

CSHCS CONDITIONS WITH ASSOCIATED PROVIDERS

- Information sheet for providers that are needed for some CSHCS diagnoses.
- This list is not all inclusive of all providers that may be needed.
- Many diagnoses have a variable course and will not need all of the providers listed.
- For those diagnoses with occasional providers listed, please retrieve a medical report.
- Surgery, hospitalizations, labs and x-ray related to the client’s eligible CSHCS diagnoses will be covered.
- Hospital notes cannot be used for renewal.
- ** = primary subspecialist for renewal.
- Add the CMDS clinic if the clinic treats one of the clients qualifying dx’s.

CONDITION	PROVIDERS NEEDED
Anomalies of Skull and Face/Craniosynostosis: Example: Q758 & Q759	Craniofacial/Cleft Palate Clinic Neurosurgeon Plastic Surgeon Hospital
Asthma: Example: J45998, J4540, J4550	Peds Pulmonology Allergy/Immunology Hospital
Brachial Plexus Injury: Example: G540	Brachial Plexus Clinic Peds Orthopedics Neurosurgeon Neurologist PM&R Hospital
Burns	Plastic Surgery Pediatric Surgery PM&R Hospital
Cancer/Leukemia	Peds Hematology/Oncology ** Peds Surgery Radiation Oncology Neurosurgery for brain tumors Cardiology Audiology Most specialties could be added based on type of cancer – send medical Hospital

<p>Cardiology/Congenital Heart Disease</p>	<p>Peds Cardiology** Peds Cardiac Surgery** Cardiac rehab therapy Hospital</p>
<p>Cerebral Palsy: Example: G800, G801, G802, G803, G804, G808, G809</p>	<p>Pediatric Neurology** Orthopedics Physiatrist PM&R** Neurodevelopment** PT/OT/SLP Hospital</p>
<p>Cleft Lip/Cleft Palate: Example: Q359, Q360, Q361, Q369, Q378, Q379</p>	<p>Craniofacial/Cleft Palate Clinic** CMDS Clinic NPI** Plastic Surgery** Dentist Oral Surgeon (MD)** Orthodontia needs prior medical consultant approval for all except Q359, Q378 and Q379 (not for Cleft Lip Only dxs) ENT Audiology SLP (Speech and Language Pathologist) Hospital</p>
<p>Cystic Fibrosis: Example: E849</p>	<p>Cystic Fibrosis Clinic** Peds/Adult Pulmonology ** Endocrine GI ID (Infectious Disease) Hospital Lung Transplant team**</p>
<p>Dermatomyositis: Example: M330-M3313</p>	<p>See Rheumatoid Arthritis</p>
<p>Diabetes: Example: E108, E109, E118 (Diabetes Insipidus: E232-ophthalmology not covered)</p>	<p>Peds Endocrinology** Diabetes Clinic Hospital Ophthalmology</p>

DiGeorge Syndrome – PHASED OUT	Peds Cardiology Craniofacial/Cleft Palate Clinic Endocrinology Immunology Hospital
Dysphagia/Feeding Tubes Examples: R1310 – All Dysphagia types R1319 – Specific for Devos & Mott (IFC Admission needs Prior Approval) (Q399 – G-Tube)	Peds Gastroenterology Devos Feeding Clinic (Dr. Behrmann, Dr. Quist, Devos & MFB Outpatient) Surgeon (to insert G- Tube) PM&R Hospital
Encephalitis/Meningitis: Example: G0490, G009-G039	Peds Neurology Peds Infectious Disease Neurosurgery Hospital
Epilepsy: G4009, G40019, G40109, G40119, G40209, G40219, G40309, G40409, G40419, G40822, G40824	Peds Neurology** Neurosurgery Hospital
Esotropia/Exotropia Strabismus/Amblyopia	Ophthalmology** Optometry (dispensing only, no exams) Classic Optical (State’s vision contractor)
Friedreich's ataxia	Peds Neurology Orthopedics PM&R Hospital
Growth Hormone Deficiency (Hypopituitarism) Example: E230 Can be associated with: Turner’s Syndrome, Prader Willi, IUGR, Russel-Silver, SHOX, Chronic Kidney Disease	Peds Endocrinology Hospital
Hodgkins/Lymphoma (See Cancer)	Peds Hematology Oncology** Peds Surgery Maybe BMT (Bone Marrow Transplant Team) Radiation Oncology Hospitals

