

**Amendment No. 1 to the Agreement Between
Michigan Department of Health & Human Services
And
CMHSP: _____
For
Managed Mental Health Supports and Services**

- 1. Period of Agreement:** This agreement shall commence on October 1, 2019 and continue through September 30, 2020.
- 2. Period of Amendment:** October 1, 2019 through September 30, 2020.
- 3. Program Budget and Agreement Amount:** Payment to the CMHSP will be paid based on the total funding available for managed mental health supports and services as identified in the annual Legislative Appropriation for community mental health services programs for the period of October 1, 2019 through September 30, 2020. The estimated value of this is contingent upon and subject to enactment of legislative appropriations and availability of funds.
- 4. Amendment Purpose:** This amendment is for changes to the following:
 - Removal of sections 4.7 SED Waiver and 6.9.7 Children's Waiver
 - New contract section 7.4.6 The General Fund Distribution Model with related attachment C7.4.6
 - Contract attachment C6.3.2.1 CMHSP Local Dispute Resolution
 - Contract attachment C6.5.1.1 CMHSP Reporting Requirements – Recipient Rights Data Reporting Requirements
 - Contract attachment C6.9.6.1 School to Community Transition Planning Policy
- 5. Original Agreement Conditions:** It is understood and agreed that all other conditions of the original agreement remain the same.
- 6. Special Certification**
The individual or officer signing this amendment certifies by his or her signature that he or she is authorized to sign this amendment on behalf of the responsible governing board, official or contractor.

7.4.6 The General Fund Distribution Model

The General Fund Distribution Model in the 1.17.18 Attachment A which is incorporated into this contract by reference identifies a 5-year implementation plan effective Oct. 1, 2018 phasing in a reallocation of general funds according to a New GF distribution model through fiscal year 2023. The March 26, 2018 MDHHS Memorandum Attachment B entitled “Change in Allocation Methods for General Fund Allocations to CMHSPs” is incorporated into this contract by reference. The data sources used in developing this GF Distribution Model included in the 2.6.17 Attachment C which is incorporated into this contract by reference shall continue to inform the new model. Additional funds appropriated by the legislature shall be included in the non-base GF component of the model. This general fund distribution model is subject change by legislative action.

RICK SNYDER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF HEALTH AND HUMAN SERVICES
LANSING

NICK LYON
DIRECTOR

MEMORANDUM

DATE: March 26, 2018

TO: CMHSP Executive Directors

FROM: John Duvendeck, Director 
Program Development, Consultation & Contracts Division

SUBJECT: Change in Allocation Methods for General Fund Allocations to CMHSPs

The distribution of General Fund resources to the Community Mental Health Services Programs (CMHSP) has largely been based on past historical distributions and has not been reflective of the community needs across the State. Legislators, the Michigan Department of Health and Human Services (MDHHS) and other stakeholders, including the Community Mental Health Association of Michigan (CMHAM), agreed that a General Fund distribution methodology should be established to equitably distribute the resources based on the needs of the population the CMHSPs are responsible to serve. A workgroup was created with representation from MDHHS and various CMHSPs and CMHAM to develop the new methodology. A consensus was reached among the workgroup on the variables that would be used to develop the new funding formula.

Beginning October 1, 2018, the MDHHS will change how General Fund amounts are allocated to the CMHSPs. The change to the revised distribution methodology will be phased in over five years. The new allocation method reflects an operating base for all CMHSPs, current demands on General funds for jail diversion and spend down, with the balance of the allocations based on each CMHSPs non-Medicaid population that is at or below 200% of the Federal Poverty level.

Detailed information on the current CMHSP allocations and the impact of implementing the new methodology over the five year time period beginning October 1, 2018, is attached. Should you have any questions, please contact myself or Thomas J. Renwick.

CHAMPS - Report						

CMHSP LOCAL DISPUTE RESOLUTION PROCESS

I. SUMMARY BACKGROUND

All consumers have the right to a fair and efficient process for resolving local disputes and complaints regarding their services and supports managed and/or delivered by Community Mental Health Services Programs (CMHSPs) and their provider networks. A consumer of or applicant for public mental health services may access several options to pursue the resolution of local disputes and complaints. These options are defined through the Recipient Rights requirements referenced in the Michigan Mental Health Code (hereafter referred to as the Code) for all recipients of public mental health services, and the MDHHS/CMHSP contract. *[Additional options for Medicaid beneficiaries are explained in the Appeal and Grievance Technical Requirement located in Attachment P.6.3.1.1 of the MDHHS contracts with the Pre-paid Inpatient Health Plans (PIHPs).]* It is important to note that a consumer receiving mental health services and supports may pursue his/her dispute through the local appeals or grievance processes described below in this attachment or the consumer may pursue his/her complaint through the Recipient Rights process referenced in the next paragraph. The intent here would be to not duplicate processes.

