 

Please check each of the monitoring activities below used by the State. A number of common activities are listed below, but the State may identify any others it uses. If federal regulations require a given activity, this is indicated just after the name of the activity. If the State does not use a required activity, it must explain why.

For each activity, the state must provide the following information:

- Personnel responsible (e.g. state Medicaid, other state agency, delegated to plan, EQR, other contractor)
- Detailed description of activity
- Frequency of use
- How it yields information about the area(s) being monitored
- Accreditation for Non-duplication (i.e. if the contractor is accredited by an organization to meet certain access, structure/operation, and/or quality improvement standards, and the state determines that the organization's standards are at least as stringent as the state-specific standards required in 42 CFR 438 Subpart D, the state deems the contractor to be in compliance with the state-specific standards)

AAAHIC Other  Please describe:  Consumer Self-Report data  Activity Details:  1) MDHHS has implemented a statewide participant survey tool used to gather feedback on satisfaction of the quality of care and quality of life from the participants' perspectives. Each participant is given the survey by their waiver agency. Waiver agencies compile the reports and review for areas that need improvement. Data is also shared with MDHHS who then reviews the statewide data looking for trends or issues that may be addressed by MDHHS through a statewide quality improvement project.  2) MDHHS has qualified reviewers who annually conduct a Clinical Quality Assurance Review (CQAR) that reviews the waiver agency's adherence to the MI Choice clinical requirements. MDHHS also conducts a biennial Administrative Quality Assurance Review (AQAR) that reviews waiver agency policies and procedures. Both of these reviews include visits to participant homes. At that time, participants self-report information about their quality of care. MDHHS uses this data to assess the effectiveness of the care received from the waiver agency and also uses it to determine areas in need of improvement.  3) A leadership group composed of consumers, advocates and waiver agency staff organized into the MI Choice Person Focused Quality Management Collaboration (QMC). A MI Choice participant currently serves as the QMC chairperson and leads each meeting. The purpose of the QMC is to include consumers and advocates in the development and review of MI Choice quality management activities. The QMC provides a venue where consumers and advocates can review a variety of quality outcomes, identify areas that need improvements to the Michigan Medicaid service delivery system. The QMC allows the provision of meaningful input by consumers and advocates during the implementation of person-centered planning and self-determination care options that increase participant satisfaction with services and supports. l. 🗾 Data Analysis (non-claims)	d.	Data Analysis (non-claims)	
Activity Details:		<u> </u>	

The state assures quality in the services that are covered by the selective contracting program as identified in Appendices C and H of the §1915(c) waiver. Appendix C details the services, provider qualifications, credentialing standards, and provider training. Appendix H details the quality improvement strategy for the MI Choice program. MDHHS originally selected the selective contracting providers (waiver agencies) through a Request for Proposal process that included all of the requirements indicated in Appendix C. All other service providers are designated through a contract between the waiver agencies and the direct service providers.

To ensure that providers continue to meet requirements, MDHHS uses the MI Choice Site Review Protocol (MICSRP) to assess the performance of waiver agencies and assure that services covered by the selective contracting program are performed in accordance with waiver requirements included in their contracts. MDHHS developed the MICSRP with input from waiver agencies, participants, advocates, the Area Agency on Aging Association, and other stakeholders. MDHHS updates the MICSRP biennially or more frequently if needed to incorporate general improvements, policy changes, CMS initiatives, and MDHHS priorities.

The MICSRP has two parts, the Administrative Quality Assurance Review (AQAR) and the Clinical Quality Assurance Review (CQAR) that also includes a participant home visit protocol. MDHHS staff developed a scoring system and algorithms to weight each standard in the MICSRP. This system allows MDHHS staff to calculate compliance equitably for each waiver agency, based on data obtained from the AQAR and CQAR, regardless of sample size.

The AQAR focuses on assuring that each waiver agency has policies and procedures consistent with waiver requirements. MDHHS staff completes the AQAR biennially for each waiver agency. During the on-site AQAR, MDHHS staff examines waiver agency policies and procedures, contract templates, financial systems, claims accuracy, and Quality Management Plans in detail seeking evidence of compliance to the AQAR standards.

