Parent Connect Calls

Conversations with parents of children with special needs!

Parent to Parent Support!

Have you ever wished you had someone to talk to when you received your child's diagnosis? Someone who you felt could understand your situation, if only a little bit. That is why parent to parent support is so important. During this call, I will explain the importance of parent to parent support and tell you about Michigan's Parent to Parent Support Network which is administered through the Family Center.
