 - **Violence Against First Responders Posters – Emily Bergquist**
 - Emily asked the group how they felt about some stills/posters about this using the MHA poster as an example. Jim suggested a template be made by the department for people to use with interchangeable logos and designed for social media. The group discussed a slogan “stop the violence”, this will need a layer of approval on wording if we use a logo; the wording at the bottom of the example is probably appropriate. Joni Harvey suggested to keep in mind the target audience, they may or may not follow EMS. The next step will be a mockup from the department, Emily Bergquist will meet with the graphics department. The group discussed the following elements:
 - ✓ Insert your logo here (layering)
 - ✓ Generic photo with verbiage but able to personalize
 - ✓ Ems provider assaulted (picture)
 - The group also discussed the possibilities of flagging assaulters by name/phone, Joni Harvey will investigate the options. Smart 911 was tied to a phone number but people change that, database would have to be done by name and DOB.
