Work Plan Objective Progress and Highlights:

complete sections that have progress within the quarter

Injury Prevention

Indicator(s): 306.2 The RTN is active within the region in the monitoring and evaluation of regional injury prevention activities and programs.

Progress: The Injury Prevention (IP) /Education committee attends all RTAC meetings and provides IP/Education committee report as a standing agenda item. The IP/Education committee met in August 2020 and discussed platforms to use for IP activities moving forward, as well as planned IP events for the remaining year. The IP/Education committee also discussed providing information and educational pieces to the regional stakeholders via the 5DMRC website.

Communications

Indicator(s): The RTN is active within the region in the monitoring and evaluation of regional injury prevention activities and programs

Progress: No process made on this indicator.

Infrastructure

Indicator(s): 302.1 There is well- defined regional trauma system medical oversight integrating the needs of the trauma system with the medical oversight of the overall EMS system

Progress: The Region 5 RPSRO committee has been recently formed. This committee has EMS, MCA director, TMD, trauma surgeon membership. The first meeting for the RPSRO is October 15, 2020.

Regional Performance Improvement

Indicator(s): 303.4: When injured patients arrive at a medical facility that cannot provide the appropriate level of definitive care, there is an organized and regularly monitored system to ensure the patients are expeditiously transferred to the appropriate, system defined trauma facility.

Progress: No process made on this indicator.

Continuum of Care

Indicator(s): 308.1: The regional work plan addresses the integration and participation of rehabilitation services within the continuum of care for trauma patients.

Progress: No process made on this indicator.

Trauma Education

Indicator(s): 310. new protocols and treatment approaches are instituted within the regional trauma system, structured processes are in place to inform or educate all personnel of those changes in a timely manner.

Progress: The IP/Education has met and discussed processes to disseminate regional educational opportunities to all R5 stakeholders through the 5DMRC website. IP/Education committee reports to RTAC as a standing agenda item.

Other relevant activities information:

The Region 5 RTN met August 2020. New officers have been elected for RTAC and RTN. The R5 application has been approved and submitted. In moving forward, the RTAC has recommended that four subcommittees form to develop action plans for the R5 workplan goals/objectives. The four subcommittees will report back to the RTAC as a standing agenda item providing progress made, updates, requesting recommendations. Meetings with RTC and the new RTN, and RTAC officers are being held.

Administrative Rule Requirements:

- Yes - Quarterly meeting minutes on shared drive.
- Yes - All MCA's participating in the RTN.
- Yes - Performance improvement ongoing.