MDHHS has qualified reviewers who complete the CQAR. The reviewers evaluate the waiver agency's enrollment, assessment, level of care evaluations, care planning, and reassessment activities annually seeking evidence of compliance to the CQAR standards. The reviewers collect and review both qualitative and objective data, and evaluate the assessment and supports coordinators' actions to assure that the plan of service includes every participant need identified in the assessment. The reviewers determine the waiver agency's level of compliance to the standards included in the MICSRP. The reviewers send an initial report of all non-evident findings and a listing of any findings that require immediate remediation. Any findings related to the health and welfare of an enrolled participant would require immediate remediation. The immediate remediation is due within two weeks. Waiver agencies also are given the opportunity to provide additional documentation for any non-evident findings due within two weeks. The reviewers examine submitted documentation to assure the waiver agency addressed all items that required immediate remediation. Some scores may be revised if documentation was overlooked or missing during the initial review.

Both the AQAR and CQAR review elements that make up the performance measures in each appendix of the §1915(c) waiver. The AQAR and CQAR include reviews of the following:

- 1) Participant access and level of care determination
- 2) Participant-centered service planning
- 3) Service delivery
- 4) Provider capacity and capabilities
- 5) Participant safeguards related to health and welfare
- 6) Participant rights and responsibilities
- 7) Participant outcomes and satisfaction
- 8) System performance

Once AQAR or CQAR data is complete, MDHHS compiles reports to send to the waiver agency. Each report includes a summary of successes in practice and deficiencies in practice. MDHHS divides the deficiencies into citations and recommendations based upon algorithms for each standard. The waiver agency has 30 days to respond to the citations with a corrective action plan. The corrective action plan may also include actions to address recommendations, but MDHHS does not mandate this. MDHHS works with the waiver agency to assure the corrective action plan will produce quality improvements. Once the waiver agency and MDHHS agree on the final corrective action plan, MDHHS sends approval and written documentation detailing the plan to the waiver agency. MDHHS applies algorithms to final AQAR and CQAR data to determine an overall quality score for each waiver agency and statewide.

More detail on the MI Choice Quality Improvement System is identified in Appendix H of the §1915(c) waiver.

MDHHS also reviews aggregate reports on various aspects of the MI Choice program including results of CQARs and AQARs, assessment data including Quality Indicators (QI) that measure 20 Participant Health Status Outcomes, enrollment and disenrollment data, and critical incident reports. Data reports are used to discover areas needing follow-up, research or improvement.

MDHHS developed the Critical Incident Reporting system with assistance from the QMC and other stakeholders. MDHHS requires each waiver agency to report all critical incidents in the web-based Critical Incident Reporting System. MDHHS defines procedures for reporting critical incidents in the Supports Coordination Service Performance Standards and Waiver Operating Criteria, which is an attachment to the waiver agency contract with MDHHS. Waiver agencies manage critical incidents at the local level by identifying and evaluating each incident. Supports coordinators then initiate strategies and interventions approved by participants to prevent further incidents and follow-up, track and compile mandatory critical incident reports.

	Activity Details:
	^

# l. On-Site Review

#### **Activity Details:**

To ensure that providers continue to meet requirements, MDHHS uses the MI Choice Site Review Protocol (MICSRP) to assess the performance of waiver agencies and assure that services covered by the selective contracting program are performed in accordance with waiver requirements included in their contracts. MDHHS developed the MICSRP with input from waiver agencies, participants, advocates, the Area Agency on Aging Association, and other stakeholders. MDHHS updates the MICSRP biennially or more frequently if needed to incorporate general improvements, policy changes, CMS initiatives, and MDHHS priorities.

The MICSRP has two parts, the Administrative Quality Assurance Review (AQAR) and the Clinical Quality Assurance Review (CQAR) that also includes a participant home visit protocol. MDHHS staff developed a scoring system and algorithms to weight each standard in the MICSRP. This system allows MDHHS staff to calculate compliance equitably for each waiver agency, based on data obtained from the AQAR and CQAR, regardless of sample size.

The AQAR focuses on assuring that each waiver agency has policies and procedures consistent with waiver requirements. MDHHS staff completes the AQAR biennially for each waiver agency. During the on-site AQAR, MDHHS staff examines waiver agency policies and procedures, contract templates, financial systems, claims accuracy, and Quality Management Plans in detail seeking evidence of compliance to the AQAR standards.

