Agenda Item	Presenter	Notes/Action Items
Welcome and Roll Call, membership updates (5 minutes)	All	Jeremy Cunningham will join the meeting today. Facilitation of EDIT will transition to Kasi Hunziger.
Review and approve prior meeting minutes (5 minutes)	Jackie	January minutes reviewed and approved.
Review Action Items from prior meeting (10 minutes)	Jackie	<ol style="list-style-type: none"> 1. deadline for CWP change from T2023 to T1017 set at 7/1/21. 2. By 10/1/2021 we should no longer see 96 units/24 hrs. of H2015 without a UJ modifier/day. Reminder: H2015-UJ should be reflected in the plan for each individual based on their typical "overnight" sleep schedule (i.e. hours they typically sleep/go to sleep). Authorizations should be made based on this point and units reported accordingly.

Agenda Item	Presenter	Notes/Action Items
		3. No suggestions received yet on how to move forward with Encounter Coordination of Benefits (COB) reporting.
Code Chart and Provider Qualifications Chart updates (10 minutes)	Kasi	<p>February 2021 Update:</p> <ul style="list-style-type: none"> Update throughout the code chart to show that once the COVID-19 emergency was over we would be moving away from the modifiers of 95 and GT to denote telemedicine. <p>March 2, 2021 Update:</p> <ul style="list-style-type: none"> Page 3: added note to both modifier 95 and GT that these are removed once the pandemic is deemed over. Page 58: added Healthy Michigan coverage to the Telemedicine Facility Fee service. Page 47 of the appendix: to clarify ABA same time reporting. <p>March 15, 2021 Update:</p> <ul style="list-style-type: none"> Removing pre-authorization language from 97155 and 97156. Page 5: added language to the TT modifier to allow it until the end of the FY. <p>April 7, 2021 Update:</p> <ul style="list-style-type: none"> Deleting threshold for T1023.
Separate reporting for transportation services (15 minutes)	Kathy	<p>Outcome of special EDIT meeting held on March 8 regarding proposed changes to transportation reporting: postpone implementation until 10/1/2022.</p> <p>Jeremy Cunningham reviewed slides on federal guidance and MDHHS goals for transportation. There is different impact on direct-run vs network providers of transportation. CMHSPs who provide transportation (direct run) and want to pilot using transportation encounter codes beginning FY22 will have the opportunity to do so. Kathy agreed to arrange for communication with CMHs and PIHPs to request interest and set up an EDIT Transportation subgroup.</p>
Update on development of a tiered rate for licensed residential services – CLS and Personal Care. (10 minutes)	Belinda	A Residential Tiered Rates Workgroup held their first meeting on 3/30, bi-weekly meetings scheduled until 5/25/21. The workgroup purpose is to develop a tiered rate for licensed residential services – CLS and Personal Care.

Agenda Item	Presenter	Notes/Action Items
		<p>See attachment named “Considerations for Developing Tiered Rates”.</p> <p>Meeting on 4/13 reviewed current service settings. Staffing expectations will be established. Group includes MDHHS staff, PIHP/CMH reps as well as provider members. No concrete timeline set at this point for when tiered rates would be implemented.</p>
<p>Update from EDIT FY22 Modifier Changes Subgroup (15 minutes)</p>	<p>Jackie</p>	<p>Reminder that minutes are posted on the BHDDA website.</p> <p>The final SFY 2022 Code Sets will be shared when available.</p> <p>Questions from the group about the latest SFY 2022 Code Sets draft:</p> <ol style="list-style-type: none"> 1. Will HF modifier be discontinued as of FY22? Yes, because BHDDA plans to use the PIHP CHAMPS provider ID to identify services as SUD. PIHPs have two CHAMPS provider/submitter IDs, one for SUD encounters and a second for everything else. PIHPs will need to develop a process internally to replace use of HF. EDIT members recommend assessing impact on processes where data is aggregated, for example H0018 which is used for crisis residential on the MH side and short-term SUD residential. 2. H0039 on the Final 2022 list has 240 possible modifier combinations (in FY21 there were 9 rows). Does a cost need to be developed for all 240? Anne’s understanding is that not all code/modifier combinations must be used. For EQI reporting does a cost need to be developed for ALL code/modifier combos? Jeremy said that the expectation is not to have a cost developed at each code/modifier combo level, but instead at the cost center level. Ione suggested that MDHHS clarify when it is expected that there will be a difference in the cost between code/modifier combinations, and when rows can be costed together. Jeremy will assist with providing this clarity. 3. Does the Final 2022 List represent all changes required from FY21 to FY22? No, this list represents changes from the January 2021 SFY 2022 Code Sets draft.
<p>H0043 to H2015 transition: follow-up from March 19 BHDDA hosted TA session. The EDIT H2015 Subgroup will reconvene.</p>	<p>Belinda</p>	<p>EDIT H2015 Subgroup has reconvened, met 4/14/21 to provide additional clarification on the preponderance rule, what services can overlap with H2015, etc. MDHHS would like to clarify that the preponderance rule is not required to be used.</p>

Agenda Item	Presenter	Notes/Action Items
BHDDA working with the group to answer outstanding questions, such as what services can overlap with H2015 and interpretation of the Preponderance rule. (10 minutes)		BHDDA continues to work to help resolve issues. The H2015 FAQ is being updated to include issues identified during the TA. What do EDIT members need most from BHDDA currently? Responses to the questions mentioned above. Affirmations like the deadline for the UJ modifier.
Wrap-Up and Next Steps (5 minutes)	Jackie	4/13 MDHHS Notice of proposed policy “Establishment of cost reporting requirements for behavioral health service providers contracted/affiliated with CMHSPs and PIHPs. The Standard Cost Allocation group developed talking points to be shared with CMHSPs.
