4 for an amendment to this state's Medicaid state plan to establish
5 and administer a program to provide supplemental reimbursement to

3 assistance recipients.

4 (2) The department shall promptly seek any necessary federal
5 approvals for the implementation of subsection (1). The department

9 of the following:

10 (a) Submit claims for federal financial participation for the

12 federal law.

13 (b) Submit necessary materials to the federal government to
14 provide assurances that claims for federal financial participation
15 will include only those expenditures that are allowable under
16 federal law. The department may utilize intergovernmental transfers
17 or certified public expenditures to implement this subdivision.

18 (3) A ground emergency medical transportation provider is
19 eligible for supplemental reimbursement if the ground emergency

5 (b) The amount certified, when combined with the amount
6 received from all other sources of reimbursement from the medical
7 assistance program, must not exceed or be less than 100% of actual
8 cost incurred, as determined under this state's Medicaid state plan
9 for ground emergency medical transportation services.

10 (c) The supplemental reimbursement must be distributed
11 exclusively to eligible providers under a payment methodology that
12 is based on ground emergency medical transportation services
13 provided to medical assistance recipients by eligible providers.

14 (5) An eligible provider shall make readily available to the
15 department documentation, data, and certification, as prescribed by
16 the department, that are necessary to establish that the emergency

19 reimbursement that is due.

20 (6) The department shall pay supplemental reimbursements to
21 eligible providers for services provided on a fee-for-services
22 basis and managed care program recipients in this state's Medicaid
23 state plan.

24 (7) The department shall establish the uniform percentage of
25 the eligible provider's net patient revenues so that the total
26 amount of fees collected from an eligible provider in a fiscal year
27 is an amount that is not less than 1/4 of 1% lower than the maximum
28 limit for a provider's fee under 42 CFR 433.68(f) but does not

21 units with less than 40 licensed beds or with the maximum number,
22 or more than the maximum number, of licensed beds necessary to
23 secure federal approval of the application by the total number of
24 non-Medicare patient days of care provided within the immediately
25 preceding year by those nursing homes and long-term care units with
26 more than 39 licensed beds, but less than the maximum number of
27 licensed beds necessary to secure federal approval. The quality
28 assurance assessment, as provided under this subparagraph, must be
29 assessed in the first quarter after federal approval of the waiver

1 and must be subsequently assessed on October 1 of each following
 2 year, and is payable on a quarterly basis, with the first payment
 3 due 90 days after the date the assessment is assessed.

4 (ii) If the waiver is approved, continuing care retirement
 5 centers are exempt from the quality assurance assessment if the
 6 continuing care retirement center requires each center resident to
 7 provide an initial life interest payment of \$150,000.00, on
 8 average, per resident to ensure payment for that resident's
 9 residency and services and the continuing care retirement center
 10 utilizes all of the initial life interest payment before the
 11 resident becomes eligible for medical assistance under the state's
 12 Medicaid plan. As used in this subparagraph, "continuing care
 13 retirement center" means a nursing care facility that provides
 14 independent living services, assisted living services, and nursing
 15 care and medical treatment services, in a campus-like setting that
 16 has shared facilities or common areas, or both.

17 (d) Beginning May 10, 2002, the department shall increase the
 18 per diem nursing home Medicaid reimbursement rates for the balance
 19 of that year. For each subsequent year in which the quality
 20 assurance assessment is assessed and collected, the department
 21 shall maintain the Medicaid nursing home reimbursement payment
 22 increase financed by the quality assurance assessment.

23 (e) The department shall implement this section in a manner
 24 that complies with federal requirements necessary to ensure that
 25 the quality assurance assessment qualifies for federal matching
 26 funds.

27 (f) If a nursing home or a hospital long-term care unit fails
 28 to pay the assessment required by subsection ~~(1)(g)~~, **(1)(h)**, the
 29 department may assess the nursing home or hospital long-term care

1 unit a penalty of 5% of the assessment for each month that the
 2 assessment and penalty are not paid up to a maximum of 50% of the
 3 assessment. The department may also refer for collection to the
 4 department of treasury past due amounts consistent with section 13
 5 of 1941 PA 122, MCL 205.13.

6 (g) The Medicaid nursing home quality assurance assessment
 7 fund is established in the state treasury. The department shall
 8 deposit the revenue raised through the quality assurance assessment
 9 with the state treasurer for deposit in the Medicaid nursing home
 10 quality assurance assessment fund.

11 (h) The department shall not implement this subsection in a
 12 manner that conflicts with 42 USC 1396b(w).

13 (i) The quality assurance assessment collected under
 14 subsection ~~(1)(g)~~ **(1)(h)** must be prorated on a quarterly basis for
 15 any licensed beds added to or subtracted from a nursing home or
 16 hospital long-term care unit since the immediately preceding July
 17 1. Any adjustments in payments are due on the next quarterly
 18 installment due date.

19 (j) In each fiscal year governed by this subsection, Medicaid
 20 reimbursement rates must not be reduced below the Medicaid
 21 reimbursement rates in effect on April 1, 2002 as a direct result
 22 of the quality assurance assessment collected under subsection
 23 ~~(1)(g)~~ **(1)(h)**.

24 (k) The state retention amount of the quality assurance
 25 assessment collected under subsection ~~(1)(g)~~ **(1)(h)** must be equal
 26 to 13.2% of the federal funds generated by the nursing homes and
 27 hospital long-term care units quality assurance assessment,
 28 including the state retention amount. The state retention amount
 29 must be appropriated each fiscal year to the department to support

1 Medicaid expenditures for long-term care services. These funds must
2 offset an identical amount of general fund/general purpose revenue
3 originally appropriated for that purpose.