MDHHS has qualified reviewers who complete the CQAR. The reviewers evaluate the waiver agency's enrollment, assessment, level of care evaluations, care planning, and reassessment activities annually seeking evidence of compliance to the CQAR standards. The reviewers collect and review both qualitative and objective data, and evaluate the assessment and supports coordinators' actions to assure that the plan of service includes every participant need identified in the assessment. The reviewers determine the waiver agency's level of compliance to the standards included in the MICSRP. The reviewers send an initial report of all non-evident findings and a listing of any findings that require

immediate remediation. Any findings related to the health and welfare of an enrolled participant would require immediate remediation. The immediate remediation is due within two weeks. Waiver agencies also are given the opportunity to provide additional documentation for any non-evident findings due within two weeks. The reviewers examine submitted documentation to assure the waiver agency addressed all items that required immediate remediation. Some scores may be revised if documentation was overlooked or missing during the initial review.

Both the AQAR and CQAR review elements that make up the performance measures in each appendix of the §1915(c) waiver. The AQAR and CQAR include reviews of the following:

- 1) Participant access and level of care determination
- 2) Participant-centered service planning
- 3) Service delivery
- 4) Provider capacity and capabilities
- 5) Participant safeguards related to health and welfare
- 6) Participant rights and responsibilities
- 7) Participant outcomes and satisfaction
- 8) System performance

Once AQAR or CQAR data is complete, MDHHS compiles reports to send to the waiver agency. Each report includes a summary of successes in practice and deficiencies in practice. MDHHS divides the deficiencies into citations and recommendations based upon algorithms for each standard. The waiver agency has 30 days to respond to the citations with a corrective action plan. The corrective action plan may also include actions to address recommendations, but MDHHS does not mandate this. MDHHS works with the waiver agency to assure the corrective action plan will produce quality improvements. Once the waiver agency and MDHHS agree on the final corrective action plan, MDHHS sends approval and written documentation detailing the plan to the waiver agency. MDHHS applies algorithms to final AQAR and CQAR data to determine an overall quality score for each waiver agency and statewide.

## m. Performance Improvement Projects [Required for MCO/PIHP]

#### Activity Details:

MDHHS establishes a Quality Management Plan (QMP) biennially, which includes statewide goals and strategies identified in part by the consumer-run Quality Management Collaborative. The QMP focuses on meeting CMS assurances and requirements for protecting the health and welfare of waiver participants, MDHHS contract requirements, and targeted participant outcome improvement goals. MDHHS requires each waiver agency to have its own QMP and reviews them biennially. MDHHS guides, prompts, and assists each waiver agency in preparing and updating its QMP based on individual agency and provider network results from compliance reviews, participant outcomes, consumer survey results, complaint history, and other performance based outcomes. Each waiver agency includes the MDHHS required goals in its QMP and adds its own unique quality improvement goals, or self-targeted quality improvement strategies, including service provider performance requirements and administrative improvements.

## **Section C: Monitoring Results**

## **Initial Waiver Request**

Section 1915(b) of the Act and 42 CFR 431.55 require that the State must document and maintain data regarding the effect of the waiver on the accessibility and quality of services as well as the anticipated impact of the project on the State's Medicaid program. In Section B of this waiver preprint, the State describes how it will assure these requirements are met. For an initial waiver request, the State provides assurance in this Section C that it will report on the results of its monitoring plan when it submits its waiver renewal request. For a renewal request, the State provides evidence that waiver requirements were met for the most recent waiver period. Please use Section D to provide evidence of cost-effectiveness.

CMS uses a multi-pronged effort to monitor waiver programs, including rate and contract review, site visits, reviews of External Quality Review reports on MCOs/PIHPs, and reviews of Independent Assessments. CMS will use the results of these activities and reports along with this Section to evaluate whether the Program Impact, Access, and Quality requirements of the waiver were met.

### This is an Initial waiver request.

✓ The State assures that it will conduct the monitoring activities described in Section B, and will provide the results in Section C of its waiver renewal request.