Chapters 7, 7a, 4 and 4a of the Code describe the broad set of rights and protections for recipients of public mental health services as well as the procedures for the investigation and resolution of recipient rights complaints. For details on the Recipient Rights processes refer to C6.3.2.5. For Family Support Subsidy appeals refer to Attachment C6.3.2.2.

For the purposes of this attachment, the focus will be on those disputes related to an “action” the denial, reduction, suspension or termination of services and supports or a “grievance” which relates to the general satisfaction with services and/or the process, for the non-Medicaid consumer. Specifically, the purpose of this document is to provide operational guidance to CMHSPs to meet the requirements of the MDHHS/CMHSP contract regarding grievance and local appeal systems for consumers who are not Medicaid eligible, contained in Section 6.3.2.1 - CMHSP Local Dispute Resolution Process.

All consumers of public mental health services will receive notice of their rights and an explanation of the local dispute processes. This attachment in no way requires the exhaustion of local dispute or alternative dispute resolution processes prior to the filing of a recipient rights complaint pursuant to Chapter 7 and 7a of the Code.

II. UNDERLYING VALUES AND PRINCIPLES

Properly structured local dispute processes for consumers should promote the resolution of concerns, as well as support and enhance the overall goal of improving the quality of care. The local dispute processes should be:

- Timely
- Fair to all parties
- Administratively simple
- Objective and credible
- Accessible and understandable
- Cost and resource efficient
- Subject to quality review

In addition, the process should:

- Not interfere with communication between consumers and his/her CMHSP service provider(s).
- Assure that service providers who participate in the local dispute process, on behalf of consumers should be free from discrimination or retaliation.
- Assure that consumers who file local disputes should be free from discrimination or retaliation.

III. DEFINITIONS

- A. Local dispute – For the purposes of this attachment, a local appeal or local grievance. (Recipient rights complaints would be referred to that process)
- B. Local appeal – dispute related to the denial, suspension, termination or reduction of services and/or supports
- C. Local grievance – An expression of dissatisfaction about any matter, service related, other than an action.
- D. Expedited review – The review of an appeal that must be done within 3 working days.
- E. Recipient Rights complaint - a written or verbal statement by a recipient or anyone acting on behalf of a recipient alleging a violation of a Mental Health Code protected right cited in Chapter 7, which is resolved through the processes established in Chapter 7A.

IV. REQUIRED LOCAL DISPUTE RESOLUTION PROCESS

- A. The CMHSP must have a local dispute resolution process, to address decisions by the CMHSP and/or its provider network that impact the consumer's access to, or satisfaction with, services and supports.

Each CMHSP must have a written description of its local dispute resolution process available for review by MDHHS. The description must reflect all of the requirements below and indicate if the local dispute process should be used or if it is more appropriate that the CMHSP ORR system is to be used.

- B. The local dispute resolution process at a minimum must possess the following characteristics:
 - 1. Provides for a timeframe in which a consumer has to initiate a local dispute – thirty (30) days from the time Notice is received (for reduction, suspension or termination)
 - 2. Provides for prompt resolution; 45 calendar days for local appeals and 60 calendar days for local grievances

3. Assures the participation of individuals with the authority to require corrective action. Someone with the authority to act upon the recommendations of the dispute resolution process must be involved. This would include the executive director or designee.
4. Assures that the person reviewing the local appeal or local grievance will not be the same person(s) who made the initial decision that is subject to the dispute.
5. Provides a mechanism for expedited review of a local appeal involving denial of psychiatric hospitalization.

NOTE: Applicants and consumers are entitled to a second opinion, under the Code, for this same type of denial. Please see C3.1.1.

6. Provides the consumer with written notification of the local dispute resolution process decision and subsequent avenues available to the consumer if he or she is not satisfied with the result, including the right of consumers without Medicaid coverage to access the MDHHS Alternative Dispute Resolution process after exhausting local dispute resolution procedures.
 - a. Provides reports of local disputes, i.e., local appeals and grievances, periodically to the CMHSP governing body.
 - b. Reports of local disputes will be reviewed by the CMHSP Quality Improvement Program to identify opportunities for improvement.
 - c. Records of local disputes must be made available to the MDHHS for review upon request.

