

Michigan's CCBHC Demonstration

March 17, 2023

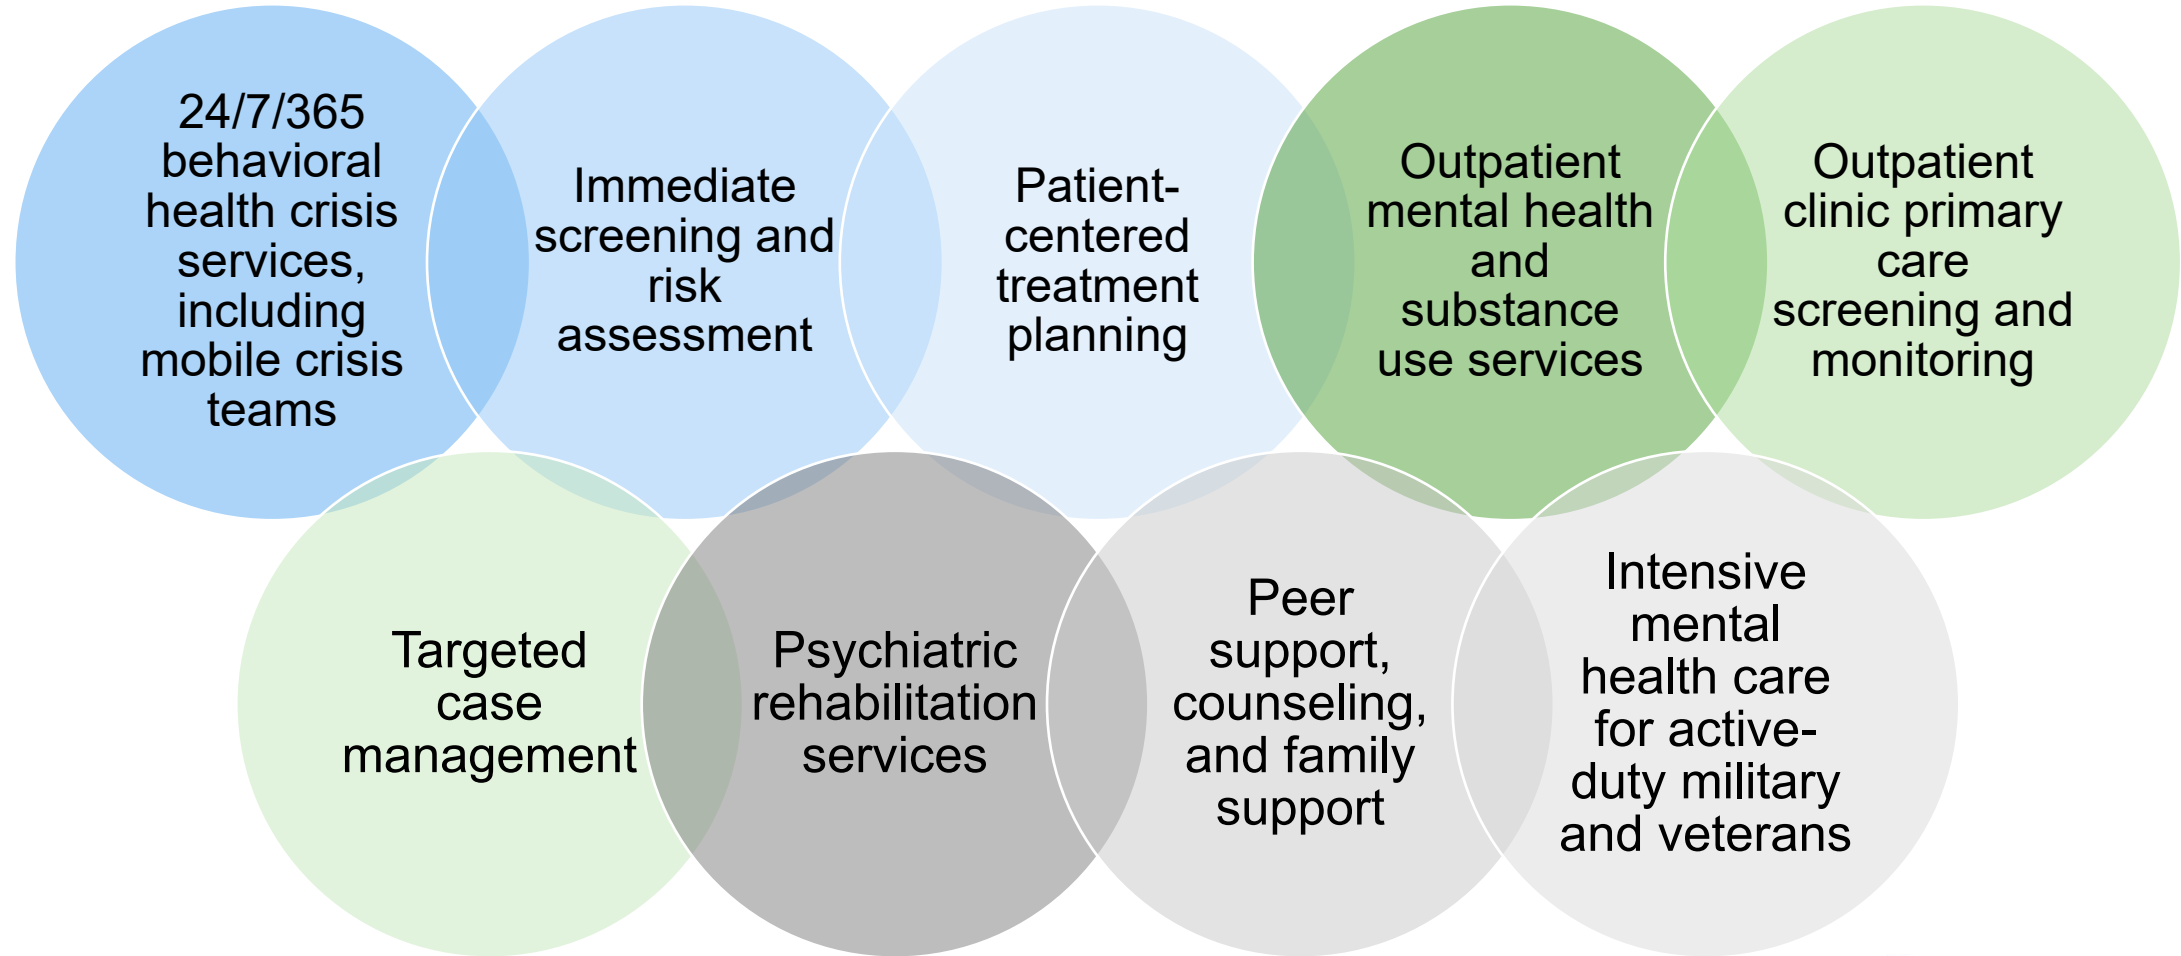

Certified Community Behavioral Health Clinics (CCBHC) Background

CCBHCs are non-profit or local government agencies that must:

- Meet robust certification criteria
- Provide comprehensive and coordinated services
- Serve all people regardless of insurance status or ability to pay
- Adhere to stringent quality and cost reporting requirements
- Utilize a state-developed prospective payment system model (CMS demonstration only)

9 Core CCBHC Services

Care Coordination

Care coordination is an activity rather than a service.

The CCBHC is responsible for all care coordination, whether it involves coordination within the CCBHC, with a designated collaborating organization (DCO), or with another entity identified in the statutory language related to care coordination.

CCBHC coordinates care across a wide array of health and social services

Goal: Wellness and Recovery of the whole person

Care Coordination happens through referrals and exchange of information

CCBHC Demonstration Legislation

- Authorized by Section 223 of the federal [Protecting Access to Medicare Act of 2014 \(PAMA\)](#), which established the following:
 - An 8-state demonstration to improve behavioral health services
 - Definitions and service guidelines for CCBHCs
 - Robust state quality and cost-reporting requirements
 - New Medicaid prospective payment system to enhance reimbursement
 - Administered by the US Centers for Medicare & Medicaid Services (CMS)
- The federal [Coronavirus Aid, Relief, and Economic Security \(CARES\) Act of 2020](#) expanded the CCBHC Demonstration to 2 states, including:
 - **Michigan**
 - Kentucky
- The federal [Bipartisan Safer Communities Act of 2022](#) expanded and extended the demonstration, allowing new states to join allowing currently participating states to add new CCBHCs. Michigan's demonstration can continue until September 30, 2027.

