YTA PROTOCOL COMPLIANCE CHECK REPORTING FORM

GLOSSARY OF SYNAR CODES & ESTABLISHMENT TYPES

(See question #1)

(01) Gas Station: A retail station for servicing motor vehicles especially with gasoline and oil. Sometimes have an affiliate convenience store or fast-food vendor on site. Examples are Shell, Mobil and Valero.

(02) Tobacco Store: A specialty tobacco store where the main products sold are tobaccos and related items. This also includes stores that sell ENDS products only (i.e., does not sell traditional tobacco products) if the store is not classified under another establishment type (e.g., if it is a gas station that only sells ENDS products then it would be classified as a “gas station” not a “tobacco store”).

(03) Restaurant: A business that prepares and serves food and drink to customers in return for money. Some examples are Applebee’s, Friday’s, and local eateries.

[Note: As a result of the Clean Air Act, most restaurants no longer sell tobacco products, however, some have adjacent bars/lounges.]

(04) Hotel: An establishment that provides lodging and sometimes meals, entertainment, and various personal services for the public.

(05) Grocery Store: A retail store that primarily sells groceries and household goods with a limited number of nonfood items. Some of the larger chain grocery stores may have an adjacent gas station with the same name. Some grocery store examples are Kroger, IGA, Whole Foods, Ma & Pa Markets (small retail outlet usually owned and operated by an individual or family).

(06) Drug Store: A pharmacy which also sells a myriad of other items. Some drug store examples are Rite Aid, Walgreens, and CVS.

(07) Other: Includes businesses such as Convenience Store, Bar/Lounge, and “Big Box” retailers who offer a wide array of products and services (e.g. Walmart, Target, Meijer, Dollar General, Family Dollar).
