SELF-CARE WORKSHEET

Neglecting self-care can have negative effects on body, mind, and spirit, leaving us depleted and out of balance. For this reason, it is important to have self-care strategies that address each of these parts of ourselves. Organizations also need to support self-care for staff and volunteers. On the chart below, list as many self-care strategies as you can. (An example is given in each area to get you started). After you have listed strategies, place a check-mark (✓) to any that you do regularly, and put a star (★) next to any you might like to consider adding to add to your life.

PHYSICAL	MENTAL (INCLUDES EMOTIONAL)	SPIRITUAL	ORGANIZATIONAL