4 (l) Beginning October 1, 2027, the department shall not assess
5 or collect the quality assurance assessment or apply for federal
6 matching funds. The quality assurance assessment collected under
7 subsection ~~(1) (g)~~ **(1) (h)** must not be assessed or collected after
8 September 30, 2011 if the quality assurance assessment is not
9 eligible for federal matching funds. Any portion of the quality
10 assurance assessment collected from a nursing home or hospital
11 long-term care unit that is not eligible for federal matching funds
12 must be returned to the nursing home or hospital long-term care
13 unit.

14 (12) The quality assurance dedication is an earmarked
15 assessment collected under subsection ~~(1) (h)~~ **(1) (i)**. That
16 assessment and all federal matching funds attributed to that
17 assessment must be used only for the following purpose and under
18 the following specific circumstances:

19 (a) To maintain the increased Medicaid reimbursement rate
20 increases as provided for in subdivision (c).

21 (b) The quality assurance assessment must be assessed on all
22 net patient revenue, before deduction of expenses, less Medicare
23 net revenue, as reported in the most recently available Medicare
24 cost report and is payable on a quarterly basis, with the first
25 payment due 90 days after the date the assessment is assessed. As
26 used in this subdivision, "Medicare net revenue" includes Medicare
27 payments and amounts collected for coinsurance and deductibles.

28 (c) Beginning October 1, 2002, the department shall increase
29 the hospital Medicaid reimbursement rates for the balance of that

1 year. For each subsequent year in which the quality assurance
2 assessment is assessed and collected, the department shall maintain
3 the hospital Medicaid reimbursement rate increase financed by the
4 quality assurance assessments.

5 (d) The department shall implement this section in a manner
6 that complies with federal requirements necessary to ensure that
7 the quality assurance assessment qualifies for federal matching
8 funds.

9 (e) If a hospital fails to pay the assessment required by
10 subsection ~~(1)(h)~~, **(1)(i)**, the department may assess the hospital a
11 penalty of 5% of the assessment for each month that the assessment
12 and penalty are not paid up to a maximum of 50% of the assessment.
13 The department may also refer for collection to the department of
14 treasury past due amounts consistent with section 13 of 1941 PA
15 122, MCL 205.13.

16 (f) The hospital quality assurance assessment fund is
17 established in the state treasury. The department shall deposit the
18 revenue raised through the quality assurance assessment with the
19 state treasurer for deposit in the hospital quality assurance
20 assessment fund.

21 (g) In each fiscal year governed by this subsection, the
22 quality assurance assessment must only be collected and expended if
23 Medicaid hospital inpatient DRG and outpatient reimbursement rates
24 and graduate medical education payments are not below the level of
25 rates and payments in effect on April 1, 2002 as a direct result of
26 the quality assurance assessment collected under subsection ~~(1)(h)~~,
27 **(1)(i)**, except as provided in subdivision (h).

28 (h) The quality assurance assessment collected under
29 subsection ~~(1)(h)~~ **(1)(i)** must not be assessed or collected after

1 September 30, 2011 if the quality assurance assessment is not
2 eligible for federal matching funds. Any portion of the quality
3 assurance assessment collected from a hospital that is not eligible
4 for federal matching funds must be returned to the hospital.

5 (i) The state retention amount of the quality assurance
6 assessment collected under subsection ~~(1)(h)~~ **(1)(i)** must be equal
7 to 13.2% of the federal funds generated by the hospital quality
8 assurance assessment, including the state retention amount. The
9 13.2% state retention amount described in this subdivision does not
10 apply to the Healthy Michigan plan. Beginning in the fiscal year
11 ending September 30, 2018, and for each fiscal year thereafter,
12 there is a retention amount of at least \$118,420,600.00 for each
13 fiscal year for the Healthy Michigan plan. By May 31 of each year,
14 the department, the state budget office, and the Michigan Health
15 and Hospital Association shall identify an appropriate retention
16 amount for the Healthy Michigan plan. The state retention
17 percentage must be applied proportionately to each hospital quality
18 assurance assessment program to determine the retention amount for
19 each program. The state retention amount must be appropriated each
20 fiscal year to the department to support Medicaid expenditures for
21 hospital services and therapy. These funds must offset an identical
22 amount of general fund/general purpose revenue originally
23 appropriated for that purpose.

24 (13) The department may establish a quality assurance
25 assessment to increase ambulance reimbursement as follows:

26 (a) The quality assurance assessment authorized under this
27 subsection must be used to provide reimbursement to Medicaid
28 ambulance providers. The department may promulgate rules to provide
29 the structure of the quality assurance assessment authorized under

1 this subsection and the level of the assessment.

2 (b) The department shall implement this subsection in a manner
3 that complies with federal requirements necessary to ensure that
4 the quality assurance assessment qualifies for federal matching
5 funds.

6 (c) The total annual collections by the department under this
7 subsection must not exceed \$20,000,000.00.

8 (d) The quality assurance assessment authorized under this
9 subsection must not be collected after October 1, 2027. The quality
10 assurance assessment authorized under this subsection must no
11 longer be collected or assessed if the quality assurance assessment
12 authorized under this subsection is not eligible for federal
13 matching funds.

14 (e) By November 1 of each year, the department shall send a
15 notification to each ambulance operation that will be assessed the
16 quality assurance assessment authorized under this subsection
17 during the year in which the notification is sent.

18 (14) The quality assurance assessment provided for under this
19 section is a tax that is levied on a health facility or agency.