Nationwide Outcomes of CCBHC

Expanded Access to Care

CCBHCs and grantees are, on average, serving more than 900 more people per clinic than prior to CCBHC implementation, representing a 23% increase.

Alleviating Workforce Shortage

An estimated 11,240 new staff positions⁴ were added across all 450 active CCBHCs and grantees active as of August 2022.

Expanded Access to MAT

82% of CCBHCs and grantees use one or more forms of MAT for opioid use disorder, compared to only 56% of substance use clinics nationwide that provide any MAT services.

Coordination with Primary Care

CCBHCs also engage in numerous activities to coordinate and integrate care, from electronic information sharing with care coordination partners to co-locating.

Crisis Services and Supports for All

Increased crisis services, including mobile crisis, to all populations.

Collaboration with Justice Systems

96% of all CCBHCs are engaged with the justice system via court partnerships, training, and re-entry programs.

Meeting Children, Youth, and Families in the Community

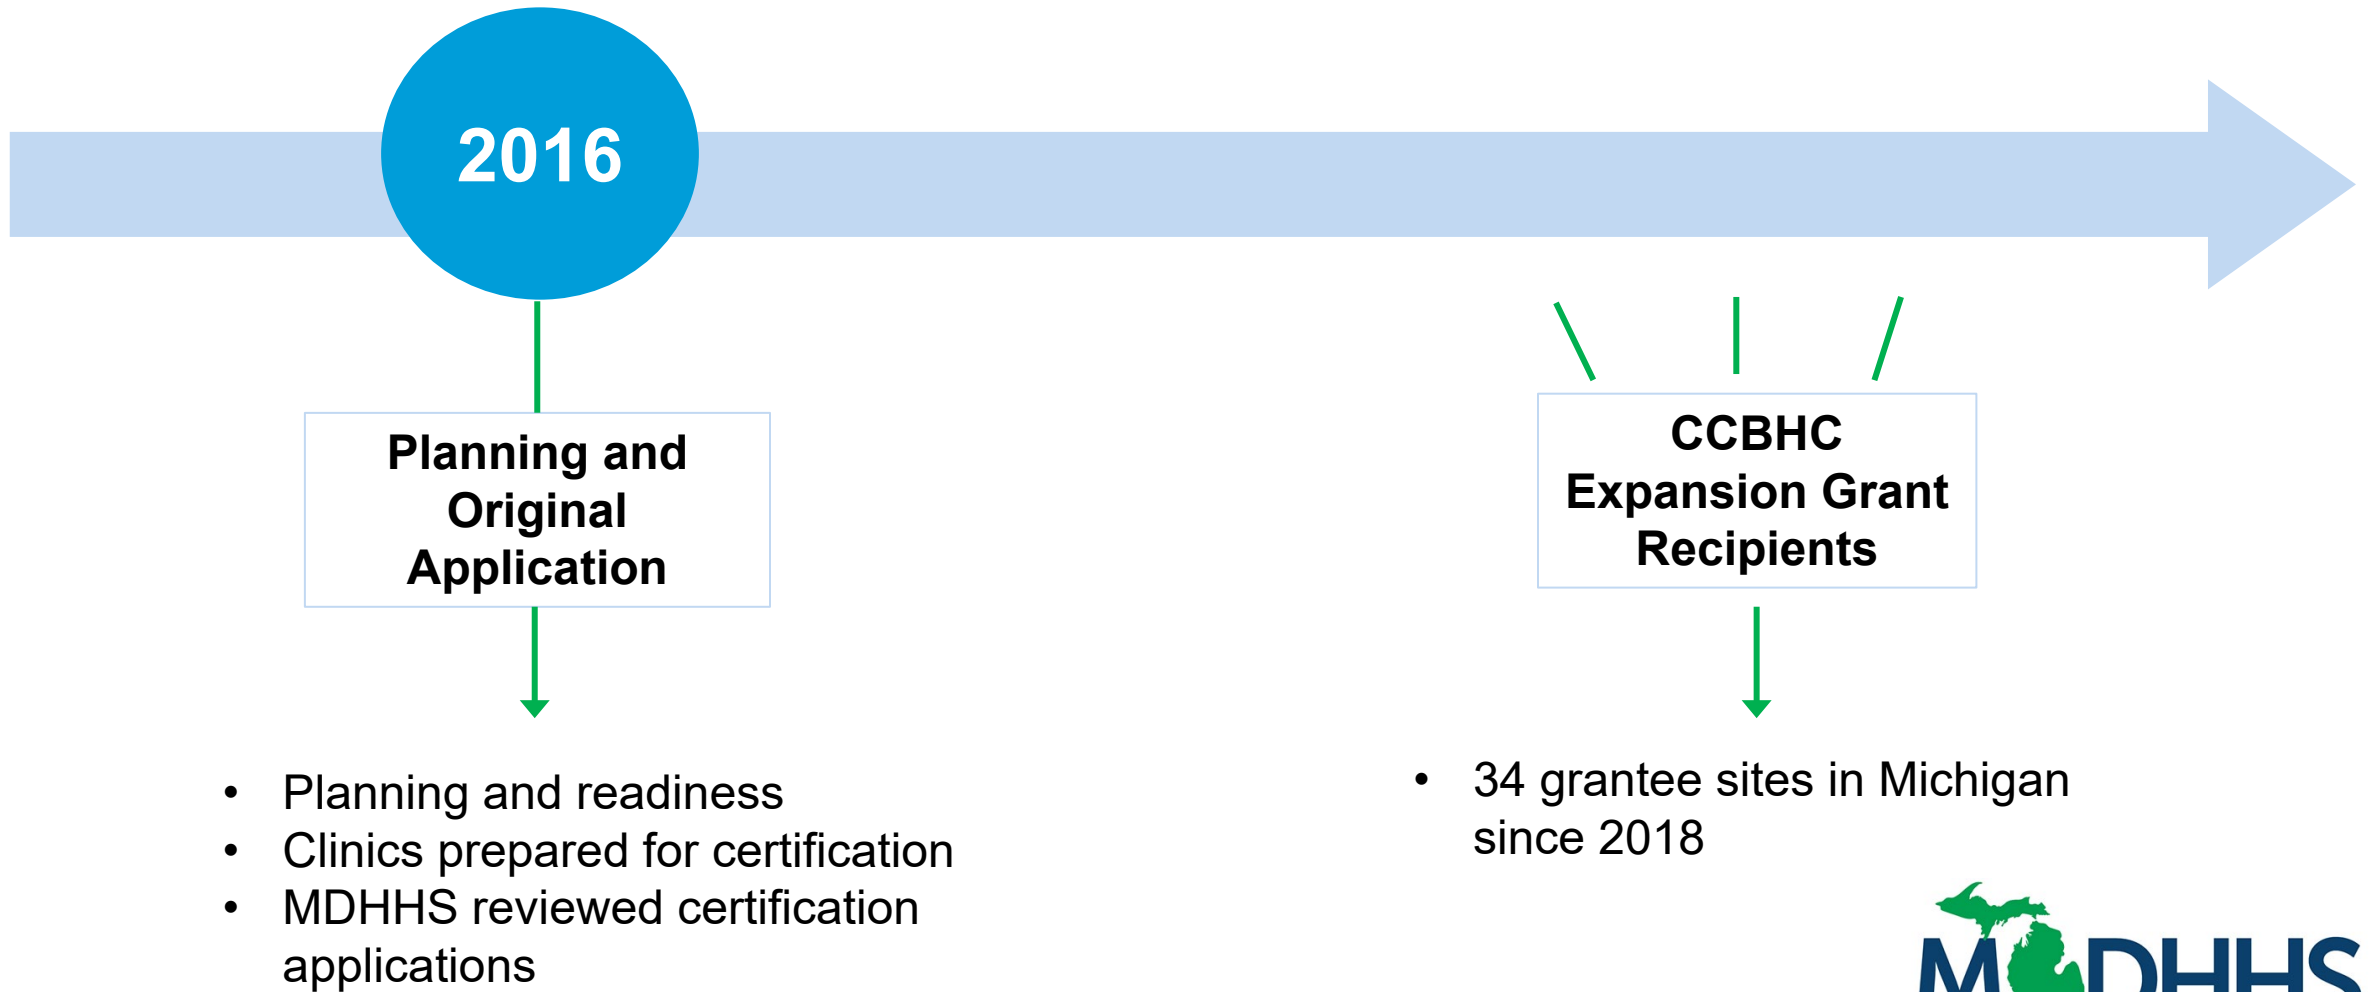

94% of CCBHCs deliver services directly to children and youth; 79% deliver services on site at schools.

