- 2. Roll Call**
- 3. Approval of Agenda and Minutes from March 20, 2025. There is not a quorum today.**
- 4. New Business**
 - **Collective database of "EMS Safety" incidents.**
 - Kolby was wondering if this is possible. Emily advised in the OHSP grant, it is written in to have a reporting mechanism, if this subcommittee could come up with the information they would like, a tool could be built in Qualtrics, can we know about ambulance crashes yes but severity of injury, logistics, they are not part of the records. We could have Alissa pull that information and present it, but it is not perfect. Emily made notes and can reach out to some of the other state directors to see if they have information on this. This is about discovering if there are actionable items from an incident to bring awareness.
 - Should there be an annual webinar on the topic of the year from the ranking poll?

- National EMS Safety group research for template
- **Map out goals for the coming FY – beginning September 2025.**
 - Research for the above, look at other states, goal to create above rank questionnaire, by October we would know what the topic is, then develop a process throughout the year.
- 5. **Additional items from group**
 - MCRA inc, invite in September?
- 6. **Adjourn**
- 7. **Next Meeting: ~~August 21, 2025~~ August is cancelled. The next meeting is September 21, 2025.**