#### A. Assurances

- a. [Required] Through the submission of this waiver, the State assures CMS:
  - The fiscal staff in the Medicaid agency has reviewed these calculations for accuracy and attests to their correctness.
  - The State assures CMS that the actual waiver costs will be less than or equal to or the State's waiver cost projection.
  - Capitated rates will be set following the requirements of 42 CFR 438.6(c) and will be submitted to the CMS Regional Office for approval.
  - Capitated 1915(b)(3) services will be set in an actuarially sound manner based only on approved 1915(b)(3) services and their administration subject to CMS RO prior approval.
  - The State will monitor, on a regular basis, the cost-effectiveness of the waiver (for example, the State may compare the PMPM Actual Waiver Cost from the CMS 64 to the approved Waiver Cost Projections). If changes are needed, the State will submit a prospective amendment modifying the Waiver Cost Projections.
  - The State will submit quarterly actual member month enrollment statistics by MEG in conjunction with the State's submitted CMS-64 forms.

**Part I: State Completion Section** 

G. Appendix D2.A - Administration in Actual Waiver Cost

[Required] The State allocated administrative costs between the Fee-for-service and managed care program depending upon the program structure. Note: initial programs will enter only FFS costs in the BY. Renewal and Conversion waivers will enter all waiver and FFS administrative costs in the R1 and R2 or BY.

Γhe	all	ocat	ion method for either initial or renewal waivers is explained below:
	a.		The State allocates the administrative costs to the managed care program based upon the number of waiven
1	b.		enrollees as a percentage of total Medicaid enrollees Note: this is appropriate for MCO/PCCM programs. The State allocates administrative costs based upon the program cost as a percentage of the total Medicaid
	c.		budget. It would not be appropriate to allocate the administrative cost of a mental health program based upon the percentage of enrollees enrolled. Note: this is appropriate for statewide PIHP/PAHP programs.  Other
		•	Please explain:
			The administrative costs noted in this section as 'Operations' and 'Supports Coordination/Case Management' are consistent with the Admin/Operation and Supports Coordination/Case Management expenditures provided by MDHHS for SFY 2012 and 2013. SFY 2013 expenditures are prorated based on the number of months of experience (5) used in the development of the historical costs for R2. An additional \$300,000 of annual administration dollars has been included for salaries, employee benefits and actuarial analysis costs related to the MI Choice program.
	Ap	pen	dix D2.A: Administration in Actual Waiver Cost
Sec	tio	n D	2: Cost-Effectiveness
Par	t I	: St	tate Completion Section
Н.	<b>A</b> p	pen	ndix D3 - Actual Waiver Cost
	a.		The State is requesting a 1915(b)(3) waiver in <b>Section A.I.A.1.c</b> and will be providing non-state plan medical
,			services. The State will be spending a portion of its waiver savings for additional services under the waiver.
	b.		The State is including voluntary populations in the waiver.  Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:
			Beserve below now the issue of selection ones has been addressed in the Freday warrer cost calculations.
	c.	<b>✓</b>	Capitated portion of the waiver only Reinsurance or Stop/Loss Coverage: Please note how the State will be
			providing or requiring reinsurance or stop/loss coverage as required under the regulation. States may require MCOs/PIHPs/PAHPs to purchase reinsurance. Similarly, States may provide stop-loss coverage to MCOs/PIHPs/PAHPs when MCOs/PIHPs/PAHPs exceed certain payment thresholds for individual enrollees. Stop loss provisions usually set limits on maximum days of coverage or number of services for which the MCO/PIHP/PAHP will be responsible. If the State plans to provide stop/loss coverage, a description is required. The State must document the probability of incurring costs in excess of the stop/loss level and the frequency of such occurrence based on FFS experience. The expenses per capita (also known as the stoploss premium amount) should be deducted from the capitation year projected costs. In the initial application, the effect should be neutral. In the renewal report, the actual reinsurance cost and claims cost should be reported in Actual Waiver Cost. <b>Basis and Method:</b>
			1. The State does not provide stop/loss protection for MCOs/PIHPs/PAHPs, but requires
			MCOs/PIHPs/PAHPs to purchase reinsurance coverage privately. No adjustment was necessary.
			2.   The State provides stop/loss protection
			Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:
	d.	<b>✓</b>	Incentive/bonus/enhanced Payments for both Capitated and fee-for-service Programs:
			1. For the capitated portion of the waiver] the total payments under a capitated contract include
			any incentives the State provides in addition to capitated payments under the waiver program. The costs associated with any bonus arrangements must be accounted for in the capitated costs (Column D of Appendix D3 Actual Waiver Cost). Regular State Plan service capitated adjustments

would apply.

