NAME  
TITLE  
ADDRESS  
CITY STATE ZIP

Dear Tribal Chair and Health Director:

**RE:** Michigan Department of Health and Human Services (MDHHS) Response to Address COVID-19 Public Health Emergency – December 2020

This letter, in compliance with Section 1902(a)(73) and Section 2107(e)(1)(C) of the Social Security Act, serves as notice to all Tribal Chairs and Health Directors of the intent by MDHHS to submit Medicaid Disaster Relief State Plan Amendment (SPA) requests to the Centers for Medicare & Medicaid Services (CMS).

The purpose of the SPA requests is to obtain the authority to utilize flexibilities in connection with the COVID-19 public health emergency. These flexibilities will allow MDHHS the ability to fully address the health needs of Medicaid beneficiaries during this public health emergency.

### **SPAs for Disaster Relief of COVID-19**

The Disaster Relief SPAs allow MDHHS to request temporary flexibility in addressing health care needs and support for Medicaid beneficiaries during COVID-19. The requested flexibilities during COVID-19 are:

- Allow for a temporary increase to the Durable Medical Equipment (DME) provider rate for non-sterile gloves effective October 1, 2020.
- Allow for a temporary increase to 100% of the Medicare rate for COVID-19 Vaccine Administration.
- Allow Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs) to be reimbursed for COVID-19 vaccine administration through an Alternative Payment Methodology (APM) separate from the Prospective Payment System when no other eligible qualifying clinic visit is provided on the same date of service.
- Allow Tribal Health Centers (THCs) to be reimbursed for COVID-19 vaccine administration through an APM separate from the All-Inclusive Rate reimbursement methodology when no other eligible qualifying clinic visit is provided on the same date of service.
- Allow Tribal FQHCs to be reimbursed for COVID-19 vaccine administration through an APM separate from the All-Inclusive Rate reimbursement methodology when no other eligible qualifying clinic visit is provided on the same date of service.

- Allow for the coverage of Emergency Use Authorization for investigational drugs, devices, and biological agents and their administration for COVID-19 prevention and treatment.

The approval by CMS for these flexibilities will continue until the public health emergency is over unless otherwise stated above. MDHHS expects these changes to increase access to COVID-19 services for Native American beneficiaries.

The anticipated effective date of these temporary changes is December 1, 2020, unless otherwise stated above.

Due to the public health emergency, the Tribal consultation timeline requirements identified in the State Plan have been modified per the approved Section 1135 Waiver. There is no public hearing scheduled for these submissions. Input is highly encouraged, and comments regarding this notice of intent may be submitted to Lorna Elliott-Egan, MDHHS Liaison to the Michigan tribes. Lorna can be reached at 517-512-4146, or via email at [Elliott-EganL@michigan.gov](mailto:Elliott-EganL@michigan.gov). **Please provide all input by February 26, 2021.**

In addition, MDHHS provided an overview of the temporary increase to the DME provider rate for non-sterile gloves during the Tribal Health Directors Quarterly Meeting Call on November 23, 2020, and is offering to set up group or individual consultation meetings to further discuss the Disaster Relief SPAs, according to the tribes' preference. Consultation meetings allow tribes the opportunity to address any concerns and voice any suggestions, revisions, or objections to be relayed to the author of the proposal. If you would like additional information or wish to schedule a consultation meeting, please contact Lorna Elliott-Egan at the telephone number or email address provided above.

MDHHS appreciates the continued opportunity to work collaboratively with you to care for the residents of our state.

Sincerely,

Kate Massey, Director  
Medical Services Administration
