Dear Colleagues,

The Family Center for Children and Youth with Special Health Care Needs (Family Center) is the statewide, parent-directed center within Children's Special Health Care Services (CSHCS) and the Michigan Department of Health & Human Services (MDHHS). The mission of the Family Center is to support and connect Michigan families of children and youth with special health care needs, provide family-centered leadership throughout Michigan's health care settings, and partner in the decision-making process within the systems of care for children and youth with special health care needs.

**The Family Center is excited to offer monthly Professional Connect Calls. We have a call scheduled for Thursday, August 19, 2021 from 3:00-4:00 pm EST. The topic for this call is Children's Special Health Care Services (CSHCS) 101. Please join us as we host Kandace McConnell and Karrie Butler from CSHCS as they share a deeper understanding of the history, background and programming of CSHCS. This call will help you identify who may be eligible for CSHCS coverage, services available through the program and a Q & A at the end of the presentation.**

We would appreciate you sharing our event flyer to help make the call a success.