#### **Document**

- i. Document the criteria for awarding the incentive payments.
- ii. Document the method for calculating incentives/bonuses, and
- iii. Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs do not exceed the Waiver Cost Projection.
- i. MDHHS will be withholding a percentage of the capitation payments and will pay this out to PAHPs after the end of the year based on their CQAR/AQAR performance indicators. The criteria for the awards are communicated to the PAHPs each year.
- ii. For each contract year, performance bonus incentives are withheld from the capitation payments for the respective PAHPs. The amount withheld for each year of the waiver period is a percentage of the capitation payment. The incentive costs are calculated as a percentage of the capitated costs.
- iii. The total payments will not exceed the Waiver Cost Projection because the incentives are included in the approved capitation payments. We have assumed the full bonus is paid under the waiver. If performance criteria are not met, incentive payments are not awarded. Conversely, the award cannot exceed the amount from each capitation payment.

The incentive payments have been broken out in the Appendix D spreadsheets for the purposes of determining cost effectiveness.

2. For the fee-for-service portion of the waiver, all fee-for-service must be accounted for in the fee-for-service incentive costs (Column G of Appendix D3 Actual Waiver Cost). ). For PCCM providers, the amount listed should match information provided in D.I.D Reimbursement of Providers. Any adjustments applied would need to meet the special criteria for fee-for-service incentives if the State elects to provide incentive payments in addition to management fees under the waiver program (See D.I.I.e and D.I.J.e)

#### **Document:**

- i. Document the criteria for awarding the incentive payments.
- ii. Document the method for calculating incentives/bonuses, and
- iii. Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs/PCCMs do not exceed the Waiver Cost Projection.

### Appendix D3 – Actual Waiver Cost

### **Section D: Cost-Effectiveness**

### **Part I: State Completion Section**

I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (1 of 8)

Initial Waiver Cost Projection & Adjustments (If this is a Conversion or Renewal waiver for DOP, skip to J. Conversion or Renewal Waiver Cost Projection and Adjustments): States may need to make certain adjustments to the Base Year in order to accurately reflect the waiver program in P1 and P2. If the State has made an adjustment to its Base Year, the State should note the adjustment and its location in Appendix D4, and include information on the basis and method used in this section of the preprint. Where noted, certain adjustments should be mathematically accounted for in Appendix D5.

The following adjustments are appropriate for initial waivers. Any adjustments that are required are indicated as such.

a. State Plan Services Trend Adjustment – the State must trend the data forward to reflect cost and utilization increases. The BY data already includes the actual Medicaid cost changes to date for the population enrolled in the program. This adjustment reflects the expected cost and utilization increases in the managed care program from BY to the end of the waiver (P2). Trend adjustments may be service-specific. The adjustments may be expressed as percentage factors. Some states calculate utilization and cost increases separately, while other states calculate a single trend rate encompassing both utilization and cost increases. The State must document the method used and

how utilization and cost increases are not duplicative if they are calculated separately. This adjustment must be mutually exclusive of programmatic/policy/pricing changes and CANNOT be taken twice. The State must document how it ensures there is no duplication with programmatic/policy/pricing changes.

