Today's focus will be on defining criteria.
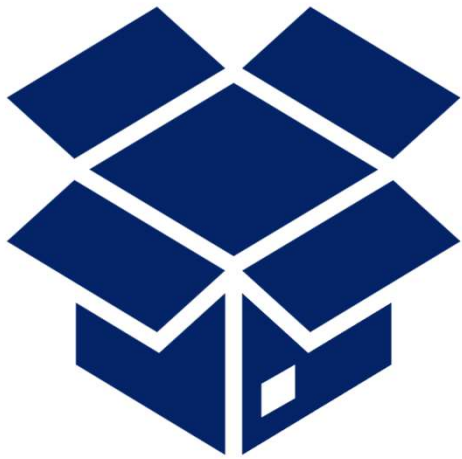

Options and Criteria

Option

Options are the approaches to address Conflict-Free Access and Planning that will be considered by the State. Options still need to be developed. The State has not chosen an option.
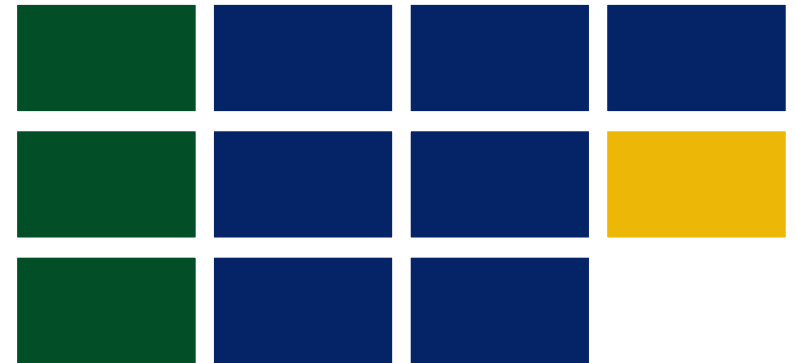

Criteria

Criteria are areas that may be impacted by Conflict-Free Access and Planning.

Options and Criteria

Option

Criteria

Each option will be evaluated using the criteria to develop feedback for the state.

Introduce Breakout Groups

Breakout Groups

Purpose of Breakouts

- Smaller groups for more in-depth discussions.
- Finalized criteria/sub-criteria will be used to evaluate options.

The Ask

- Review, discuss, and edit the Sub-Criteria and Criteria.
  - Review the list of Criteria and Sub-Criteria
  - Note what needs editing and propose changes
  - Identify missing areas and draft Sub-Criteria
- Document changes in breakout group's worksheet.
- Try to not define the "Who" or "How". Ensure Sub-Criteria are relevant regardless of provider, population, geographic area, and region.

Breakout Groups

Tools

- Parking Lot
- Chat function
    - Discuss amongst group members
    - Ask for help from Josh/Remi or questions to the state
    - Meeting administrators use chat to see who needs support

Getting Started

- You do not have to take any action to move to breakout rooms.
- Josh and Remi will move quickly between groups to get you each set up.
- To start, please assign a Scribe, Messenger, and Timer
    - Scribe: Documents changes and shares screen.
    - Messenger: Uses chat to ask for help and ask questions for the state.
    - Timer: Tracks the amount of time spent developing breakout group's Criteria/Sub-criteria and informs the group when it is time to move forward.
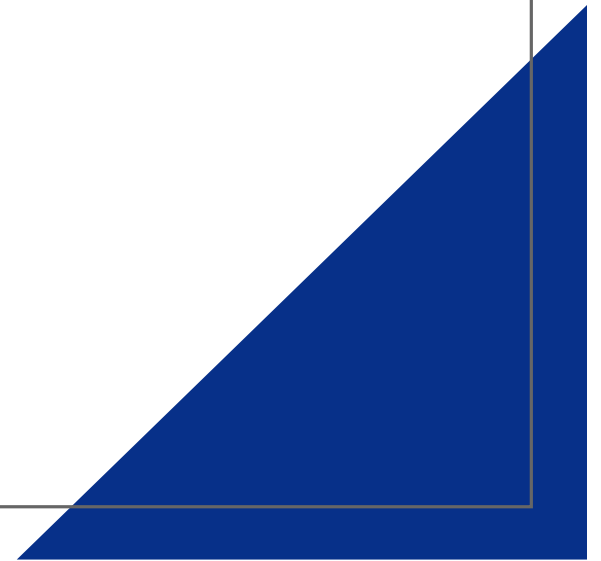

Breakout Groups

Rules of Engagement

- No consensus required; more than one idea can be captured.
- Do not worry about ranking. In the future, there will be opportunities to rank Criteria and Sub-Criteria by priority.
- Allow for members to share what is important to them.
- When in doubt, document an item in the Parking Lot.

Draft Criteria Groups

Group 1	Group 2	Group 3	Group 4
Autonomy of personal choice	Range from status quo	Administrative efficiency	Alignment with other state initiatives
Access to services/supports	Organizational viability	Interorganizational relationships	Application across funding sources, pop., and services
Continuity of service delivery			Application in both urban and rural areas
