## 1.0 General Report Overview

Effective October 1, 2017, the Michigan Department of Health and Human Services (MDHHS) has modified the functionality of the Financial Status Report (FSR) bundle. The modification to the FSR bundle is designed to increase reporting efficiency for the Community Mental Health Services Programs (CMHSPs) and the Prepaid Inpatient Health Plans (PIHPs). The FSR bundle will now allow FSR reporting specific to the needs of the reporting board. There are three FSR report types; CMHSP (Non-Medicaid reporting), PIHP (Medicaid/Affiliate CMHSP reporting) and Stand Alone (Detroit-Wayne, Oakland, Macomb). The selected FSR will only display the applicable report tabs, columns and rows.

Please note that the report tabs, columns and rows that are not applicable are hidden or relabeled to condense the FSR bundle. Additionally, the financial reporting instructions for each form within the FSR bundle have not been modified. All column, row, cell and formula references remain intact and should only be considered if applicable to the selected FSR.

The General Fund Contract Reconciliation and Cash Settlement (CRCS) worksheet provides a mechanism to close out the financial components of the Managed Mental Health Supports and Services Contract (contract). The worksheet will be used in evaluating any remaining financial obligations due to the Community Mental Health Services program (CMHSP) or the Michigan Department of Health and Human Services (MDHHS). The financial information reflected in the report should represent revenue and expenditures on an accrual basis of accounting through the fiscal year (FY) ending September 30<sup>th</sup> and recorded as specified in the contract.

The CRCS worksheet will be utilized in tandem with the General Fund Contract Settlement Worksheet. The General Fund Contract Settlement Worksheet will be utilized to evaluate contract authorization to payments received by the CMHSP, identify the maximum general fund (GF) carry-forward, verification that prior year GF carry-forward has been utilized or has approval from the MDHHS to utilize in a future fiscal year, and settles the categorical funding arrangements outlined in the contract. Please refer to the instructions for the General Fund Contract Settlement Worksheet for further details.

The CRCS worksheet summarizes the resources and expenditures associated to the contract, the disposition of funding (surplus/deficit) and the cash settlement of the contract.

## 2.0 Report - Due Dates

Refer to the reporting grid incorporated in Attachment C.6.5.1.1 of the Contract for identification of report due dates. Reporting requirements can be found on the MDHHS website: [https://www.michigan.gov/mdhhs/0,5885,7-339-71550\\_2941\\_38765---.00.html](https://www.michigan.gov/mdhhs/0,5885,7-339-71550_2941_38765---.00.html)

### 3.1 Report Submitted via US Mail

This is no longer applicable. Electronic report submission required.

### 3.2 Report Submission – Electronic

The report should be submitted electronically to the department by the due date identified in 2.0 above at [MDHHS-BHDDA-Contracts-MGMT@michigan.gov](mailto:MDHHS-BHDDA-Contracts-MGMT@michigan.gov).

The report's file name must identify the reporting fiscal year, period covered (submission type), agency name, report title and date of submission. Example: For the FY XX Year End Interim submitted from network180 for the General Fund CRCS, the file name should read **FYXX Year End Interim network180 FSR Bundle MM-DD-YYYY**.

Note: The General Fund CRCS is included in the FSR Bundle. It is not a stand-alone report.

Refer to the Electronic Report Submission Guidelines for report submission specifications.

## 4.0 Report Specific Navigation or Terminology

The CRCS worksheet includes cell shading to assist the end user with completion of the form.

Worksheet headers are shaded in light green.

Cells requiring data entry are shaded in yellow.

Cells that are formula driven and should not have data entered are not shaded. Worksheet protection has been enabled.

Precision as displayed functionality has been enabled. As such, Excel will utilize the displayed value instead of the stored value when it recalculates formulas.

The term "Submission Type" on the worksheet refers to the reporting period. i.e., Interim, Final, Projection.

Column headings are specific to each section of the worksheet and may change from section to section. The column headings are shaded to assist in identification.

## 5.4 Section 4 – Disposition

This section represents the disposition of the contract surplus or contract deficit. For any contract surplus, the section will identify whether a GF carryforward was earned and/or whether there was lapse to the MDHHS. For any contract deficit, this section will identify whether the deficit was funded with local.