1.	<b></b> [Requ	ired, if the State's BY is more than 3 months prior to the beginning of P1] The State is using
		State cost increases to trend past data to the current time period (i.e., trending from 1999 to
	presen	
		ctual trend rate used is:
	36.70	
		document how that trend was calculated:
		end rate is 3.00 percent each year between the base year and the first year of the waiver. This
		flects the actual growth rate for the appropriated amounts for the program. The 36.7% ment to 1915(c) waiver services reflects a general trend increase for the future time period of
		t waiver services along with the movement of supports coordination/case management and
		ions expenditures from the administration costs section of the cost-effectiveness filing to the
		e) waiver services. The increase was calculated based on a review of historical experience.
2.	[Requ	ired, to trend BY to P1 and P2 in the future] When cost increases are unknown and in the
	future,	the State is using a predictive trend of either State historical cost increases or national or
	region	al factors that are predictive of future costs (same requirement as capitated ratesetting
		tions) (i.e., trending from present into the future)
	i. 🗸	State historical cost increases.
		Please indicate the years on which the rates are based: base years
		SFY 2012
		In addition, please indicate the mathematical method used (multiple regression, linear
		regression, chi-square, least squares, exponential smoothing, etc.). Finally, please note and
		explain if the State's cost increase calculation includes more factors than a price increase suc
		as changes in technology, practice patterns, and/or units of service PMPM. The yearly CMS 372 reports for fiscal years 2008, 2009, 2010, and 2011 were used to gather
		historical information regarding costs and to develop a trend of growth for those costs. The
		reports provided information pertaining to the level of participation for each service provided
		within the waiver program. The total number of unduplicated participants in the MI Choice
		waiver program and the number of participants for each service of the waiver program were
		projected based on historical patterns adjusted for anticipated growth in appropriations for
		the program. The cost of each unit of service was estimated due to inflation factors obtained
	:: 🗆	from the Healthcare Cost Review prepared by IHS Global Insight.
	ii. 🗌	National or regional factors that are predictive of this waiver's future costs.
		Please indicate the services and indicators used.
		Places in directs how this footon was determined to be anadiative afthis waiven's fitting acts
		Please indicate how this factor was determined to be predictive of this waiver's future costs. Finally, please note and explain if the State's cost increase calculation includes more factors
		than a price increase such as changes in technology, practice patterns, and/or units of service
		PMPM.
3.	☐ The St	ate estimated the PMPM cost changes in units of service, technology and/or practice patterns
		ould occur in the waiver separate from cost increase. Utilization adjustments made were
		e-specific and expressed as percentage factors. The State has documented how utilization and
		creases were not duplicated. This adjustment reflects the changes in utilization between the B
	and the	e beginning of the P1 and between years P1 and P2.
	i.	Please indicate the years on which the utilization rate was based (if calculated separately
		only).
	ii.	Please document how the utilization did not duplicate separate cost increase trends.

## **Section D: Cost-Effectiveness**

## **Part I: State Completion Section**

I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (2 of

b. State Plan Services Programmatic/Policy/Pricing Change Adjustment: This adjustment should account for any programmatic changes that are not cost neutral and that affect the Waiver Cost Projection. Adjustments to the BY data are typically for changes that occur after the BY (or after the collection of the BY data) and/or during P1 and P2 that affect the overall Medicaid program. For example, changes in rates, changes brought about by legal action, or changes brought about by legislation. For example, Federal mandates, changes in hospital payment from per diem rates to Diagnostic Related Group (DRG) rates or changes in the benefit coverage of the FFS program. This adjustment must be mutually exclusive of trend and CANNOT be taken twice. The State must document how it ensures there is no duplication with trend. If the State is changing one of the aspects noted above in the FFS State Plan then the State needs to estimate the impact of that adjustment. Note: FFP on rates cannot be claimed until CMS approves the SPA per the 1/2/01 SMD letter. Prior approval of capitation rates is contingent upon approval of the SPA.

I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (6 of

i. Third Party Liability (TPL) Adjustment: This adjustment should be used only if the State is converting from fee-for-service to capitated managed care, and will delegate the collection and retention of TPL payments for po pay recoveries to the MCO/PIHP/PAHP. If the MCO/PIHP/PAHP will collect and keep TPL, then the Base Yea costs should be reduced by the amount to be collected.	st-
Basis and method:	
1. No adjustment was necessary	
2. Base Year costs were cut with post-pay recoveries already deducted from the database.	
3. State collects TPL on behalf of MCO/PIHP/PAHP enrollees	
4. The State made this adjustment:*	
i. Post-pay recoveries were estimated and the base year costs were reduced by the amount of	
TPL to be collected by MCOs/PIHPs/PAHPs. Please account for this adjustment in Appendi	iX
D5.	
ii. Other Please describe	
riease describe	
<ul> <li>j. Pharmacy Rebate Factor Adjustment: Rebates that States receive from drug manufacturers should be deducted from Base Year costs if pharmacy services are included in the fee-for-service or capitated base. If the base year costs are not reduced by the rebate factor, an inflated BY would result. Pharmacy rebates should also be deducted from FFS costs if pharmacy services are impacted by the waiver but not capitated.</li> <li>Basis and Method:</li> <li>1. Determine the percentage of Medicaid pharmacy costs that the rebates represent and adjust the base year costs by this percentage. States may want to make separate adjustments for prescription versus over the counter drugs and for different rebate percentages by population. States may assume that the rebates for the targeted population occur in the same proportion as the rebates for the total Medicaid population which includes accounting for Part D dual eligibles. Please account for this adjustment in Appendix D5.  Please describe</li> </ul>	ed :
2. The State has not made this adjustment because pharmacy is not an included capitation service and	
the capitated contractor's providers do not prescribe drugs that are paid for by the State in FFS or Pa D for the dual eligibles.	art
3. Ohter	
Please describe	_
k. Disproportionate Share Hospital (DSH) Adjustment: Section 4721 of the BBA specifies that DSH payments	

