

Bullying Prevention Initiative Grant Cycle 2021-2022

Guidelines

Introduction: The Michigan Department of Health and Human Services (MDHHS) Children's Special Health Care Services (CSHCS) Division is partnering with the Family Center for Children and Youth with Special Health Care Needs (Family Center) to offer small grant opportunities for school districts and/or schools to reduce bullying for children and youth with special health care needs. Successful organizations will create or expand a peer-to-peer support program which replicates the Statewide Autism Resources and Training (START) peer-to-peer program while incorporating anti-bullying initiatives specific to children and/or youth with special health care needs. Children with special health care needs includes children who have physical, developmental, behavioral, or emotional conditions that impact their activities of daily living. An informational webinar will be held Monday, June 14, 2021 at 1:00 pm for interested organizations. Please register for the webinar at <https://www.eventbrite.com/e/bullying-prevention-initiative-grant-technical-assistance-webinar-tickets-156522977439>.