V. SPECIFIC PROCESSES

A. Expedited Processes for Psychiatric hospitalization Denials:

1. In the event that a physician or licensed psychologist, external to the CMHSP, attests in writing that the individual meets the definition of an emergency situation as defined in Section 100a (29(a) or (c) of the Code, the CMHSP must assess the individual to determine if he/she meets the inpatient admission certification criteria, as defined in the Code. If psychiatric inpatient services are denied, the individual his/her guardian, or his/her parent in the case of a minor child, must be informed of their right to the Local Dispute Resolution Process, with the decision from that process to be reached within three (3) business days.

2. If the CMHSP does not recommend hospitalization and an alternative service requested by the individual, his/her guardian, or in the case of a minor child, his/her parent is denied, the CMHSP must inform the individual, his/her guardian, or in the case of a minor child, his/her parent, of his/her ability to access the Local Dispute Resolution Process.
3. The CMHSP must communicate the decision of the Local Dispute Resolution Process and inform the individual, his/her guardian, or his/her parent of a minor child of the right to access the MDHHS Alternative Dispute Resolution Process, if not satisfied with the outcome of the local dispute resolution process.

B. Processes for Suspension, Reduction or Termination of Existing Services:

1. Whenever a currently authorized service or support or currently authorized services are to be suspended, terminated, or reduced by the CMHSP or its provider network provider, (whether through a utilization review (UR) function, or when the action is taken outside of the person-centered planning process when the CMHSP does not have an identifiable UR unit), the CMHSP must inform the consumer with written notification of the change at least 30 days prior to the effective date of the action. The notice shall include:
 - a. A statement of what action the CMHSP intends to take;
 - b. The reasons for the intended action;
 - c. The specific justification for the intended action;
 - d. An explanation of the Local Dispute Resolution Process

Actions taken as a result of the person-centered planning process or those ordered by a physician are not considered an adverse action.

2. In the event that the individual utilizes the Local Dispute Resolution Process the CMHSP must communicate in writing the outcome of that process to the individual. That communication must include notification to the person of his/her right to request access to the MDHHS Alternative Dispute Resolution Process, after having exhausted the local appeal process, by sending such request to:

Department of Health and Human Services
Division of Program Development, Consultation and Contracts
Bureau of Community Based Services
ATTN: Request for MDHHS Level Dispute Resolution
Lewis Cass Building - 5th Floor
Lansing, MI 48913

Access to the MDHHS ADR process does not require agreement by both parties, but may be initiated solely by the individual.

The individual has 10 calendar days from the written notice of the Local Dispute Resolution Process outcome to request access to the MDHHS Alternative Dispute Resolution Process.

C. MDHHS responsibilities regarding the Alternative Dispute Resolution Process for persons not receiving Medicaid.

1. MDHHS shall review all requests within two (2) business days of receipt.
2. If the MDHHS representative, using a “knowledge of mental health services access” standard believes that the denial, suspension, termination or reduction of services and/or supports will pose an immediate and adverse impact upon the consumer’s health and safety, the issue is referred within one (1) business day to the Community Services Division within Mental Health and Substance Abuse Services for contractual action consistent with Section 8.0 of the MDHHS/CMHSP contract.
3. In all other cases, the MDHHS representative shall attempt to resolve the issue with the consumer and the CMHSP within 15 business days. The recommendations of the MDHHS representative are non-binding in those cases where the decision poses no immediate impact to the health and safety of the consumer. If MDHHS agrees with the CMHSP the consumer may be required to pay for the extended services.

TECHNICAL REQUIREMENT RECIPIENT RIGHTS DATA REPORTING REQUIREMENTS

I. Background/Regulatory Overview

The purpose of this Technical Requirement is to establish processes for mandated data reporting requirements for Community Mental Health Services Programs (CMHSP) set forth in the following sections of the Michigan Mental Health Code:

330.1232 (a) (1) Subject to section 114a, the department shall promulgate rules to establish standards for certification and the certification review process for community mental health services programs. The standards shall include but not be limited to all of the following:(b) Promotion and protection of recipient rights.

330.1232 (a) (6) The department shall conduct an annual review of each community mental health services program's recipient rights system to ensure compliance with standards established under subsection (1)(b). An on-site review shall be conducted once every 3 years.

