

CSHCS ALERT #12-2018 - CHASS System Updates

Monday, November 26, 2018 10:05 AM

Good Morning,

The CHASS web application received updates which are effective Monday, November 26, 2018. Below is a summary of some of the updates in this release.

- **Bug Fixes:**
 - When updating a NEMT Prior Authorization that has the status of "Updates Required" the User can now click Submit Correction. The Prior Authorization will be saved and the status will be set to "Corrected".
- **Requested Improvements:**
 - Coordination Tracking: If a Plan of Care is submitted in the last 30 days of the current eligibility period it will be applied to the future eligibility period. If no future eligibility period exists then the system will prompt the user to request an exception.
 - NEMT Prior Authorization & NEMT Management screens now have filters for all statuses.
 - NEMT Prior Authorization & NEMT Management screens now have a loader when a filter has been applied while the data is being retrieved.
 - NEMT create a new status of "Over 90 Days".
 - Only records that are "In Progress" status will be updated to "Over 90 Days" status.
 - "Over 90 Days" status is set on a Prior Authorization after 90 days from the last day of the month of approved travel.
 - Example: Approved travel on a Prior Authorization ends 5/15/18. The Prior Authorization would be updated to "Over 90 Days" status on 9/1/18.
 - "Over 90 Days" records status will only be updated if they are Approved or Denied.
 - Coordination Tracking: Performance improvement when loading a quarter from the Quarterly Submission Management screen.
 - NEMT Prior Authorization - Title V clients, transporter demographics must require either a family member or for non-family member a Transporter Provider ID is required.
 - NEMT - On the PDF's mask the SSN and Phone Number of the client and transporter.
