Promedica CV Hickman	No	Provisional
Sparrow Eaton	No	Provisional
Hillsdale Community Health Center	No	Provisional
St. Joseph Livingston	No	Provisional

Work Plan Objective Progress and Highlights:

complete sections that have progress within the quarter

Injury Prevention

Objective: A trauma system public information and education plan exists that heightens public awareness of trauma as a disease, the need for a trauma care system and the prevention of injury. The RTN will promote evidenced based primary injury prevention activities and projects.

Progress: The committee has developed several injury prevention flyers, brochures and social media ready posts to be used by regional partners

Communications

Objective: There is a procedure for communications among medical facilities when arranging for inter-facility transfers including contingencies for radio or telephone system failure.

Progress: The process of developing a fact sheet that outlines all the available forms of communications in Region 1 is in progress. Once done RTAC education will be conducted.

Infrastructure

Objective: The regional trauma network plan should ensure that the number, levels, and distribution of trauma facilities are communicated to all partners and stakeholders. The RTN should develop procedures to ensure that trauma patients are transported to an appropriate facility that is prepared to provide care.

Progress: Work has begun to update an informational addendum that identifies the number, levels and distribution of trauma facilities based on available data.

Regional Performance Improvement

Objective: The retrospective medical oversight of the EMS system for trauma triage, communications, treatment, and transport is closely coordinated with the established performance improvement processes of the trauma system.

Progress: The RPSRO is working on how to use the data inventory for performance improvement

Continuum of Care

Objective: The lead agency has incorporated, within the trauma system plan and the trauma center standards, requirements for rehabilitation services including interfacility transfer of trauma patients to rehabilitation centers.

Progress: Not much work has been done with this pillar

Trauma Education

Objective: The regional trauma network establishes and ensures that appropriate levels of EMS, nursing and physician trauma training courses are provided on a regular basis.

Progress: The region is in the process of developing an educational series for EMS partners

Other relevant activities information:

Grant activities are underway and will be ongoing. The RTC continues to produce a daily EMResource report for the District 1 Healthcare Coalition, MCA, and Trauma Partners.

Administrative Rule Requirements:

- Yes No Quarterly meeting minutes on shared drive.
- Yes No All MCA's participating in the RTN.
- Yes No Performance improvement ongoing.