330.1755 (5) Each office of recipient rights established under this section shall do all of the following:
(j)Semiannually provide summary complaint data consistent with the annual report required in subsection (6), together with a summary of remedial action taken on substantiated complaints by category, to the department and to the recipient rights advisory committee of the community mental health services program or licensed hospital.

330.1755 (6) The executive director or hospital director shall submit to the board of the community mental health services program or the governing board of the licensed hospital and the department an annual report prepared by the office of recipient rights on the current status of recipient rights in the community mental health services program system or licensed hospital system and a review of the operations of the office of recipient rights.

II. Reporting Requirements for CMHSP Triennial On-Site Assessments

- A. Every January, MDHHS-ORR will provide notice to all CMHSPs of the reporting requirements and assessment dates for on-site assessments during that year.
- B. CMHSP-ORRs will be required to provide requested data to MDHHS-ORR no later than 30 business days prior to the start date of the assessment. Data requested will address, at a minimum,
 - i. Complete case log information (redacting the names of complainants and recipients)*;
 - ii. Complete information (dates of visits, remedial action requested, and results of plans of correction) regarding all visits to service sites for the three year period prior to the start date of the assessment*;
 - iii. Dates of hire and dates of recipient rights training for all persons hired by the CMHSP and all of its contractual providers*;
 - iv. One signed, current contract for each type of service provided:
 - a) Residential providers (both in and out of service area)
 - b) Other service providers
 - c) Inpatient psychiatric units (both in and out of service area)

- d) Professional staff (psychiatrists, OTs, PTs, etc.)
- v. The training checklist identifying where each item on the Required Training Standards (Attachment 5.3.2.3B) can be found within your training materials and all materials used in Recipient Rights training.
- vi. The ORR Policy Review Standards document, identifying the name and number of the policy as well as the page numbers where policy elements can be found.
*Note: Information for items B i,ii,and iii must be provided utilizing the excel templates provided by MDHHS-ORR in the January distribution of assessment information,

C. At the time of the on-site visit the CMHSP will be required to provide the following items:

- i. Agency organization chart.
- ii. Job description for rights officer and rights advisors.
- iii. A list of recipient rights advisory committee members.
- iv. A list of categories represented on the committee.
- v. Minutes of the RRAC committee for the assessment period.
- vi. Informational packets/brochures given to the public or consumers. (Include any poster which identifies the Rights Officer/Advisors and the means of contacting them).
- vii. Documentation from all site monitoring activities for the period covered in the excel spreadsheet.
- viii. Access to policies/procedures of any service providers allowed by contract to develop their own policies.
- ix. Records that document attendance at rights training for all agency staff and all contract employees.
- x. Documents reflecting approved training received by all staff employed by the rights office since the last assessment.

III. Reporting Requirements for the Semi-Annual Data Report

- A. The period covered for the semi-annual report will be from October 1 – March 31.
- B. The report is due to MDCH-ORR on June 30 of each year.
- C. An Excel spreadsheet must be utilized to submit the required data and information. The Excel template will be provided to CMHSP rights offices by March 31st of each year.
- D. Content will include statistical data on complaints received for the reporting period and a summary of remedial action taken on substantiated complaints by category.

IV. Reporting Requirements for the Annual Data Report

- A. The period covered for the semi-annual report will be from October 1 – March 31.
- B. The report is due to MDCH-ORR on December 30 of each year.
- C. An Excel spreadsheet must be utilized to submit the required data and information. The Excel template will be provided to CMHSP rights offices by September 30 of each year.
- D. Content will include:
 - i. Summary data by category regarding the rights of recipients receiving services from the community mental health services program or licensed hospital including complaints received, the number of reports filed, and the number of reports investigated by provider.
 - ii. The number of substantiated rights violations by category and provider.
 - iii. The remedial actions taken on substantiated rights violations by category and provider.

MDHHS/CMHSP Managed Specialty Supports and Services Contract: FY 20 Attachment C6.5.1.1
Amendment #1

- iv. Training received by staff of the office of recipient rights.
- v. Training provided by the office of recipient rights to contract providers.
- vi. Desired outcomes established for the office of recipient rights and progress toward these outcomes.
- vii. Recommendations to the community mental health services program board.

