

REPORT ON THE DISTRIBUTION OF RURAL AND SOLE COMMUNITY BASED HOSPITAL FUNDING

(FY2014 Appropriation Bill - Public Act 59 of 2013)

April 1, 2014

Section 1866: (1) From the funds appropriated in part 1 for hospital services and therapy, \$12,000,000.00 in general fund/general purpose revenue and any associated federal match shall be awarded to hospitals that meet criteria established by the department for services to low-income rural residents. One of the reimbursement components of the distribution formula shall be assistance with labor and delivery services. (2) No hospital or hospital system shall receive more than 5.0% of the total funding referenced in subsection (1). (3) To allow hospitals to understand their rural payment amounts under this section, the department shall provide hospitals with the methodology for distribution under this section and provide each hospital with its applicable data that are used to determine the payment amounts by August 1 of the current fiscal year. The department shall publish the distribution of payments for the current fiscal year and the immediately preceding fiscal year. (4) The department shall report to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies on the distribution of funds referenced in subsection (1) by April 1 of the current fiscal year.

James K. Haveman, Director**

The Rural and Sole Community Hospital Pool is allocated as follows:

1. Hospitals that meet the criteria will be reimbursed the difference between their Medicaid outpatient and inpatient cost and their gross Medicaid outpatient and inpatient payments. Data used to allocate the funding were obtained from Medicaid cost reports filed for hospital fiscal years ending during state fiscal year 2012.
2. Approximately \$2.2 million of the funds allocated from this pool are paid based on the number of Medicaid deliveries that occurred at each eligible hospital during state fiscal year 2012.

MDCH has promulgated policy describing the methodology used by the State to allocate the funds from this pool. This policy describes eligibility criteria and includes information regarding the source data used for the calculations. The Michigan Department of Community Health provides information regarding this pool to the hospital industry as soon as it is available.
