1. Name of eligibility change:

A 19-year-old attending high school full-time is no longer considered a dependent child in the eligible FIP group.

2. Implementation date of eligibility change:

October 1, 2011

3. Description of policy, including the change from prior policy:

Previous to the policy change, a 19-year-old that attended high school full-time and that was expecting to graduate before the age of 20, was a mandatory group member in the eligible FIP group. This child was in the FIP group as a dependent child until the child turned 20 years old or graduated from high school, whichever occurred first.

State law, MCL 400.57(1)(c) changed the definition of a dependent child, eliminating any 19-year-olds active FIP.

If a group's FIP eligibility was dependent on the 19-year-old, the FIP case closed. The cases reported as closed were due to the only child in the home that was 19 years old. Cases that had other children in the home or a pregnant grantee remained open, but the needs of the 19-year-old were removed.

4. Description of the methodology used to calculate the estimated impact of this eligibility change: (attach supporting materials to this form)

Please see the impact table titled, *19 Year Olds Removed as a Dependent Child*. The effect from both one fiscal year to the next and from month to month within a fiscal year has been accounted for in the impact table.

- The effects from fiscal year to fiscal year is tracked on the top line of the impact table. This was calculated by carrying over the previous year's September total and adding a reasonable 5% decay factor