Special Education-to-Community Transition Planning Policy

Revised: October 1, 2019

Statement of Purpose

The purpose of this policy is to underscore the BHDDA/MDHHS's expectation of CMHSPs to support schools with students with disabilities to transition to full community inclusion. Such services are required by the Michigan Mental Health Code Section 330.1227, School-to-Community Transition Services.

"Each community mental health services program shall participate in the development of school-to-community transition services for individuals with serious mental illness, serious emotional disturbance, or developmental disability. This planning and development shall be done in conjunction with the individual's local school district or intermediate school district as appropriate and shall begin no later than the school year in which the individual student reaches 16 years of age. These services shall be individualized. This section is not intended to increase or decrease the fiscal responsibility of school districts, community mental health services programs, or any other agency or organization with respect to individuals described in this section."

In other words, this does not usurp the primary responsibility of DOE for school to community transition.

Furthermore; Section 330.1100d(11) of the Michigan Mental Health Code states:

"Transition services" means a coordinated set of activities for a special education student designed within an outcome-oriented process that promotes movement from school to post-school activities, including postsecondary education, vocational training, integrated employment including supported employment, continuing and adult education, adult services, independent living, or community participation."

Although this policy focuses only on special education to community transition, it is important to note CMHSP responsibilities described in Section 208 of the Mental Health Code:

"(1) Services provided by a community mental health service program shall be directed to individuals who have a serious mental illness, serious emotional disturbance, or developmental disability.
(2) Priority shall be given to the provision of services to persons with the most severe forms of serious mental illness, serious emotional disturbance, and developmental disability." In addition, any Medicaid recipient requiring medically necessary services must also be served.

Children meeting the criteria described above, but not in special education, also face issues of transition to adult life. These may include sub-populations of youth such as:

- Runaway/Homeless youth
- Children with emotional disturbance at risk of expulsion from school
- Youth who "age out" of:
 1. The DSM diagnosis for which they are receiving mental health services; who do not qualify for adult service or criteria for SMI/ID/DD;
 2. Children's Waiver;
 3. Children's Special Health Care Services plan;
 4. Foster care placement, making them at risk for being homeless.
- Children/Youth involved in multiple systems – Child Welfare/Juvenile Justice/Substance Use Disorder, etc.

Summary:

MDHHS/CMHSP Managed Mental Health Supports and Services Contract FY20: Attachment C6.9.6.1
Amendment #1

The effectiveness of primary and secondary school programming for students with disabilities; inclusive of behavioral health challenges or needs, directly affects services and financial planning of CMHSPs. Schools that best prepare students with disabilities to live, learn, and work in the community and to access generic community services such as transportation and recreation create fewer demands on the adult services system including CMHSPs and foster better community participation and integration for individuals with disabilities. CMHSPs have a responsibility to grow community partnerships and provide information about eligibility requirements, types of services, and the person-centered planning process in the public mental health system to school systems initially and update as needed and to student, parents or legal guardians when requested. It is also important to share options like supported decision making / alternatives to guardianship. Often families/students are unaware of other options and are often advised by school and/or medical personnel to seek guardianship upon turning age 18. MDHHS policy and practice also support maintaining and regaining one's civil rights in supporting self-determination.

Recognizing limited resources and funding for such transition efforts, it is imperative that CMHSPs begin this process as the school identifies those students reaching 16 years of age. The intent of this policy is to:

1. Ensure students and their families are fully informed about CMHSP services and supports in partnership with the school.
2. Maximize young adult outcomes, including participation in employment, access to natural supports, and access to needed adult support services.
3. With the school, identify the number of likely students to be eligible for CMHSP services after the student reaches 18 years of age to allow CMHSPs to anticipate future service needs and ideally lower long-term support costs by assisting the student to smoothly transition into community with as many natural supports as possible.
4. Ensure collaboration between CMHSPs, schools, and other local partners.

CMHSPs should actively participate with schools and other community services providers to effectively braid resources that best assure the student transitions to the community as independently as possible.

*NOTE: It is allowable to braid resources from community partners to support individuals seeking to obtain, return to competitive employment, or increase their employment objectives. This service can be used concurrently to supplement/complement services to help individuals achieve their desired employment outcomes **as long as there is no duplication of resources for the same service element(s) at the same time.** Documentation is maintained that same service is not presently available under a program funded under WIOA, Section 110 of the Rehabilitation Act of 1973 or the IDEA (20 U.S.C. 1401 et seq.).