<p>Hemophilia/Von Willebrand's (bleeding disorders not clotting disorders): Example: D66, D67, D6800</p>	<p>Hemophilia Clinic** Peds/ Adult Hematology** Dentist, as will need treatment plan for potential bleeding Hospital</p>
<p>Hydrocephalus: Example: G910 – G919</p>	<p>Neurosurgeon** Peds Neurology** PM&R Ophthalmology Hospital</p>
<p>Klippel-Feil Syndrome (Fused Cervical Vertebrae): Example: Q761</p>	<p>Peds Orthopedics Peds Neurosurgery Peds Neurology Hospital</p>
<p>Limb Deformities</p>	<p>Peds Orthopedics PM&R Hospital</p>
<p>Metabolic Disorder (E729 Amino Acid) (E748 Carbohydrate)</p>	<p>Metabolic/Biochemical Genetics Hospital</p>
<p>Mitochondrial Disease</p>	<p>Metabolic Clinic Peds Neurology** PM&R Metabolic/Biochemical Genetics** Hospital</p>
<p>Muscular Dystrophy: Example: G7100 – G7111</p>	<p>Peds Orthopedics Peds Neurology** Peds Cardiology Peds Pulmonology PM&R Hospital</p>
<p>Mucopolysaccharidoses (e.g. Pompe, Gauche, Hurler, Hunter) E761, E76210, E76211, E76219, E7622, E7629, E763</p>	<p>Metabolic/Biochemical Genetics** Cardiology Neurology Nephrology</p>

<p>Neurofibromatosis:</p> <p>Example: Q8500, Q8501, Q8502</p>	<p>Peds Neurology** Neurofibromatosis Clinic** Ophthalmology Cardiology Hospital</p>
<p>Prader Willi</p>	<p>Peds Neurology** PM&R Peds Endocrinology** Hospital</p>
<p>Rheumatoid & Juvenile Arthritis (Dermatomyositis, Lupus):</p> <p>Example: M009-M0890</p>	<p>Peds Rheumatology** Peds Orthopedics Peds Ophthalmology PM&R For Lupus, Peds Nephrology Hospital</p>
<p>Scoliosis:</p> <p>Example: M4100-M419</p>	<p>Peds Orthopedic Surgeon** Neurosurgery PM&R Hospital</p>
<p>Hearing Loss Sensorineural/Conductive</p> <p>Example: H902, H905, H908</p>	<p>ENT Audiology Cochlear Implant Center, BAHA center, hearing aids Hospital or Hearing Center</p>
<p>Serous Otitis Media & Eustachian Tube Dysfunction:</p> <p>Example: H6520 – H6980</p>	<p>ENT** Audiology Hospital</p>
<p>Sickle Cell:</p> <p>Example: D571-D5780</p>	<p>Sickle Cell Clinic** Peds/Adult Hematologist** Ophthalmology Hospital</p>
<p>Sleep Apnea:</p> <p>Example: G4730, G4733</p>	<p>Peds Pulmonology** Neurology ** Sleep Medicine** ENT Hospital</p>

<p>Spina Bifida Myelodysplasia:</p> <p>Example: Q050-Q059</p>	<p>Myelodysplasia Clinic Peds Orthopedics Urology PM&R** Peds Neurosurgery** Neurology** Hospital</p>
<p>Talipes Equinovarus (club foot):</p> <p>Example: Q660</p>	<p>Peds Orthopedics** PM&R Hospital</p>
