**Subject:** RE: State lead testing results???

Mark & Rashmi,

I want to know whether you have confirmed with the lead program staff at MDHHS that the state results that purport that lead levels have not shown a significant increase since the changeover of the water supply for the city of Flint indeed represent Flint city zip codes only and not Flint mailing addresses. As I mentioned to you both this morning, Flint mailing addresses would include outlying areas like Flint and Mundy Townships which obtain their water from the Detroit Water Authority.

**Subject:** testing

So they're wondering about testing capacity up here.

If the City of Flint gets a big deluge of requests, will they be able to handle them? Would they need additional assistance? Have they projected any expected demand? They are currently testing right?

Thanks!