Addressing Health Disparities

CCBHCs focus on population health and work to reduce health disparities in their communities.

Implementation
Start Date:
October 1, 2021

Structure and Organization of CCBHCs in MI

CMS

- Demonstration implementation authority
- Provides enhanced match for Medicaid beneficiaries

SAMHSA

- Establish certification criteria

MDHHS

- Responsible for certifying and monitoring CCBHCs
- Funds PIHPs with sufficient amount to pay PPS rate to CCBHCs

PIHPs

- Provides oversight and support of CCBHCs
- Fund CCBHCs, reconciling to clinic-specific PPS rate

CCBHCs

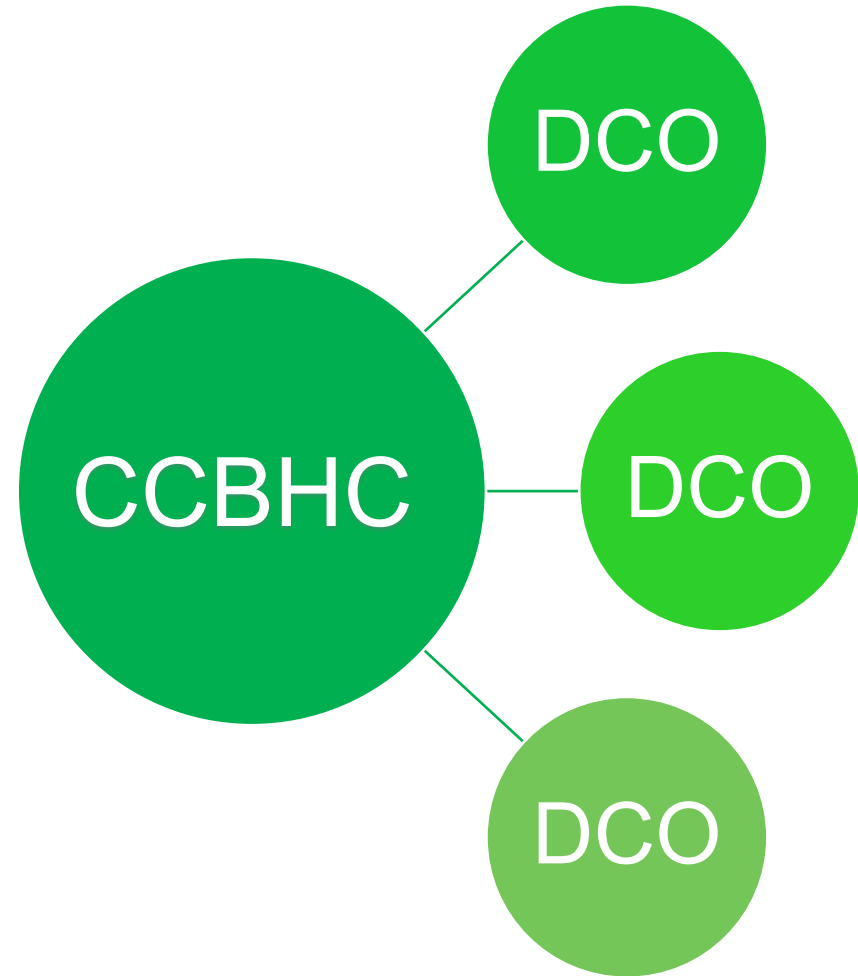

- Delivers 9 core services to all Michiganders with a behavioral health diagnosis
- Meets all CCBHC requirements
- May have fee-for-service arrangement with a DCO to deliver any of 9 services

DCOs

- Provides CCBHC services as established in contract with CCBHC
- Must meet CCBHC requirements for services

What is a Designated Collaborating Organization (DCO)?

- A DCO is an entity that is not under the direct supervision of the CCBHC but is engaged in a formal relationship with the CCBHC and delivers services under the same requirements as the CCBHC. Persons receiving CCBHC services from DCO personnel under the contract are CCBHC recipients.
- CCBHCs must establish formal agreements if they choose to utilize a DCO. For the demonstration, the agreement must contain a purchase of service arrangement.