### Section 4.a – Surplus

This row is the label SURPLUS.

### Section 4.b – Transfer to Fund Balance – GF Carry-Forward Earned

This cell represents the earned GF carry-forward for the current contract. The cell is formula driven. The formula is an IF/THEN/ELSE statement with another IF/THEN/ELSE statement embedded. To assist with comprehension listed first will be the “common language” describing what the IF/THEN/ELSE statement will accomplish followed by the actual statement.

Basically, it is first being determined whether there is a GF surplus. If there isn't a surplus than enter a zero. If there is a GF surplus than limiting the amount of GF carry-forward to the maximum amount allowed per the contract. The amount of the transfer to fund balance will be displayed as a negative; thus, showing how the CMHSP is disposing of the “positive” surplus identified on 3.e – Net General Fund Services Surplus (Deficit).

The IF/THEN/ELSE statement is as follows: *IF the Net General Fund Services Surplus (Deficit) is less than or equal to zero, THAN zero, ELSE (IF Total Current Year Maximum Carry-Forward from the GF Contract Settlement Worksheet is greater than the Net General Fund Services Surplus (Deficit), THAN Net General Fund Services Surplus Deficit times negative one, ELSE Total Current Year Maximum Carry-Forward from the GF Contract Settlement Worksheet times negative one).* Section cell references have been left off intentionally to aid in comprehension of the statement.

### Section 4.c – Lapse to MDHHS – Contract Settlement

This cell represents the contract settlement lapse to the MDHHS. The cell is formula driven. The formula is an IF/THEN/ELSE statement. The statement is as follows: *IF Net General Fund Services Surplus (Deficit) is less than or equal to zero, THAN zero, ELSE (Net General Fund Services Surplus (Deficit) plus Transfer to Fund Balance – GF Carry-Forward Earned) times negative one.*

The amount of the lapse to the MDHHS will be displayed as a negative; thus showing how the CMHSP is disposing of the “positive” surplus identified in Section 3.e – Net General Fund Services Surplus (Deficit).

### Section 4.d – Total Disposition – Surplus

This cell is formula driven. The result indicates the total amount of GF surplus that the CMHSP had to account for. The amount will be displayed as a negative; thus, showing how the CMHSP is disposing of the “positive” surplus identified in Section 3.e – Net General Fund Services Surplus (Deficit). The Net General Fund Surplus identified in Section 3.e should be offset by the amount displayed in this cell. The formula is the *sum of Transfer to Fund Balance – GF Carry-Forward Earned (4.b), and Lapse to MDHHS – Contract Settlement (4.c).*

#### **Section 4.e – Deficit**

This row is the label Deficit.

#### **Section 4.f – Redirected from Local (FSR B 331)**

This cell represents the amount of local funds being utilized to fund all or a portion of the Net General Fund Services Deficit identified in Section 3.e. This cell is formula driven. The formula is *plus FSR All Non-Medicaid row B 331.*

The amount of funds redirected from local will be displayed as a positive number; thus, showing how the CMHSP is disposing of the “negative” deficit identified in Section 3.e – Net General Fund Services Surplus (Deficit).

#### **Section 4.g – Redirected from risk corridor (FSR B 332)**

This cell represents the amount of funding being redirected to cover any cost over runs associated to the GF Contract. This cell is formula driven. The formula is *plus Section B – General Fund – FROM Risk Corridor (B 332).*

Note: Only Stop/Loss Insurance may be used to fund cost over runs associated to the GF Contract.

#### **Section 4.h – Total Disposition – Deficit**

This cell is formula driven. The result indicates the total amount of GF deficit that the CMHSP had to account for. The amount will be displayed as a positive; thus showing how the CMHSP is disposing of the “negative” deficit identified in Section 3.e – Net General Fund Services Surplus (Deficit). The Net General Fund Deficit identified in Section 3.e should be offset by the amount displayed in this cell. The formula is the *sum of Redirected from Local (4.f) and Redirected from Risk Corridor (4.g).*