It remains imperative that CMHSPs jointly promote:

- Implementing the values of Individuals with Disabilities Education Act (IDEA) with particular focus on community inclusion in the least restrictive environment, keenly focused on vocational exploration, work experiences, and ideally paid work.
- Becoming more knowledgeable of school practices better preparing youth for adult life.

CMHSPs need to ensure that schools, students, families, caregivers, and community partners have basic knowledge of what CMHSPs can provide to youth/adults with disabilities, and eligibility criteria for these services through a family-centered/youth guided process and plan. This information should be distributed to applicable schools and also available on-line.

CMHSPs shall make available the following information through the CMHSP customer services efforts:

1. Values governing public mental health services including:

MDHHS/CMHSP Managed Mental Health Supports and Services Contract FY20: Attachment C6.9.6.1
Amendment #1

- a. Recovery
 - b. Self-determination
 - c. Full community inclusion
 - d. Person-centered planning
2. Eligibility criteria:
 - a. Michigan Mental Health Code priority populations
 - b. Specialty behavioral health (including the boundary with the Qualified Health Plans)
 - c. Local service selection guidelines/protocols/etc.
3. Local service array for child, youth, and adult service providers, including contact information at the CMHSP to the school for systemic service-related issues.

Additionally, CMHSPs have the responsibility to provide information to appropriate local school administrators about specific conditions which would indicate the likelihood that a student would need assessment and/or service from the CMHSP upon turning 18 years of age including:

- Students classified under the school system as Severe Multiple Impairments (SXI), Severe Cognitive Impairment (SCI), Moderate Cognitive Impairment (MoCI), and/or Mild Cognitive Impairment (MiCI) are generally eligible for CMHSP services.
- Other student classifications would indicate a closer look by CMHSPs to determine eligibility for adult services from the CMHSP.
- The classification of Autism Spectrum Disorder (ASD) covers students with a very broad range of skills and abilities often necessitating further assessment to determine eligibility for CMHSP services.
- Students classified as Emotional Impairment (EI) would have to be assessed for eligibility for adult services from the CMHSP. In the public mental health system, Serious Emotional Disturbance (SED), by definition, ends at the age of 18. Students classified as SED as well as Specific Learning Disabled (SLD) and Physical Impairment (PI) or Otherwise Health Impaired (OHI) would need to be assessed with consent for an appropriate developmental disability or mental illness diagnosis.
- When the legal guardian is considering CMHSP services, the CMHSP will provide a screening and possibly an assessment. CMHSPs will look at factors that include: risk for expulsion from school, need for assistance in multiple life domains, or absence of a stable natural support network.

Essential elements with suggested tracking, activities, and measurement criteria are outlined in the following table:

Essential elements:	Tracking:	Activities:	Measurement Criteria:
Outreach and communication to youth/young adults and family through coordination with local school districts and school staff	Examples could include the following: <i>-Documentation to track completed Annual Training can include:</i> <ul style="list-style-type: none"> • <i>Copy of Event Flyer</i> • <i>Copy of sign-in sheets</i> • <i>Verification from school of</i> 	CMHSP to present at least annually at school or ISD group presentations about potential CMHSP eligibility to youth/young adults, parents, guardians, and school staff at local transition fairs, etc.	- Examples could include the following:

MDHHS/CMHSP Managed Mental Health Supports and Services Contract FY20: Attachment C6.9.6.1
Amendment #1

	<p style="text-align: center;"><i>completed training</i></p> <p><i>-Provide number of IEP's invited to for FY and then number of IEP's CMH attended.</i></p> <p><i>-Use demographic information at access point asking, "How individual was referred" and report number of individuals who were referred by School/Transition (18-26) for that FY.</i></p>	<p>Following invited attendance at a youth/young adult's IEP – and informing such individual of eligibility criteria for future CMHSP services</p>	<p>-One completed training to the local ISD or School District.</p> <p>-Future trainings scheduled with the local ISD and School Districts.</p> <p>-CMHSP is invited to attend IEPs of individuals who are not served and aged 16 and above.</p> <p>-CMHSP has established contacts with ISD and local schools.</p> <p>-Collaborative initiatives are developed between the schools and CMHSP.</p> <p>-CMHSP is able to use data to anticipate future needs of individuals between the ages of 18 and 26.</p>
--	--	--	---

Data tracked during the fiscal year is to be submitted on an annual basis by December 1st following the end of the fiscal year and will be outlined in attachment C6.5.1.1 CMHSP Reporting Requirements.