- k. D must be made solely to hospitals and not to MCOs/PIHPs/PAHPs. Section 4721(c) permits an exemption to the direct DSH payment for a limited number of States. If this exemption applies to the State, please identify and describe under "Other" including the supporting documentation. Unless the exemption in Section 4721(c) applies or the State has a FFS-only waiver (e.g., selective contracting waiver for hospital services where DSH is specifically included), DSH payments are not to be included in cost-effectiveness calculations.
  - 1. We assure CMS that DSH payments are excluded from base year data.
  - 2. We assure CMS that DSH payments are excluded from the base year data using an adjustment.

# **Part I: State Completion Section**

#### **Special Note Section:**

#### Waiver Cost Projection Reporting: Special note for new capitated programs:

The State is implementing the first year of a new capitated program (converting from fee-for-service reimbursement). The first year that the State implements a capitated program, the State will be making capitated payments for future services while it is reimbursing FFS claims from retrospective periods. This will cause State expenditures in the initial period to be much higher than usual. In order to adjust for this double payment, the State should not use the first quarter of costs (immediately following implementation) from the CMS-64 to calculate future Waiver Cost Projections, unless the State can distinguish and exclude dates of services prior to the implementation of the capitated program.

is basing the cos <b>b.</b> The State has in	st-effectiveness projections on the remain	MS-64 from the cost-effectiveness calculations and ing quarters of data.  MS-64 and excluded claims for dates of services prior

8)	v	•					
n. Incomplete Data Adjustment (DOS within DOP only) – The State must adjust base period data to account for incomplete data. When fee-for-service data is summarized by date of service (DOS), data for a particular period of time is usually incomplete until a year or more after the end of the period. In order to use recent DOS data, the State must calculate an estimate of the services ultimate value after all claims have been reported. Such incomplete data adjustments are referred to in different ways, including "lag factors," "incurred but not reported (IBNR) factors," or incurring factors. If date of payment (DOP) data is used, completion factors are not needed, but projections are complicated by the fact that payments are related to services performed in various former periods.							
Documentation of as	sumptions and estimates is required for th	his adjustment.:

- **p.** *Other adjustments:* Federal law, regulation, or policy change: If the federal government changes policy affecting Medicaid reimbursement, the State must adjust P1 and P2 to reflect all changes.
  - Once the State's FFS institutional excess UPL is phased out, CMS will no longer match excess institutional UPL payments.
    - Excess payments addressed through transition periods should not be included in the 1915(b) cost effectiveness process. Any State with excess payments should exclude the excess amount and only include the supplemental amount under 100% of the institutional UPL in the cost effectiveness process.
    - For all other payments made under the UPL, including supplemental payments, the costs should be included in the cost effectiveness calculations. This would apply to PCCM enrollees and to PAHP, PIHP or MCO enrollees if the institutional services were provided as FFS wrap around. The recipient of the supplemental payment does not matter for the purposes of this analysis.
  - 1. V No adjustment was made.

2.	☐ This adjustment was made. This adjustment must be mathematically accounted for in Appendix D.	5.

## K. Appendix D5 – Waiver Cost Projection

The State should complete these appendices and include explanations of all adjustments in Section D.I.I and D.I.J above.

Columns have been added for 1915(c) waiver services for purposes of this waiver submission. The transition of the MI Choice payments to a capitated arrangement is reflected in the removal of 99.5% of the administration PMPM in columns AC-AF along with the increase to the 1915(c) waiver services costs in columns Y-AB. The per member per month value included in column AB for Prospective Year 1 (P1) is consistent with the composite PMPM for all rate cells in the SFY 2014 MI Choice capitation rate certification letter. MDHHS has indicated that 1% of the capitation rate will be withheld from waiver agencies and paid based on certain measures. This withhold amount is reflected in the incentive cost columns Q-T in the D5. Waiver Cost Projection section. A 3% increase to the capitation rates, incentive costs and administrative costs PMPMs is reflected for Prospective Years 2 through 5.

Appendix D5 – Waiver Cost Projection
