Xataa marka la daweyyo, cudurka meningokokal wuxuu dilaa 100 kiiba 10 ilaa iyo 15 ee dadka qaada cudurka. Iyo kuwa ka badbaada dhimashada, qiyaastii 100 kiiba 10 ilaa 20 ayaa la dhibaatoon doona naafanimo sida maqal beel, dhaawac maskaxeed, waxyeello kelyaha ah, xubin goyn, dhibaatooyinka habdhiska dareemayaasha, ama nabarro daran ee ku yimaada maqaarka wax laga jaro.

- Ilmaha dhallaanka ah ee kayar hal sano jir
- Carruurta qaangaarka ah iyo dhalinyarada 16 ilaa 23 sano jirka ah
- Dadka qaba xaaladaha caafimaadeed ee gaarka ah ee saameeya habdhiska difaaca jirka
- Dhakhaatiirta noolaha il-ma-aragtada ah ee sida joogtada ah goonida ugu baara *N. meningitidis*, bakteeriyada keenta cudurka meningokokal
- Dadka halista ugu ah ee sababtuna tahay ka dillaaca cudurkan beeshooda

2. Tallaalka Meningokokal ACWY

Qaangaarka waa inay qaataan 2 garoojo oo tallaalka meningokokal ACWY:

3. La hadal bixiyahaaga daryeelka caafimaadka

U sheeg bixiyahaaga tallaalka haddii qofka qaadanyo tallaalka:

- Uu horey u qabay **dareen-celin xasaasiyadeed kadib marka garoojo hore ee tallaalka meningokokal ACWY uu qaatay**, ama uu lahaa wax **xasaasiyado daran ah, oo nolosha halis galin kara**

Mararka qaarkood, bixiyahaaga daryeelka caafimaadka ayaa laga yaabaa inuu dib ugu dhigo tallaalka meningokokal ACWY booqosho mustaqbalka ah.

Waxaa jira macluumaad xaddidan oo ku saabsan halista tallaalkan oo loogu talagalay dadka uurka leh ama naas-nuujinaya, balse wax welwel xagga badqabka ah lama ogaanin. Qofka uurka leh ama naas-nuujinaya waa in la tallaalo haddii la muujiyo.

Dadka qaba jirrooyinka sahlan/yaryar, sida hargabka, waxaa laga yaabaa in la tallaalo. Dadka yara xanuunsan ama aadka u xanuunsan waa in ay caadi ahaan sugaan illaa ay ka soo kabsanayaan kahor inta aysan qaadan tallaalka meningokokal ACWY.

Bixiyahaaga daryeelka caafimaadka ayaa ku siin kara macluumaad dheeraad ah.

4. Halista dareen-celinta tallaalka

- Guduudashada ama xanuunka goobta tallaalka lagaa siiyay ayaa dhici karta kadib tallaalka meningokokal ACWY.
- Boqolley yar ee dadka qaata tallaalka meningokokal ACWY ayaa la kulmaan murqo xanuun, madax-xanuun, ama daal.

Dadka ayaa mararka qaarkood miyir beela kadib marka hawlgaal-caafimaad lagu sameeyo, oo ay tallaalkuna ka mid tahay. U sheeg bixiyahaaga haddii aad dareento wareer, ama wax aragtidaada isbeddesho ama dhaguhu ku guuxaan.

Sida dawo walba ee kale, waxaa jira fursad suurtagalkeedu aad u yar yahay in uu tallaalka sababo dareen-celin xasaasiyad ah ee daran, dhaawacyo kale ee halis ah, ama dhimasho.

Si ay bixiyeyaasha daryeel caafimaad u helaan xaaladda saxda ah ee warka talaalka, qiimeynta warka, iyo jadwalka/kaltanka loogu taliyay talaalada mustaqbalka, waxa warka loo diri doonaa Michigan Care Improvement Registry (Diiwaanka Hagaajinta Daryeelka Michigan). Shakhsiyaadku ama dadku waxa ay xaq u leeyihiin in ay bixiyahooda daryeelka caafimaad ka codsadaan in aanuu Diiwaanka u gudbin warka.

5. Maxaa dhacaya haddii ay jirto dhibaato halis ah?

Dareen-celin xasaasiyadeed ayaa dhici karta kadib marka qofka la tallaalay ka tago rugta caafimaadka. Haddii aad aragto calaamado dareen-celin xasaasiyadeed ah oo daran (firiiric, waji iyo cuno/dhuun barar, neefsashada oo adkaata, wadnaha oo degdeg u garaacma, wareer, iyo tabbar dari), wac **9-1-1** iyo gey qofka isbitaalka kuugu dhow.
