4. **Old Business**
 - Regional Meeting Status Updates/review consolidated document
 - Debbie thanked everyone for their work, and the group reviewed the combined document.
 - Feedback on the format of this document:
 - Too many pages. How else can we format this?
 - Chart, spreadsheet.
 - Summarize common steps and most importantly SOLUTIONS.
 - Organize, can things go to different subcommittees?
 - Don't change until all the regions have submitted input.
 - Have regions review.
 - Separate out solutions.
 - **Regions to review and submit feedback.**
 - Summarize per talking point since those are the structure.
 - One pagers that summarize.
 - VITOs
 - Identify solution buckets and what level the actionable item is for.
 - Scope of authority.
 - Code each comment with the Authority Having Jurisdiction and overall theme, and create a thematic summary.

- **Next steps:** Possible all-day session to review all the information gleaned from these regional meetings. Dr. Bigsby suggested doing something at the SoC conference. Emily said it's possible but also had concerns. This could be done in Gaylord as a central location. A report, similar to a white paper, could be produced to report to EMSCC as the ad hoc is closed.
 - November 6 is the proposed date at the moment. Look for a place.
 - There is nothing for EMSCC yet. They can review this summary if they would like.
 - Dr. Bigsby said education came up frequently. He asked if there was a way a subgroup to work on educational components. Emily said this could go to the education subcommittee and this group could be put on the agenda. They are finishing up a major project, and there have been staff changes as well. Dr. Bigsby agreed to be the one to speak to them.
5. **New Business**
